SUPERVISOR COMMENTS

Most of the day only a call or two awaited an officer's response. All calls were responded to and handled in a timely manner. Because of the low call volume, officers were able to conduct extra patrols throughout the city and some self-initiated activity.

Officers responded to a business that had been vandalized by the use of water in the 700 Block of North Tully Rd. This incident is still being investigated.

SUPERVISOR COMMENTS

Swing shift was manageable today with calls for service. We were able to respond to many of our calls within a short period of time of them being received. Today we received a call from a subject who was having suicidal thoughts. We arrived on scene and made contact with this individual. This subject ended up being taken to a local hospital for a mental health evaluation. While one of our officers was investigating a city ordinance violation, a subject was located in the area who had several warrants for his arrest. This subject was arrested without incident on his warrants. Due to the call volume being somewhat slow today, it allowed officers to go out and conduct additional extra patrols throughout the city.
