1. ACTION RECOMMENDED:

Motion: Approving Amendment No. 1 to the agreement with Pires, Lipomi + Navarro Architects and increasing the total compensation in the amount of \$14,780 (Fund 426-40-415.51260) for City Project No. 12-60B, "Turlock Regional Transit Center Phase 2 Design and Master Plan"

2. DISCUSSION OF ISSUE:

Agreement History:

	City Council Approval	Amount
Original Agreement	June 24, 2014	\$ 218,540
Amendment No. 1	February 24, 2014	\$ 14,780
	TOTAL	\$ 233,320

Design plans are currently being developed by the consultant for the master planning of the Turlock Regional Transit Center and the design of the Phase 2 building. Construction is scheduled to begin in the Summer of 2015. The project scope includes the design of a 6,000 square foot single story building and utilities, a shade structure over the center passenger platform area, a parking lot, and landscaping. During the design review process and after visiting other transit centers in the area, the design team and City staff became aware that building access control and surveillance camera systems with recording and future networking capabilities are important considerations in the design of the facility. The Request for Proposals did not sufficiently address these security concerns. City staff desires to provide a secure building and site for the public and transit operator. Building access control and security camera systems vary widely in their complexity, features, customization, and programming capabilities. In order to establish the general requirements and scope of added design elements involving these systems, City staff met with the consultant and the proposed sub-consultant to discuss unique site and building features and to establish a scope of work of this proposed amendment which adds the design work for a building access control system, as well as provides the design for a detailed security camera system which defines the type of cameras to be installed, the areas to be under surveillance, display monitors, recording equipment, and programming.

3. BASIS FOR RECOMMENDATION:

- A) Per City Policy, approval of the amendment to the Agreement is required prior to execution of the contract amendment with the consultant.
- B) Building access control and surveillance system design was not sufficiently scoped in the Request for Proposals and these systems are desired to be in place when the Phase 2 construction project is complete.

Strategic Plan Initiative D. MUNICIPAL INFRASTRUCTURE

- Goal(s):** b. Address Growth-Related issues (Current and Future)
vii) Bike paths/routes around town/buses

4. FISCAL IMPACT / BUDGET AMENDMENT:

The subject project is funded with a combination of Proposition 1B funds, Local Transportation Funds (LTF), and Federal Transit Administration (FTA) funds.

Sufficient funding is available in line item number 426-40-415.51260, "Transit Hub" for the proposed amendment.

No General Fund money will be used for this project.

5. CITY MANAGER'S COMMENTS:

Recommend approval.

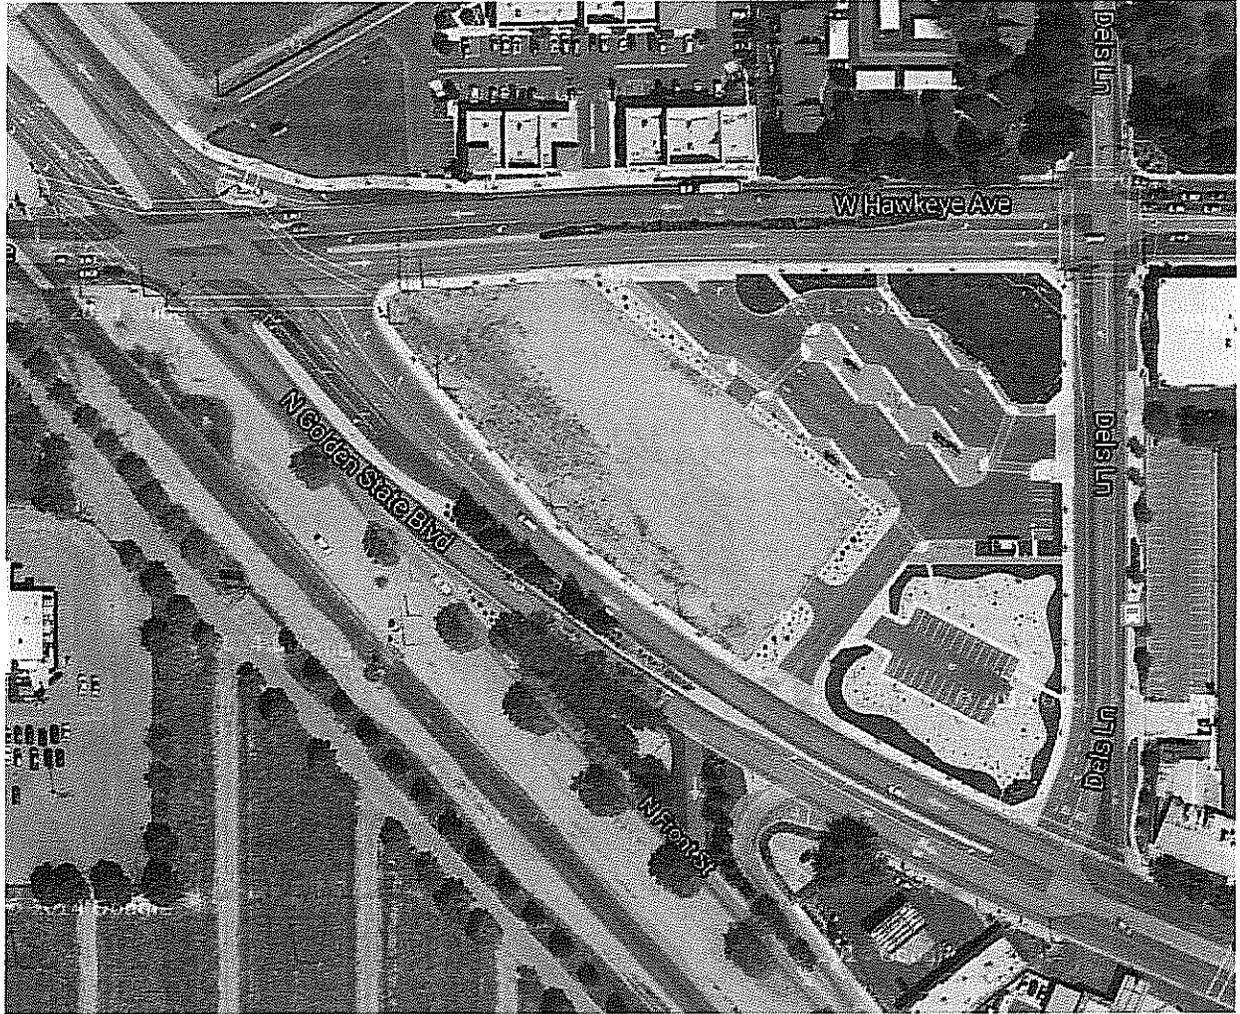

6. ENVIRONMENTAL DETERMINATION:

An environmental determination is not required for the approval of an amendment for professional design services. Environmental permits will be obtained prior to construction of the improvements to be designed under this agreement.

7. ALTERNATIVES:

- A). Not approve the amendment. Staff does not recommend this alternative because the building access control and security camera systems were not sufficiently scoped in the Request for Proposals and these systems are desired to be in place when the phase 2 construction project is complete.

Council Synopsis

February 24, 2015

5D

From: Maryn Pitt, Assistant to the City Manager
for Economic Development/Community Housing

Prepared by: Maria Ramos, Community Housing Program Supervisor

Agendized by: Roy W. Wasden, City Manager

1. ACTION RECOMMENDED:

Resolution: Authorizing the refund of \$1,265 to the State of California Department of Housing and Community Development for program income funds as agreed to in the Neighborhood Stabilization Program and Program Income Reuse Plan and appropriating \$1,265 to account number 258-41-496.47312 "Reimbursement to HCD"

2. DISCUSSION OF ISSUE:

As authorized under Title II of the Housing and Economic Recovery Act (HERA) of 2008, the U.S. Department of Housing and Urban Development (HUD) Neighborhood Stabilization Program (NSP) provided emergency assistance to acquire and redevelop foreclosed properties to stabilize neighborhoods that otherwise could become a source of blight and abandonment within their communities. As a CDBG Tier 1 entitlement city, the City of Turlock's NSP allocation was determined by the State of California Department of Housing and Community Development (HCD).

During the term of the program, the City of Turlock was permitted to reuse the earned NSP program income (sales proceeds) for eligible activities. Any NSP program income funds that were not shown to be obligated by the July 30, 2013 deadline were required to be returned to HCD. On a quarterly basis, the City is required to return any additional program income funds received. A correction was made for Fiscal Year 2013/2014 accounts. The correction was reported in the July 2014-September 2014 quarter showing program income of \$1,265 was received and therefore needed to be returned to the State of California Housing and Community Development (HCD).

3. BASIS FOR RECOMMENDATION:

The Neighborhood Stabilization Program grant program calls for the return of any program income received after the end of the grant term on July 30, 2013 to be returned to the State of California Housing and Community Development on a quarterly basis.

4. FISCAL IMPACT / BUDGET AMENDMENT:

As noted above, during July 2014-September 2014 a total of \$1,265.00 in program income was received and therefore needs to be returned to the HCD.

At this time, Staff requests the appropriation of \$1,265 to account number 258-41-496.47312 "Reimbursement to HCD" in order to properly account for this reimbursement. This appropriation is requested for Fiscal Year 2013-14 as this is the year the income to be returned was received.

There is no impact to the General Fund from this appropriation.

5. CITY MANAGER'S COMMENTS:

Recommend approval.

6. ENVIRONMENTAL DETERMINATION:

All environmental reviews were completed prior to any activity being undertaken.

7. ALTERNATIVES:

- A). City Council chooses not to approve the authorization to return funds as agreed to in the Neighborhood Stabilization Program and Program Income Reuse Plan, the City of Turlock will not be in compliance with the program requirements to HCD and could jeopardize future funding. This alternative is not recommended as the City of Turlock is in the process of building a model housing program and intends to be in compliance with HCD requirements at all times.

1. ACTION RECOMMENDED:

Resolution: Appropriating \$27,200 from account number 256-41-486.47225_001 "Affordable Housing Development -Current" to account number 256-41-486.43060_000 "Contract Services" to provide funding for the City of Turlock's obligation with regard to the MOU with the County of Stanislaus for the Development of the 2015-2020 Consolidated Plan and 2015 Annual Action Plan

2. DISCUSSION OF ISSUE:

The Consolidated Plan is a planning document required by the U.S. Department of Housing and Urban Development (HUD) to be submitted every three to five years by all jurisdictions that receive Community Development Block Grant (CDBG) program and HOME funds. The Consolidated Plan identifies housing, homeless and community development needs, and determines strategic priorities for the use of CDBG and HOME funds over the ensuing plan period.

The City of Turlock Housing Program and the Stanislaus County Community Development Department are the lead entities responsible for overseeing the development and administration of the *2015-2020 Regional Consolidated Plan*. In using funds in our respective areas, the joint goals of both agencies is to protect and enhance our community's quality of life, sustainability and public safety through comprehensive plans, development regulations and service programs as well as to create and preserve decent affordable housing; end homelessness; and provide capital investments which improve the viability, livability, and economic stability of Stanislaus County communities, particularly low- and moderate-income communities. All of this work is accomplished in partnership with the county's housing and social service providers and in cooperation with all of our member cities.

When the 2014-2015 City budgets were adopted, the final costs associated with this joint planning effort were not yet finalized. The County of Stanislaus is the

contracting agency for the project as the City of Turlock reimburses the County for the City of Turlock and the Turlock/Stanslaus County Home Consortium share of the cost.

For the first time, Stanislaus County and the City of Turlock will be submitting a combined regional plan for CDBG and HOME funding. HUD recognizes the Stanislaus Urban County for CDBG and its member cities of Ceres, Hughson, Newman, Oakdale, Patterson and Waterford who receive CDBG Entitlement Funds directly. HOME funding through the Turlock/ Stanislaus County Home Consortium with the same membership will also be included. In addition, the City of Turlock is also a direct entitlement for CDBG funds. Further, Turlock is recognized as the Participating Jurisdiction and lead agency of the HOME Consortium and has entered into an inter-local agreement with Stanislaus County and the city member jurisdictions as a HOME Consortium, to allow HOME funds to be utilized countywide in all jurisdictions. HUD requires the needs assessment data for regional Consolidated Plans to be presented for the entire county, not segregated by jurisdiction.

Embarking on this nine-month planning process during which the contracted consultant will facilitate all jurisdictions in examining the needs and resources of unincorporated Stanislaus County as well as the cities of Ceres, Hughson, Newman, Oakdale, Patterson and Waterford. During the upcoming process, staff along with the consultants will consult with our community partners and members of the public. The planning process will bring together citizens, social service organizations, businesses, faith communities, and elected officials to review the region's current and future housing and community development needs and develop updated priorities.

The Consolidated Plan is designed to help local jurisdictions to assess their affordable housing and community development needs and market conditions, and to make data-driven, place-based investment decisions. The consolidated planning process serves as the framework for a community-wide dialogue to identify housing and community development priorities that align and focus funding from the CPD formula block grant programs: Community Development Block Grant (CDBG) Program, HOME Investment Partnerships (HOME) Program, Emergency Solutions Grant (ESG) Program, and Housing Opportunities for Persons With AIDS (HOPWA) Program. The Consolidated Plan is carried out through Annual Action Plans, which provide a concise summary of the actions, activities, and the specific federal and non-federal resources that will be used each year to address the priority needs and specific goals identified by the Consolidated Plan. Both jurisdictions will report in the new E-Con Planning Suite of their accomplishments and progress toward Consolidated Plan goals in the Consolidated Annual Performance and Evaluation Report (CAPER).

The specific deliverables within the scope of work defined by the Memorandum of Understanding include:

- A. Five (5) Year Consolidated Plan for FY 2015-FY 2019 (July 1, 2015 – June 30, 2020)
- B. One (1) Year Action Plan for the FY 2015-2016 program year (July 1, 2015- June 30, 2016)
- C. Analysis of Impediments to Fair Housing Choice (AI) study to be completed concurrently and submitted along with the Consolidated Plan
- D. Stanislaus County Housing Element (estimated plan period December 2015 – December 2023) Stanislaus County Only

3. BASIS FOR RECOMMENDATION:

- A) The specific Turlock shares of the costs associated with this joint effort were not known at the time of the adoption of the 2014-2015 budget.
- B) The Consolidated Five year plan is required by the United States Department of Housing and Urban Development in order to receive funding and similarly to a General Plan update needs the expertise of a consultant in order to produce the Con Plan.

Strategic Plan Initiative: G. POLICY INITIATIVE –SOCIAL INFRASTRUCTURE - HOUSING RESOURCES:

1) GOALS:

- b. Address housing concerns:
 - i) Older neighborhoods rehabilitation
 - ii) Homeless issues
 - iii) Year round homeless shelter and day center
 - iv) Develop transitional housing
 - v) Construction of affordable housing and mixed use developments
 - vi) Develop senior housing
 - vii) Transit oriented housing
 - viii) Seek out new grant and funding opportunities

4. FISCAL IMPACT / BUDGET AMENDMENT:

Fiscal Impact:

During the preparation of the 2014-15 budgets, costs for the Consolidated Plan were not known so staff did not anticipate the need for this contract. Therefore only \$4,000 was budgeted for Contract Services. The City's portion of the total

contract is \$ 32,200. In order to have sufficient funds appropriated for the City's obligation, Staff is requesting the additional appropriation of \$27,200. This appropriation will be funded via a reallocation of funds from account number 256-41-486.47225_001 "Affordable Housing - Current".

There is no cost to the General Fund for this reallocation of funds.

5. CITY MANAGER'S COMMENTS:

Recommend approval.

6. ENVIRONMENTAL DETERMINATION:

A programmatic level NEPA document will be generated once the Consolidated Plan is completed and the first year of the Annual Action Plan has been drafted.

7. ALTERNATIVES:

- A). Deny the appropriation. Staff does not recommend this alternative since the work is required by the United States Department of Housing and Urban Development in order to receive further federal funding and the funding is available.

**Council
Synopsis**

February 24, 2015

From: Michael Cooke, Municipal Services Director

Prepared by: Betty Gonzalez / Garner Reynolds

Agendized by: Roy W. Wasden, City Manager

1. ACTION RECOMMENDED:

Motion: Approving an agreement with CNC Environmental, LLC, for a Granular Activated Adsorption System for the Municipal Services Department for a period of thirty six (36) months, in an amount not to exceed \$50,000, from Water Fund 420-52-550-435040 "PCE Monitoring & Remediation"

Resolution: Appropriating \$20,000 to account 420-52-550-43504 "PCE Monitoring and Remediation" to be funded by revenue received in account 420-52-550-35507 "PCE Recovery" from an award of funds from the Cleanup and Abatement Account by the State Water Resources Control Board for the purpose of PCE Remediation System Optimization and Groundwater Monitoring and Reporting in Downtown Turlock

2. DISCUSSION OF ISSUE:

Perchloroethylene (PCE), a volatile organic compound, is a solvent that is used in the dry cleaning process. Since 1994, the City of Turlock has been addressing a plume of PCE contamination in the groundwater in the Downtown area.

Over the past 15 years, the Regional Board has funded various projects associated with monitoring and attempting to enhance the natural attenuation of the PCE plume. In February 2009, the State Water Resources Control Board appropriated \$650,000 to the City of Turlock. A portion of these funds was used to install a "pump and treat" groundwater remediation system. The project pumps contaminated groundwater from approximately 50 feet below ground and treats it before discharging it into the sewer system. In general, the PCE plume appears to be slowly migrating and attenuating over time.

The project has been very successful and the State Water Board has appropriated additional funds to evaluate whether the treatment system can be optimized to increase the rate of PCE removal. On September 10, 2013 City Council approved an agreement with Provost & Pritchard Professional Services for a PCE Remediation System Optimization Study. The study has been

completed and recommended the installation of a Granular Activated Carbon Adsorption System (GACAS) for the removal of perchloroethylene (PCE) from groundwater.

The Purchasing Office issued bids for Granular Activated Carbon Adsorption Systems on Request for Bid (RFB) 14-305. Three (3) vendors were solicited and two vendors submitted bids and the third bidder, Calgon Carbon Corporation submitted a No Bid. Staff is recommending an authorization to award said Contract No. 15-007 to the lowest responsive and responsible bidder meeting all specifications and requirements with CNC Environmental, LLC of Redondo Beach, CA, Pursuant to the Turlock Municipal Code, Title 2, Chapter 7, Section 2-7-09 (c) (5) Award of Contract shall be awarded by the City Council to the lowest responsible bidder.

The Contractor will provide materials and testing of a complete pre-engineered Granular Activated Carbon Adsorption System (GACAS) for the removal of perchloroethylene (PCE) from groundwater. The Contractor will also provide the initial load of 2,000 pounds of virgin granular activated carbon (GAC) and then subsequent loads of virgin GAC in 1,000 pounds increments for a period of 3 years for a not-to-exceed amount of \$50,000.00 without our prior authorization.

Purchasing, the Regulatory Affairs Manager, and the Consultant evaluated the bids. Award bid recap is shown below:

	Description	CNC Environmental Redondo Beach, CA	Evoqua Water Tech Inc. Oakland, CA
1)	Cost for Design, Fabrication & Delivery of 2 skid mounted pressure vessels, including initial load of GAC Adsorption Media	\$24,971	\$35,703
2)	Total Removal & Replacement	\$7,400	\$11,540
3)	Sales Tax	\$2,468	\$3,602
4)	Total Bid	\$34,839	\$50,845

3. BASIS FOR RECOMMENDATION:

City staff's recommendation is to award contract to the lowest responsive bidder meeting all specifications and requirements with CNC Environmental, LLC for Granular Activated Adsorption System for a period of thirty six months, in the amount not to exceed \$50,000.

Strategic Plan Initiative: B. FISCAL RESPONSIBILITY

Goal(s): b. Identify smart revenue opportunities including but not limited to grants and outside sources of funding.

4. FISCAL IMPACT / BUDGET AMENDMENT:

Fiscal Impact:

\$20,000 to Fund 420-52-550-43504 "PCE Monitoring and Remediation" (non-General Fund 141 Water Enterprise) to be funded by an award of funds from the Cleanup and Abatement Account by the State Water Resources Control Board in the amount of \$252,070 (420-52-550-35507 "PCE Recovery"). This will leave a balance of \$79,260 from the award of funds that may be used for other City-related costs associated with the project.

There is no impact to the General Fund

5. CITY MANAGER'S COMMENTS:

Recommend approval.

6. ENVIRONMENTAL DETERMINATION:

N/A

7. ALTERNATIVES:

- A) Do not approve the contract with CNC Environmental, LLC, and elect not to proceed with the project. This alternative is not recommended because the City's 1994 Settlement Agreement with the Regional Board and California Department of Toxic Substances Control obligates the City to investigate and remove PCE in Downtown Turlock when funds are made available to the City.

(g) Verification of Coverage: CONTRACTOR shall furnish CITY with original certificates and amendatory endorsements or copies of the applicable policy language effecting coverage required by this clause. All certificates and endorsements are to be received and approved by CITY before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive CONTRACTOR'S obligation to provide them. CITY reserves the right, at any time, to require complete, certified copies of all required insurance policies and endorsements.

(h) Waiver of Subrogation: CONTRACTOR hereby agrees to waive subrogation which any insurer of CONTRACTOR may acquire from CONTRACTOR by virtue of the payment of any loss. The commercial general liability policy and workers' compensation policy shall be endorsed to contain a waiver of subrogation in favor of CITY for all work performed by CONTRACTOR, its agents, employees, independent contractors and subcontractors. CONTRACTOR agrees to obtain any endorsement that may be necessary to effect this waiver of subrogation.

(i) Subcontractors: CONTRACTOR shall include all subcontractors as insureds under its policies or shall furnish separate certificates and endorsements for each subcontractor. All coverages for subcontractors shall be subject to all of the requirements stated herein.

8. INDEMNIFICATION: CONTRACTOR shall indemnify, defend, and hold harmless CITY and its elective and appointive boards, officers, agents, employees, and volunteers from and against any and all claim, demand, cost, or liability that arises out of, pertains to, or relates to, the negligence, recklessness, or willful misconduct of CONTRACTOR and its employees or agents in the performance of services under this contract, but this indemnity does not apply to liability for damages arising from the sole negligence, active negligence, or willful misconduct of CITY.

CONTRACTOR has no authority or responsibility to exercise any rights or power vested in the CITY. No agent, officer, or employee of the CITY is to be considered an employee of CONTRACTOR. It is understood by both CONTRACTOR and CITY that this Agreement shall not under any circumstances be construed or considered to create an employer-employee relationship or a joint venture.

CONTRACTOR, its agents, officers and employees are and, at all times during the terms of this Agreement, shall represent and conduct themselves as independent contractors and not as employees of CITY.

CONTRACTOR shall determine the method, details and means of performing the work and services to be provided by CONTRACTOR under this Agreement. CONTRACTOR shall be responsible to CITY only for the requirements and results specified in this Agreement, and, except as expressly provided in this Agreement, shall not be subjected to CITY's control with respect to the physical action or activities of the CONTRACTOR in fulfillment of this Agreement. CONTRACTOR has control over the manner and means of performing the services under this Agreement. CONTRACTOR is permitted to provide a service to others during the same period service is provided to CITY under this Agreement. If necessary, CONTRACTOR has the responsibility for employing other persons or firms to assist CONTRACTOR in fulfilling the terms and obligations under this Agreement.

If in the performance of this Agreement any third persons are employed by CONTRACTOR, such persons shall be entirely and exclusively under the direction, supervision, and control of CONTRACTOR. All terms of employment including hours, wages, working conditions, discipline, hiring, and discharging or any other term of employment or requirement of law shall be determined by the CONTRACTOR.

It is understood and agreed that as an independent contractor and not an employee of CITY neither the CONTRACTOR or CONTRACTOR'S assigned personnel shall have any entitlement as a CITY employee, right to act on behalf of the CITY in any capacity whatsoever as an agent, or to bind the CITY to any obligation whatsoever.

It is further understood and agreed that CONTRACTOR must issue W-2 forms or other forms as required by law for income and employment tax purposes for all of CONTRACTOR'S personnel.

As an independent contractor, CONTRACTOR hereby indemnifies and holds CITY harmless from any and all claims that may be made against CITY based upon any contention by any third party that an employer-employee relationship exists by reason of this Agreement.

11. TERMINATION OF STATED EVENT:

(a) Termination on Occurrence of Stated Events. This Agreement shall terminate automatically on the date on which any of the following events occur: (1) bankruptcy or insolvency of CONTRACTOR, (2) legal dissolution of CONTRACTOR, or (3) death of key principal(s) of CONTRACTOR.

(b) Termination by CITY for Default of CONTRACTOR. Should CONTRACTOR default in the performance of this Agreement or materially breach any of its provisions, at its option

CITY may terminate this Agreement by giving written notification to CONTRACTOR. The termination date shall be the effective date of the notice. (d) Termination for Failure to Make Agreed-Upon Payments. Should CITY fail to pay CONTRACTOR all or any part of the payments set forth in this Agreement on the date due, at its option CONTRACTOR may terminate this Agreement if the failure is not remedied within thirty (30) days after CONTRACTOR notifies CITY in writing of such failure to pay. The termination date shall be the effective date of the notice.

(e) Termination by CITY for Change of CONTRACTOR'S Tax Status. If CITY determines that CONTRACTOR does not meet the requirements of federal and state tax laws for independent contractor status, CITY may terminate this Agreement by giving written notice to CONTRACTOR. The termination date shall be the effective date of the notice.

(f) In the Event of Termination. If this Agreement is terminated pursuant to this Paragraph, CONTRACTOR shall cease all its work on the project as of the termination date and shall see to it that its employees, subcontractors and agents are notified of such termination and cease their work. If CITY so requests, and at CITY's cost, CONTRACTOR shall provide sufficient oral or written status reports to make CITY reasonably aware of the status of CONTRACTOR'S work on the project. Further, if CITY so requests, and at CITY's cost, CONTRACTOR shall deliver to CITY any work products whether in draft or final form which have been produced to date.

If the Agreement is terminated pursuant to any of the subsections contained in this paragraph, CITY will pay CONTRACTOR an amount based on the percentage of work completed on the termination date, this percentage shall be determined by CITY in its sole discretion. If the Agreement is terminated pursuant to the subparagraph entitled Termination by CITY for Default of CONTRACTOR, CONTRACTOR understands and agrees that CITY may, in CITY's sole discretion, refuse to pay CONTRACTOR for that portion of CONTRACTOR'S services which were performed by CONTRACTOR on the project prior to the termination date and which remain unacceptable and/or not useful to CITY as of the termination date.

12. CONFORMANCE WITH FEDERAL AND STATE LAW: All equipment, supplies and services used by CONTRACTOR in the performance of this Agreement shall conform to the laws of the government of the United States and the State of California.

13. NONDISCRIMINATION: In connection with the execution of this Agreement, CONTRACTOR shall not discriminate against any employee or applicant for employment because of age, race religion, color, sex, or national origin. CONTRACTOR shall take affirmative action to insure that applicants are employed, and the employees are treated during their employment, without regard to their age, race, religion, color, sex or national origin. Such actions shall include, but not be limited to, the following: employment, promotions, demotions or transfer; recruitment or recruitment advertising; layoff or termination; rate of pay or other forms of compensation; and

selection for training, including apprenticeship. CONTRACTOR shall also comply with the requirement of Title VII of the Civil Rights Act of 1964 (P.L. 88-352) and with all applicable regulations, statutes, laws, etc., promulgated pursuant to the civil rights acts of the government of the United States and the State of California now in existence or hereafter enacted. Further, CONTRACTOR shall comply with the provisions of Section 1735 of the California Labor Code.

14. TIME: Time is of the essence in this Agreement.

15. ENTIRE AGREEMENT AND MODIFICATION: This Agreement supersedes all previous Agreements and constitutes the entire understanding of the parties hereto. CONTRACTOR shall be entitled to no other benefits than those specified herein. No changes, amendments or alterations shall be effective unless in writing and signed by both parties. Re: Fleet, Solid Solutions and Terra Renewal are formally changing their name to Denali Water Solutions

Dear Valued Customer:

We have been servicing California and Arizona municipalities providing biosolids and wastewater residual collection, hauling and disposal solutions for many years.

Originally our brand was Fleet or Solid Solutions and later it became Terra Renewal; in 2013. We sold a portion of our business servicing restaurants and this sale included the use of the name Terra Renewal. Since that time we have been doing business as (DBA) Denali Water Solutions under our many different legal entities. These entities have included TRS Envirogenics, Inc., Terra Renewal LLC, Terra Renewal West LLC, Terra Renewal Services, Inc. and Terra Soil Farming. Effective November 3rd we have formally changed the legal entity of Terra Renewal West LLC to Denali Water Solutions and **formally request that our contract or business relations be assigned or administratively changed to Denali Water Solutions.**

Denali Water Solutions
PO Box 3036
Russellville, AR 72811

This process is not a change in ownership or structure but merely our attempt to simplify our legal structure for tax and operational purposes. For context, our federal tax id, DOT number, insurance, etc all remains the same and in place. Our insurance certificates remain in effect under the company's former name, and can be provided under the new name upon request.

For the folks we interact with each day the name change is surely anticipated as we have rarely used the other brand names in over a year. We stand ready to provide you any relevant information necessary. Thank you in advance and we sincerely appreciate your business.

1. ACTION RECOMMENDED:

Motion: Approving an agreement with Condor Earth Technologies, Inc. to provide Environmental Consulting Services to assist with a three (3) Year Compliance Audit for the California Accidental Release Prevention (CalARP) Program for the Chlorine Facility at the City of Turlock Regional Water Quality Control Facility in an amount not to exceed \$6,820 from Fund 410-51-530.43336 "CalARP Compliance Audit"

2. DISCUSSION OF ISSUE:

This item came before Council on January 13, 2015. Upon approval, the agreement was mailed to Condor Earth Technologies (Consultant) for signature. At that time, the Consultant requested changes to Section 6(c), Deductibles and Self Insured Retentions and Section 7, Indemnification. The requested changes have been approved by the City Attorney and the Central San Joaquin Valley Risk Management Authority (CSJVRMA) and incorporated into the new agreement brought before Council today.

The Turlock Regional Water Quality Control Facility stores and uses a significant amount of chlorine which is considered a hazardous material. Therefore, both state and federal law require the facility to develop a California Accidental Release Program (CalARP) to include: a Risk Management Plan (RMP), a hazard assessment with worst case release and alternate release scenarios as well as off-site impacts, a five year accident history, a Process Hazard Analysis (PHA), an Emergency Response Plan (ERP), operating procedures, data elements (mitigation recommendations), and a Certification. The Plan must be updated every five (5) years or within six (6) months of a major change.

California Code of Regulations: Title 19, Division 2, Chapter 4.5, Article 6, Section 2760.8, paragraph (a) requires a Compliance Audit at least every three (3) years. The last Compliance Audit was completed August 5, 2011.

An update/revalidation of the plan was submitted in 2013 and a 3-Year Compliance Audit is now required. Condor Earth Technologies has submitted a

proposal for this work (Exhibit A); seeking compensation in the amount of \$6,200.00 for this service.

3. BASIS FOR RECOMMENDATION:

- A) City Council approval is required for all Professional Services Agreements.
- B) The City is required to complete a 3-Year Compliance Audit as mandated by county, state, and federal laws.
- C) Condor Earth Technologies Inc. prepared the initial CalARP document for the City of Turlock Regional Water Quality Control Facility in June of 1999, a Plan Update in 2008, a 3-Year Compliance Audit in 2011, and the latest Plan Update in 2013. Condor Earth is duly qualified to perform work.

Strategic Plan Initiative:

Not specifically identified within the City Strategic Plan as this item pertains to the ongoing operation and overall maintenance of City facilities, equipment or infrastructure.

4. FISCAL IMPACT / BUDGET AMENDMENT:

Fiscal Impact:

\$6,820.00 from Fund 410-51-530.4333 "CalARP Compliance Audit."
(Includes 10% contingency)

5. CITY MANAGER'S COMMENTS:

Recommend approval.

6. ENVIRONMENTAL DETERMINATION:

7. ALTERNATIVES:

- A). Do not approve the agreement with Condor Earth Technologies, Inc. Staff does not recommend this alternative. The 3-Year Compliance Audit is a county, state, and federal requirement.

(3) If CITY disputes any items on an invoice for a reasonable cause, which includes but is not limited to unsatisfactory service, CITY may deduct that disputed item from the payment, but shall not delay payment for the undisputed portions. CITY shall assign a sequential reference number to each deletion.

5. TERM OF AGREEMENT: This Agreement shall become effective upon execution and shall continue in full force and effect for a period of three months (3) beginning March 1, 2015 and ending May 31, 2015, subject to CITY's availability of funds.

6. INSURANCE: CONSULTANT shall not commence work under this Agreement until CONSULTANT has obtained CITY's approval regarding all insurance requirements, forms, endorsements, amounts, and carrier ratings, nor shall CONSULTANT allow any subcontractor to commence work on a subcontract until all similar insurance required of the subcontractor shall have been so obtained and approved. CONSULTANT shall procure and maintain for the duration of this Agreement insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder by CONSULTANT, its agents, representatives, employees or subcontractors. Failure to maintain or renew coverage or to provide evidence of renewal may constitute a material breach of contract.

(a) Minimum Scope of Insurance: Coverage shall be at least as broad as:

(3) Workers' Compensation: as statutorily required by the State of California. Employer's Liability: \$1,000,000 per accident for bodily injury or disease.

(4) Errors and Omissions/Professional Liability: \$1,000,000 per claim.

(c) Deductibles and Self-Insured Retentions: Upon request of CITY, any deductibles or self-insured retentions must be declared to and approved by CITY. At the option of CITY, either: (1) the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects CITY, its elective and appointive boards, officers, agents, employees, and volunteers; or (2) CONSULTANT shall provide a financial guarantee satisfactory to CITY guaranteeing payment of losses and related investigations, claim administration and defense expenses.

(d) Other Insurance Provisions: The commercial general liability policy shall contain, or be endorsed to contain, the following provisions:

(1) CITY, its elective and appointive boards, officers, agents, employees, and volunteers are to be covered as additional insureds with respect to liability arising out of work or operations performed by or on behalf of CONSULTANT, including materials, parts or equipment furnished in connection with such work or operations, which coverage shall be maintained in effect for at least three (3) years following the completion of the work specified in the contract. General liability coverage can be provided in the form of an endorsement to CONSULTANT's insurance (at least as broad as CG 20 10 for ongoing operations and CG 20 37 for products/completed operations), or as a separate Owners and Contractors Protective Liability policy providing both ongoing operations and completed operations coverage.

broker/producer, or CONSULTANT shall provide CITY with thirty (30) days' prior written notice of such cancellation, non-renewal, or material change.

(4) Coverage shall not extend to any indemnity coverage for the active negligence of the additional insured in any case where an agreement to indemnify the additional insured would be invalid under Subdivision (b) of Section 2782 of the Civil Code.

(e) Acceptability of Insurers: Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A:VII.

(f) Verification of Coverage: CONSULTANT shall furnish CITY with original certificates and amendatory endorsements or copies of the applicable policy language effecting coverage required by this clause. All certificates and endorsements are to be received and approved by CITY before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive CONSULTANT'S obligation to provide them. CITY reserves the right, at any time, to require complete, certified copies of all required insurance policies and endorsements.

(g) Waiver of Subrogation: With the exception of professional liability, CONSULTANT hereby agrees to waive subrogation which any insurer of CONSULTANT may acquire from CONSULTANT by virtue of the payment of any loss. The commercial general liability policy and workers' compensation policy shall be endorsed to contain a waiver of subrogation in favor of CITY for all work performed by CONSULTANT, its agents, employees, independent contractors and subcontractors. CONSULTANT agrees to obtain any endorsement that may be necessary to effect this waiver of subrogation.

(h) Subcontractors: CONSULTANT shall include all subcontractors as insureds under its policies or shall furnish separate certificates and endorsements for each subcontractor. All coverages for subcontractors shall be subject to all of the requirements stated herein.

7. INDEMNIFICATION: CONSULTANT shall indemnify, defend, and hold harmless CITY and its elective and appointive boards, officers, agents, employees, and volunteers from and against any and all claim, demand, cost, or liability that arises out of, pertains to, or relates to, the negligence, recklessness, or willful misconduct of CONSULTANT and its employees or agents in the performance of services under this contract, but this indemnity does not apply to liability for damages arising from the sole negligence, active negligence, or willful misconduct of CITY.

8. INDEPENDENT CONTRACTOR RELATIONSHIP: All acts of CONSULTANT, its agents, officers, and employees and all others acting on behalf of CONSULTANT relating to the performance of this Agreement, shall be performed as independent contractors and not as agents, officers, or employees of CITY. CONSULTANT, by virtue of this Agreement, has no authority to bind or incur any obligation on behalf of CITY. CONSULTANT has no authority or responsibility to exercise any rights or power vested in the CITY. No agent, officer, or employee of the CITY is to be considered an employee of CONSULTANT. It is understood by both CONSULTANT and CITY that this Agreement shall not under any circumstances be construed or considered to create an employer-employee relationship or a joint venture.

CONSULTANT, its agents, officers and employees are and, at all times during the terms of this Agreement, shall represent and conduct themselves as independent contractors and not as employees of CITY.

CONSULTANT shall determine the method, details and means of performing the work and services to be provided by CONSULTANT under this Agreement. CONSULTANT shall be responsible to CITY only for the requirements and results specified in this Agreement, and, except as expressly provided in this Agreement, shall not be subjected to CITY's control with respect to the physical action or activities of the CONSULTANT in fulfillment of this Agreement. CONSULTANT has control over the manner and means of performing the services under this Agreement. CONSULTANT is permitted to provide services to others during the same period service is provided to CITY under this Agreement. If necessary, CONSULTANT has the responsibility for employing other persons or firms to assist CONSULTANT in fulfilling the terms and obligations under this Agreement.

If in the performance of this Agreement any third persons are employed by CONSULTANT, such persons shall be entirely and exclusively under the direction, supervision, and control of CONSULTANT. All terms of employment including hours, wages, working conditions, discipline, hiring, and discharging or any other term of employment or requirement of law shall be determined by the CONSULTANT.

It is understood and agreed that as an independent contractor and not an employee of CITY neither the CONSULTANT or CONSULTANT'S assigned personnel shall have any entitlement as a CITY employee, right to act on behalf of the CITY in any capacity whatsoever as an agent, or to bind the CITY to any obligation whatsoever.

Mr. Wayne Clay
Water Quality Control Division Manager
City of Turlock
901 South Walnut Road
Turlock, CA 95380-5123

Subject: RMP/PSM/CalARP Compliance Support for Turlock Regional Water Quality Control Facility

Dear Mr. Clay:

Thank you for contacting Condor Earth Technologies, Inc. (Condor) in regard to assistance with responding to an inspection of the City of Turlock Regional Water Quality Control Facility (TRWQCF) California Accidental Release Prevention (CalARP) Risk Management Program (RMP) by the Stanislaus County Department of Environmental Resources (DER) at your facility conducted by Mr. Alvin Lal. In a conversation with Mr. Lal after his inspection, he outlined the following changes he thought needed to be made to the RMP program:

- Changes made to the RMP documentation by Condor
 - Adding Consequences of Deviation to the text of the RMP
 - Correcting typos involving the date of the previous PHA
 - Producing an updated response schedule for the 2013 PHA Revalidation
- Changes made by the facility and previously discussed with you
 - Add Evacuation Map to Emergency Action Plan
 - Add telephone contact numbers to the Plan that Mr. Lal will supply
 - Documenting Daily Walkthrough Inspections
 - Documenting Monthly SCBA Inspections
 - Developing a specific binder for Standard Operating Procedures (SOPs) relating to the chlorine facility (called Attachment 2 in the RMP text)
 - Locating the Attachment 3 (Prevention Programs) binder mentioned in the RMP text

Mr. Lal also stated that he would like Condor participation at a review of the SOP and Prevention Program binders at the facility at a date to be set later. He also noted that the facility was due for a 3-Year Compliance Audit in August of 2014.

Condor recognizes that the first two items requested by Mr. Lal regarding changes to the RMP documentation are the responsibility of Condor and will be handled by Condor at no cost to TRWQCF. The changes have been made and a revised RMP program will be delivered to TRWQCF on or before the SOP and Prevention Program binder review takes place. This proposal covers the other items mentioned by Mr. Lal.

Condor proposes to address the above list of items in three phases:

Phase 1 – SOP and Prevention Program Document Review

Condor will participate in a review of the named documentation at the TRWQCF facility at a date to be determined. The review is estimated to last 3 hours and 3 hours of travel will be needed. The estimated cost for this phase is \$1,000.00

Phase 2 – Existing Document Revisions

Condor will assist TRWQCF in revising the documentation reviewed in Phase 1 to meet the requests of Mr. Lal. In addition, the production of the updated PHA Response Table, which has already begun, will be completed in this phase. The estimated cost of this phase is \$1,200.00

Phase 3 – 3-Year Compliance Audit

Condor will conduct a 3-Year Compliance Audit of the TRWQCF RMP program using a checklist provided by Stanislaus County DER. The Audit will be conducted by someone with experience in the CalARP regulations. Some of the Audit will take place at the Condor office, but there will be a 4 to 6 hour examination of records at TRWQCF. Short interviews will be held with available employees regarding their knowledge of the RMP program. A report containing a narrative of the audit and recommendations for improvement will be provided approximately 30 days after the audit visit. The estimated cost of this phase is \$4,000.00.

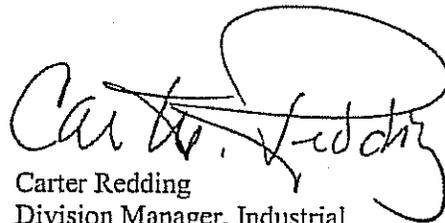

If these tasks are acceptable to you, please sign and date both of the attached Work Order and Terms for Environmental Consulting Services and fax or mail one signed copy to Condor. Work will begin within 2 weeks of receipt of the signed Work Order, or at a time mutually agreed upon. If you have questions or comments about this Proposal please call Robert Sherry at 209.532.0361 X 2049.

Sincerely,

Declaration Of Events

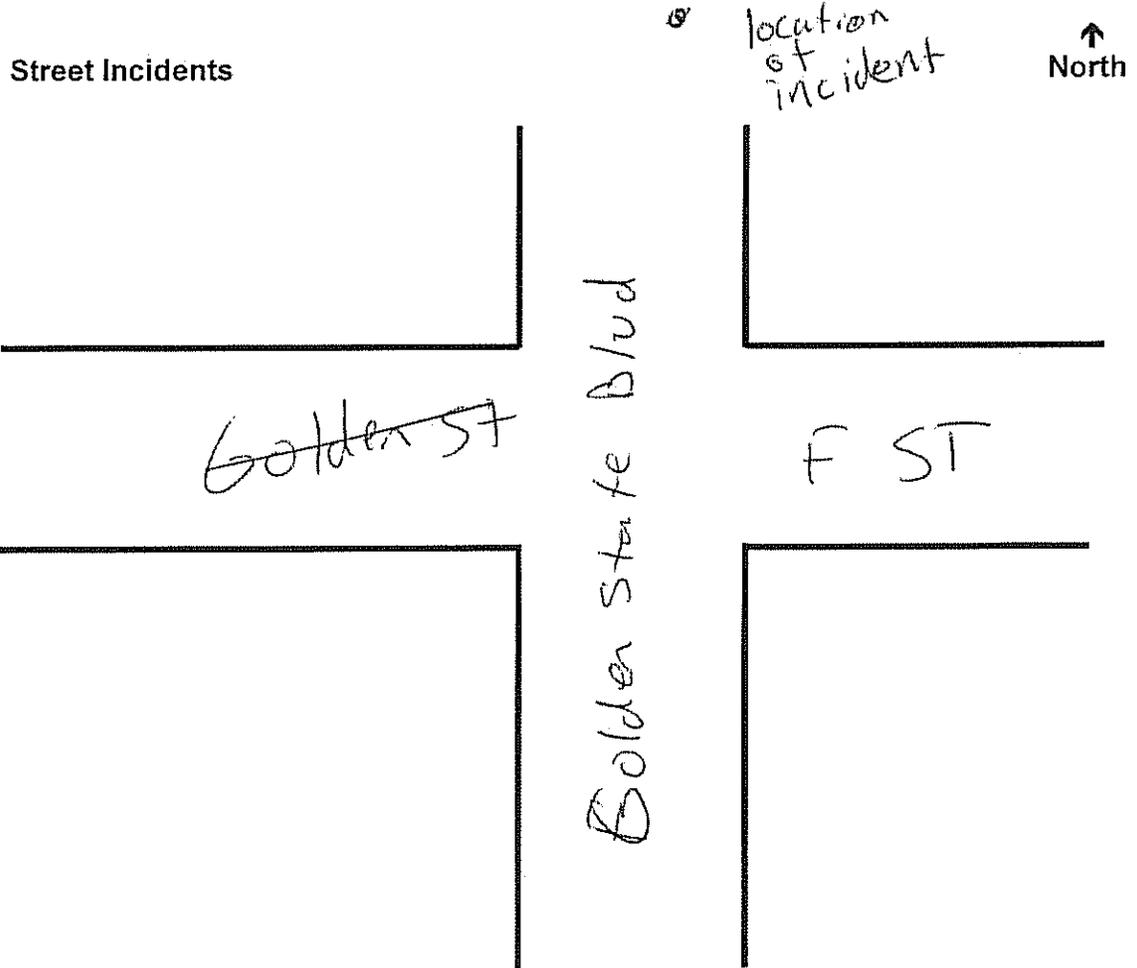

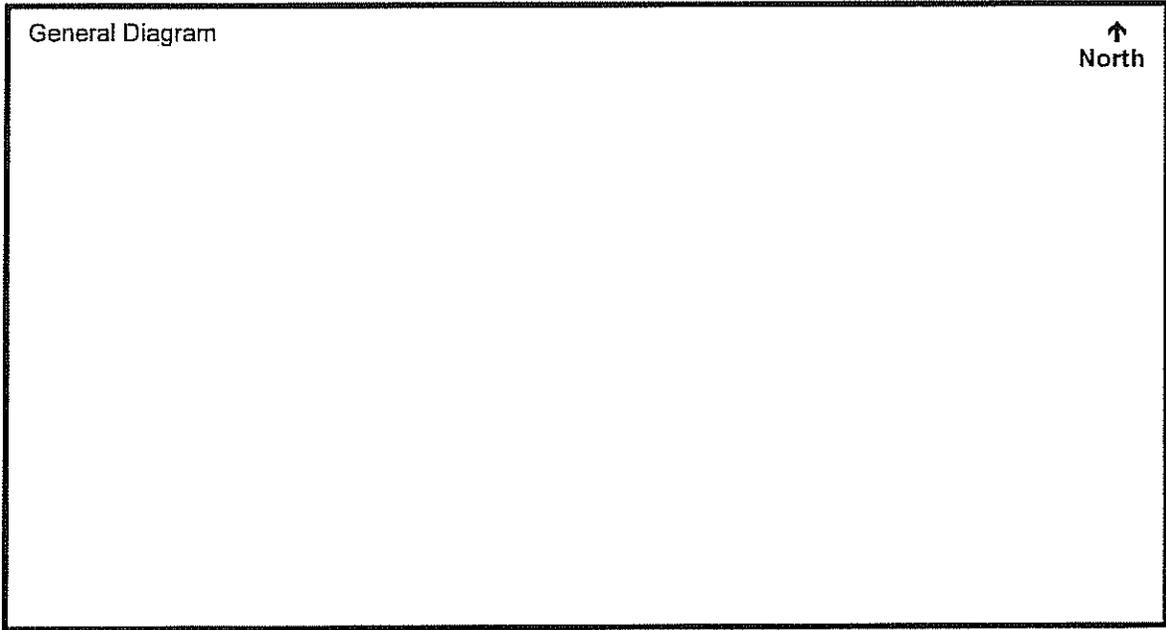

1/8/15

On 12/11/2014 I was leaving work which is located at 2224 S Daubenberger Rd Turlock CA 95380 heading south on Golden State Blvd to go home. As I driving it was unapparent to me that the two south bound lanes on Golden State Blvd between F st and mineret were flooded. It was extremely dark on that stretch of road and there were not any sighns posted saying the road was flooded. When my car hit the water it knocked out the inside fender on my Pontiac G6 and water was sucked into my air filter which went right into engine and bent the piston rod. After striking the water my car died. I was able to get it started but after I did it was making a knocking sound. I drove it back to work the following morning where I parked it. I had my companys mechanic Jon Vega take a look at and see if he could figure out what was causing the sound. On 12/15/2014 Jon informed me of what happened when my car hit the water. I called parks and recreations the following day and spoke with Emily who informed me it was there job to keep the streets and gutters free of debris for water to drain properly. Upon speaking with Emily I was informed by her that it was City Halls job to keep the street lights lit as there was one light that was out. I then called City Hall and spoke with Dawn and informed her of what happened so that no one else would have thing happen to them. She also informed me that i would need to get with the city clerks office to file a claim. I have included all documentation for the cost of parts and labor as well as photos of where the incident took place as well as photos of the gutters that are packed with debris and dirt. My car still is not fixed all the way however I am able to commute back and forth to work which is vital to taking care of my family.

Construction Storm Water General Permit

Dischargers whose project disturb one or more acres of soil or where projects disturb less than one acre but are part of a larger common plan of development that in total disturbs one or more acres, are required to obtain coverage under the General Permit for Storm Water Discharges Associated with Construction Activities (Construction General Permit), Construction General Permit Order No. 2009-009-DWQ. Construction activity subject to this permit includes clearing, grading, grubbing, disturbances to the ground, such as stockpiling, or excavation, but does not include regular maintenance activities performed to restore the original line, grade, or capacity of the facility. The Construction General Permit requires the development and implementation of a Storm Water Pollution Prevention Plan (SWPPP). For more information on the Construction General Permit, visit the State Water Resources Control Board website at: http://www.waterboards.ca.gov/water_issues/programs/stormwater/constpermits.shtml.

Phase I and II Municipal Separate Storm Sewer System (MS4) Permits

The Phase I and II MS4 permits require the Permittees reduce pollutants and runoff flows from new development and redevelopment using Best Management Practices (BMPs) to the maximum extent practicable (MEP). MS4 Permittees have their own development standards, also known as Low Impact Development (LID) post-construction standards that include a hydromodification component. The MS4 permits also require specific design concepts for LID/post-construction BMPs in the early stages of a project during the entitlement and CEQA process and the development plan review process.

For more information on which Phase I MS4 Permit this project applies to, visit the Central Valley Water Board website at:

http://www.waterboards.ca.gov/centralvalley/water_issues/storm_water/municipal_permits/.

For more information on the Phase II MS4 permit and who it applies to, visit the State Water Resources Control Board at:

http://www.waterboards.ca.gov/water_issues/program/stormwater/phase_ii_municipal.shtml

Industrial Storm Water General Permit

Storm water discharges associated with industrial sites must comply with the regulations contained in the Industrial Storm Water General Permit Order No. 97-03-DWQ.

For more information on the Industrial Storm Water General Permit, visit the Central Valley Water Board website at:

http://waterboards.ca.gov/centralvalley/water_issues/storm_water/industrial_general_permits/index.shtml.

Clean Water Act Section 404 Permit

If the project will involve the discharge of dredged or fill material in navigable waters or wetlands, a permit pursuant to Section 404 of the Clean Water Act may be needed from the United States Army Corps of Engineers (USACOE). If a Section 404 permit is required by the USACOE, the Central Valley Water Board will review the permit application to ensure that discharge will not violate water quality standards. If the project requires surface water drainage realignment, the applicant is advised to contact the Department of Fish and Game for information on Streambed Alteration Permit requirements.

If you have any questions regarding the Clean Water Act Section 404 permits, please contact the Regulatory Division of the Sacramento District of USACOE at (916) 557-5250.

Clean Water Act Section 401 Permit – Water Quality Certification

If an USACOE permit, or any other federal permit, is required for this project due to the disturbance of waters of the United States (such as streams and wetlands), then a Water Quality Certification must be obtained from the Central Valley Water Board prior to initiation of project activities. There are no waivers for 401 Water Quality Certifications.

Waste Discharge Requirements

If USACOE determines that only non-jurisdictional water of the State (i.e. “non-federal” waters of the State) are present in the proposed project area, the proposed project will require a Waste Discharge Requirement (WDR) permit to be issued by Central Valley Water Board. Under the California Porter-Cologne Water Quality Control Act, discharges to all waters of the State, including all

wetlands and other waters of the State including, but not limited to, isolated wetlands, are subject to State regulation.

For more information on the Water Quality Certification and WDR processes, visit the Central Valley Water Board website at:

http://water.waterboards.ca.gov/centralvalley/help/business_help/permit2.shtml.

Low or Limited Threat General NPDES Permit

If the proposed project includes construction dewatering and it is necessary to discharge the groundwater to waters of the United States, the proposed project will require coverage under a National Pollutant Discharge Elimination System (NPDES) permit. Dewatering discharges are typically considered a low or limited threat to water quality and may be covered under the General Order for Dewatering and Other Low Threat Discharges to Surface Waters (Low Threat General Order) or the General Order for Limited Threat Discharges of Treated/Untreated Groundwater from Cleanup Sites, Wastewater from Superchlorination Projects, and Other Limited Threat Wastewaters to Surface Water (Limited Threat General Order). A complete application must be submitted to the Central Valley Water Board to obtain coverage under these General NPDES permits.

For more information regarding the Low Threat General Order and the application process, visit the Central Valley Water Board website at:

2. DISCUSSION OF ISSUE:

Covenant Retirement Communities, Inc. ("CRC") is the parent company of Covenant Retirement Communities West (d/b/a Covenant Village of Turlock, Covenant Village Care Center, Sequoia Place and Covenant Village of Turlock Care Center) ("CRC West"). CRC has requested that the City of Turlock, California (the "City") facilitate a public hearing related to the bond issuance CRC is undertaking to, among other things, refund the outstanding principal amount of the \$148,620,000 Colorado Health Facilities Authority Revenue Bonds, Series 2005 (Covenant Retirement Communities, Inc.) (the "Financing Purposes").

The Series 2015 Bonds will be issued by the Colorado Health Facilities Authority, an independent public body politic and corporate and a public instrumentality of the State of Colorado (the "Colorado Authority"). The proceeds of the Series 2015 Bonds will be used by CRC, CRC West, as well as by certain other CRC subsidiaries at their other facilities in the States of Colorado, Florida, Illinois and Michigan.

The attached copy of the public hearing notice (which was placed in the Turlock Journal) provides additional information on the Financing Purposes.

3. BASIS FOR RECOMMENDATION:

As noted in the Resolution, the Internal Revenue Code of 1986 requires approval of the governmental unit having jurisdiction over the area in which a facility receiving bond proceeds is located. It is for this reason this refinancing is before the Council.

There is no financial impact to the City's budget for this transaction. The City has no liability for the repayment of the Series 2015 Bonds. The Series 2015 Bonds will be issued on behalf of CRC, CRC West, and certain other CRC subsidiaries by the Colorado Authority to refinance property located in the City. Section 203 of the related Bond Trust Indenture will provide that the Series 2015 Bonds are special and limited obligations of the Colorado Authority payable solely from amounts payable under the related Loan Agreement between the Colorado Authority and CRC.

1. ACTION RECOMMENDED:

Resolution: Accepting and endorsing the City Manager's appointment of Kellie Jacobs-Hunter to the position of Administrative Services Director effective March 2, 2015

2. DISCUSSION OF ISSUE:

The City Council authorized the City Manager to fill the Administrative Services Director position in the 2014-15 fiscal year budget. This position has been vacant since 2009, due to economic constraints. As noted in the 2014-15 budget message, there was a change in the alignment of personnel in the Finance Division, i.e., the change of an existing position into an Administrative Services Director.

The Administrative Services Director serves as the Finance Officer and is responsible for financial planning, budgeting, accounting and auditing, treasury cash management and billing of other accounts. In addition, the individual oversees the preparation of the annual budget and serves as a consultant with other City Officials in financial accounting practices. The incumbent directs the divisions of finance, payroll and human resources.

A state-wide recruitment was conducted by Human Resources which resulted in a strong candidacy pool for the position. A thorough selection process was administered which included a multi-faceted test process. Our goal was to find a candidate who possessed both strong technical municipal financial experience as well as strong communication skills, with the ability to collaborate and communicate well with both City Council and City Staff. In addition, a comprehensive background and reference review was conducted. Our recruitment concluded with the appointment of an excellent individual who we believe will serve the City of Turlock in an exceptional capacity.

Kellie Jacobs-Hunter has over twenty-three (23) years of municipal finance and accounting experience, currently working the last sixteen (16) years in management with Merced County. Of those sixteen (16) years, Kellie served as Deputy Director of Administrative Services for Public Works. As Administrative Services Director, Kellie was responsible for all finance, budget, auditing, human

resources, and financial reporting functions for ten (10) operating divisions with a total budget responsibility over \$50 million. Kellie also worked for City of Patterson as Finance Director, and both the City of Turlock and the City of Riverbank as an Accountant. Kellie's career path has been enriching in that all opportunities have provided a pattern of upward mobility for growth, and now availed her the opportunity to become a Director appointment for the City of Turlock.

3. BASIS FOR RECOMMENDATION:

Kellie Jacobs-Hunter's training, experience, and qualifications meet the requirements of the current Administrative Services Director job description. Kellie is well suited for this position and I am confident she will provide a smooth transition to the City of Turlock into a critical position within our organization, as well as become a valuable member of our Executive Team.

Strategic Plan Initiative:

- A) Policy Initiative- Effective Leadership
 - Goal 1.C. Hire, develop and retain the best most qualified employees

1. ACTION RECOMMENDED:

Motion: Approving an agreement with Stott Outdoor Advertising of Chico, California, to sell and maintain advertising on the exteriors of Turlock's "Blast" and "Dart" urban services and remit a portion of the sales revenue to the City in the form of purchased transit tickets to be distributed to recognized charitable organizations and the Turlock Unified School District

2. DISCUSSION OF ISSUE:

Since 1998, the City has contracted with Alan Seaton Consulting Services to sell and maintain advertising on the exteriors of Turlock's "Blast" and "Dart" urban services and remit a portion of the sales revenue to the City. Last year, City staff was contacted by businesses who expressed interest in providing this type of service and Councilmember Bublak requested a review of this process. On October 24, 2014 the City issued a "Request for Proposals (RFP)" for "Exterior Advertisements on City Transit Buses." The advertising space consists of exterior spaces on the sides and rear of our fixed route and dial-a-ride buses.

On or before the deadline of December 19, 2014, the following two (2) firms submitted detailed proposals.

Consultant	Alan Seaton Consulting Services	Stott Outdoor Advertising
Expected Total Monthly Revenue	\$500/mo. Yr. 1	\$3,000/mo. Yr. 1
	\$500/mo. Yr. 2	\$4,200/mo. Yr. 2
	\$500/mo. Yr. 3	\$4,200/mo. Yr. 3
Project Timing	3 years	3 years

Analysis:

A three person committee was formed to rank and review the proposals in accordance with standard practices. The committee met on January 6, 2015 to

review the proposals and determine a consultant for recommendation to Council. After much discussion, staff selected the proposal from Stott Outdoor Advertising as best meeting the terms and conditions of the RFP. Stott Outdoor Advertising is an established outdoor advertising firm with significant resources to meet the City's needs from its Modesto and other offices. Stott Outdoor Advertising staff has prepared and administered exterior bus advertising in several cities and counties with both small and large jurisdictions. This firm has strong history with transit bus advertising and is familiar with the Stanislaus County area.

Contract:

This contract will allow City of Turlock to receive revenues that will assist the agency to offset costs associated with the provision of low income public transit services. Stott Outdoor Advertising will market the advertising space only to persons, companies, or businesses who agree to participate in the City's program to provide transit system access to the economically disadvantaged and Turlock Unified School District. Participation in the program will require the Contractor to purchase transit fare tickets in an amount equal 30 percentage of the net advertising revenue each month or the minimum guarantee amount of \$3,000 each month the first year, \$4,200 each month the second and third year of the contract, whichever is greater, and agree to furnish those tickets to the City of Turlock Administrative Department staff who shall distribute those tickets through a recognized charitable organization and the Turlock Unified School District. Stott Outdoor Advertising will be responsible for the complete management of all necessary and desired components relative to the provision of exterior advertising on the City of Turlock buses.

Once the transit fare tickets are provided to the City; City Administrative Department Staff shall distribute the tickets to the following organizations:

- We Care
- United Samaritan Foundation
- Turlock Gospel Mission
- Children's Crisis Center
- Haven Women's Center
- Salvation Army- Turlock
- Turlock Unified School District

Highlights of the agreement include:

- A. The agreement is for a three (3) year period, with the possible extension for additional three (3) years.
- B. The proposed contract requires Stott Outdoor Advertising payment to be either the greater of: (1) a minimum fixed amount per month of \$3,000.00/month for the first year and \$4,200/month for the second and third year of the contract, or (2) 30 percent of the net revenue per month,

to make financial records available for City review to ensure proper payment is being received.

- A. Advertising on buses assist in bring in revenue that can assist with the expenses of providing transit and additional help with providing economically disadvantaged individuals with a means of transportation around Turlock.

Strategic Plan Initiative:

This item is not specifically identified within the City Strategic Plan.

4. FISCAL IMPACT / BUDGET AMENDMENT:

Fiscal Impact

The City could expect to see revenue of approximately \$3,000.00 per month in additional transit fare funds the first year, \$4,200.00 per month in the second and third year of the contract.

(a) CONTRACTOR shall purchase transit fare tickets in an amount equal to the monthly guarantee amount of thirty percent (30%) of CONTRACTOR's net advertising revenue each month or the minimum guarantee amount of three thousand (\$3,000.00) worth of transit fare tickets each month, whichever is greater for the period of April 1, 2015 to March 31, 2016; thirty percent (30%) of CONTRACTOR's net advertising revenue each month or the minimum guarantee amount of four thousand two hundred (\$4,200.00) worth of transit fare tickets each month, whichever is greater for the period of April 1, 2016 to March 31, 2018; The minimum guarantee amount in transit fare tickets to be delivered to CITY shall accrue beginning with the first month of this Agreement. (h) By the 30th day of the month and every six (6) months thereafter, CONTRACTOR shall submit a statement that compares the total of the six (6) monthly guaranteed transit fare ticket payments to the amount CITY would have received if paid the percentage of the net advertising revenue for the prior six (6) months. Any additional amounts owed in transit tickets to CITY shall accompany a reconciliation schedule.

(i) All transit fare ticket payments, regardless of their nature, shall be submitted in a timely manner. If a payment shall not be received by CITY by the deadline dates required by Paragraphs 5.(g) and 5.(h), then, without any requirement for notice to CONTRACTOR, CONTRACTOR shall pay to CITY a one-time rate charge equal to five percent (5%) of the overdue amount. In addition to incurring late charges, payments due CITY shall bear interest from the date when due at the rate of one and one half percent (1.5%) per month.

SCOPE OF WORK

EXTERIOR ADVERTISEMENTS ON CITY TRANSIT BUSES

1. INTRODUCTION

1.1. Scope of Work

Background

City of Turlock is seeking the services of an individual or firm to manage an Exterior Bus Side Advertising Program on its buses for a three (3) year term with an option for a three year extension.

City of Turlock Transit System (BLAST and DART)

The City of Turlock operates both BLAST and DART. BLAST provides four fixed-routes, each with 40-minute headways, Routes A, B, C, and D. Each route departs simultaneously from the Turlock Regional Transit Center, located on Dels Lane at Golden State Boulevard. The BLAST service area covers about 80% of Turlock's city limits. General weekday hours of operation are from 6:40 a.m. to 5:30 p.m., and Saturday service is provided from 9:25 a.m. to 4:00 p.m. DART provides dial-a-ride service to both the City of Turlock and the unincorporated community of Denair. Within the BLAST service area, DART operates primarily as an elderly/handicapped paratransit service. However, DART service outside the BLAST area is open to the general public. DART's hours of operation are the same as BLAST.

Connections are available with County of Stanislaus and County of Merced Transit Bus Systems, and Amtrak Train. Service.

City of Turlock projects operating the following in fiscal year 2015:

- 160,000 total fixed route miles
- 36,000 paratransit miles
- 6 vehicles operating during peak service

City of Turlock's fleet of buses that accommodate Exterior Advertising is shown in Exhibit 1.

General Requirements

The Contractor shall have exclusive rights to place exterior bus side advertising upon the City's fleet of fixed-route and paratransit buses, subject to the terms and conditions set forth in this RFP.

City reserves the right to use any other portion of the buses and vans for its exclusive use for any advertising or promotion or purpose it deems to be in the interests of the City. City also reserves the right to use any unsold exterior bus side advertising space for its exclusive use as mentioned above.

Space availability for advertising on City of Turlock vehicles may change during the period of this Agreement for reasons including, but not limited to, the acquisition of new vehicles, the retiring of old vehicles, maintenance of existing vehicles or new bus designs or configurations which do not allow for exterior advertising capability.

The Contractor shall employ its best efforts to develop and make sales of advertising space and shall operate a facility and work force capable of insuring proper installation, maintenance and removal of advertising displays.

Contractor shall provide an emergency phone number for City of Turlock to reach Contractor in the case of an emergency situation. Contractor shall respond to an emergency situation within 24 hours of City of Turlock's request.

In addition to complying with City of Turlock's Advertising Policy set forth in this RFP, the Contractor shall comply with generally accepted industry principles with respect to good taste and all applicable laws and regulations including but not limited to truth in advertising, copyrights and trademarks. Additionally, the Contractor shall:

- Remove unapproved, damaged or defaced advertisements within 72 hours of notice given by the City of Turlock.
- Remove all dated advertising materials within five (5) calendar days from its expiration date. Dated materials refer to advertising materials that are relevant to a specific time period or relevant to an event that has been completed.

Specific Requirements

- (a) **Location for Advertisements.** Advertising will be permitted on the exterior left, right and rear sides of buses. At the contract initiation, and prior to the initial installation of vinyl advertisements, Contractor shall provide City of Turlock with schematics detailing the location for placement of advertisement, on non-permanent adhesive vinyl material, on each type of bus in City of Turlock's fleet. Once approved by City of Turlock these schematics become the standard locations for placement of ads on buses within each type through the term of the agreement.
- (b) **Material and Appearance of Advertisement** City of Turlock requires that all exterior advertising installed as part of the proposal be of the non-permanent adhesive vinyl type, "direct application." The Contractor shall assure that all exterior advertisements are manufactured, installed, and removed in accordance with current (and future) industry standards. Additionally, each ad:
- (1) shall be free from wrinkles, blisters or similar defects

-
- (2) shall be "squared" to the vehicle contour lines
 - (3) shall present a sharp and clear appearance
 - (4) in the case of full or half wraps, the ad shall NOT continue around the corner onto an unadvertised side. The full or half wrap advertisement must be invisible to other sides of the coach
- (c) **Dimensions of Advertisement.** City of Turlock plans to adhere to the industry standards for advertisement dimensions as a baseline for this solicitation. Ad size will vary depending on vehicle type and size fixed route 35 ft. versus dial-a-ride bus. A complete list of vehicles is listed in Exhibit 1. Exhibit 1 indicates the general area where advertisements will be allowed on the different types of buses. The dimensions are included as a means of providing the Proposer with a general idea of the space available for ads. City of Turlock desires to provide as much advertisement potential as reasonably possible.
- If the Contractor wishes to use full side or rear ads, allowances in the design must be made to incorporate the Blast or Dart logo, bus numbers, decals, and any other pre-existing information on either the rear or sides of coaches in a conspicuous manner. Additionally, under no circumstances shall any partial or full-wrapped bus advertisement "wrap" around to another non-advertised side. Advertising covering windows shall remain opaque and viewable from the inside of the vehicle looking out. No front of bus advertising is available.
- (d) **Continuous Advertisement.** Once a vinyl is applied to the side of a vehicle, a vinyl advertisement in good repair of the same size must always be displayed in the same location. No "layering" of vinyl advertisements is permitted; the previous vinyl must be removed before application of a new vinyl. Under no circumstances shall Contractor allow any one exterior ad to remain adhered to any vehicle in excess of one (1) year.
- (e) **Restoration of Bus Side.** Upon removal of vinyl advertisement, Contractor will be responsible for the cost of restoring the exterior surface of the bus covered by the vinyl advertisements to the condition of the surrounding exterior surface of the bus. The adhesive used to apply the vinyl type advertisement shall not cause damage to City of Turlock's vehicles, their paint schemes, existing decals or exterior surface. The Contractor will be notified of any such damage and City of Turlock will not proceed with repair for 48 hours after notification to the Contractor to enable the Contractor time to inspect the damage if so desired. The Contractor shall be required to reimburse City of Turlock for the full dollar cost to repair any damage to City of Turlock's vehicles and/or property resulting from application or removal of the vinyl advertisement or any other activities of the Contractor.
- (f) **Fleet Size of Buses.** Sole discretion for assignment of buses shall remain with City of Turlock. Any reference in this document to any particular number or count of buses (e.g. the available fleet size) shall not be construed to carry any guarantee, express or implied, that any certain count of vehicles or of fleet size shall be available to the Contractor for

advertising displays at any given time. City of Turlock shall be the sole judge of such matters of safety, convenience, appearance, and the number and location of vinyl's on any vehicles.

- (g) **No Route Specific Advertisements.** Under no circumstances should advertisements be route specific and the Contractor shall not represent to potential advertisers that advertising can be route specific,
- (h) **Self Promotion.** The Contractor will not be allowed to engage in unpaid self-promotion.
- (i) **Maintenance of Advertisements.** The Contractor shall be solely responsible to keep and maintain all the vinyl's placed on City of Turlock buses in good condition, and will bear the full cost of any and all maintenance and repair of the vinyl's. In the event the Contractor fails to satisfy the requirements of subsections below, City of Turlock may elect to repair, alter or remove the vinyl and to charge the Contractor for all labor and material costs for all such work. The Contractor agrees to pay City of Turlock the cost of performing such work provided City of Turlock gives the Contractor verbal notice, followed by a written fax notice, of the intent to repair, alter or remove the vinyl advertisement prior to actually undertaking such activity.
- (j) **Placement of Advertisement.**
 - No vinyl will be allowed to interfere with any safety devices, lights, signals, licensing, website addresses, phone numbers or distinctive logos, or decals on City of Turlock vehicles. This includes, but is not limited to, reflective materials, side directional lights, side reflectors and other features. In addition, vinyl's cannot interfere with the normal utilization of fuel doors, vents, glazing, and other equipment installed in the various vehicles that may require regular preventive maintenance.
 - Vinyls shall not be placed over body moldings. Vinyl applied over body panel seams shall be sliced and tucked into those seams.
 - Vinyl's smaller than the allocated area shall be centered in the allocated area.
 - Vinyl shall not be placed within one (1) inch of "Blast" or "Darts" logo.

Defaced or Damaged Advertisements

The Contractor shall develop and implement a fully staffed maintenance, cleaning, repair or replacement program plus a Quality Control Program that insures that the advertising material installed on City of Turlock vehicles is in good condition at all times. More particularly, the Contractor will be required to remove immediately, but no later than 24 hours from notice given by City of Turlock, any graffiti on the vinyls not removed during City of Turlock's regular, cleaning of the vehicles (generally vehicles are washed with a power washer, but later on may be run through an automatic bus washer), and to make other repairs as necessary to vinyl's that are otherwise damaged or defaced.

Any vehicle bearing a vinyl that is damaged, defaced or marked with graffiti that is not repaired, corrected or removed by the Contractor as required above, shall be considered unsuitable for revenue service and the Contractor will be assessed per conditions set within this solicitation.

Creative Advantage to Stott Outdoor Advertising

Stott Outdoor Advertising has found with the introduction of mural products a noticeable increase in public awareness of transit advertising, which in turn resulted in an increase of overall sales and revenue to the transit agencies. Our experienced and talented graphic design department produce creative advertisements that utilize the useable areas of the bus to display very eye-grabbing advertisements in a professional and clean manner.

This approach not only increases the overall revenue generated, but creates a product the client is proud to display and the general public enjoys viewing. Consequently, this also creates a "buzz" around the transit agency and could result in an increase in ridership as well.

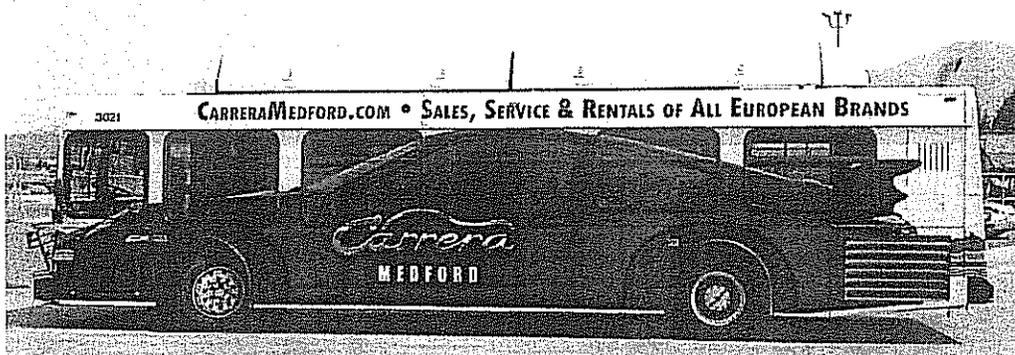

It's this creative approach, along with a comprehensive sales and operations team, that makes Stott Outdoor what it is today. If awarded this contract, BLST will have the opportunity to expand upon the mural designs (as seen below) and potentially exceed the projected revenue amounts specified in this RFP response.

Council Synopsis

February 24, 2015

From: Michael G. Pitcock, PE, Director of Development Services

Prepared by: Debra A. Whitmore, Deputy Director of Development
Services/Planning

Agendized by: Roy W. Wasden, City Manager

1. ACTION RECOMMENDED:

Motion: Authorizing the City Manager to enter into a sole source professional services agreement with Dyett & Bhatia Urban and Regional Planners without following formal bidding procedures, having found that the circumstances listed in Turlock Municipal Code, Title 2, Chapter 7, Section 2-7-08(b)(2), (b)(3), and (b)(4) have been satisfied

Motion: Approving the award of a professional services agreement to Dyett & Bhatia Urban and Regional Planners for the 5th Cycle update to the City of Turlock Housing Element for an amount not to exceed \$48,840

Resolution: Appropriating \$48,840 to account number 110-40-400.43753 "Contract Services Housing Element Update" to be funded from Fund 110 "General Fund" reserve balances to prepare the State-mandated update to the City of Turlock Housing Element

2. DISCUSSION OF ISSUE:

State housing element law (Government Code Sections 65580 et seq.) requires every city and county in California to adopt a comprehensive General Plan that includes seven mandated elements. The housing element is one of the required elements and the only element reviewed and certified by a state agency, the State Housing and Community Development Department (HCD). The purpose of the housing element is to ensure that each jurisdiction identifies policies, programs and resources to preserve, improve and develop a housing supply adequate to accommodate households currently living, and projected to live, in that jurisdiction. A housing element must identify adequate sites for housing demand, and make sufficient provision for the needs of all economic segments of the community. A housing element also includes extensive background information on housing conditions, institutes policies and quantified objectives to

help guide land use and other decision-making, and establishes programs to implement community housing goals.

State law requires that the housing element demonstrate how each jurisdiction will meet specific housing targets by income category (for very low, low, moderate, and above moderate income households). The Stanislaus Council of Governments (StanCOG) is responsible for establishing the regional target, as well as the target for each city and the County of Stanislaus, through a process called the Regional Housing Needs Allocation (RHNA). The RHNA was adopted by StanCOG on June 18, 2014, and projects the housing need for a roughly eight-year planning period from January 1, 2014 to September 30, 2023. HCD establishes the deadline for submittal of housing elements. For Stanislaus County, the deadline for submitting the adopted housing element to HCD is December 31, 2015. Cities and counties that fail to adopt the updated housing element within 120 days of this deadline will be required to update the housing element again in four years, rather than eight years; thereby imposing additional costs and exposing a noncompliant city to potential lawsuit.

STAFF REQUEST

In reviewing the contracting options available in the Turlock Municipal Code, staff explored both the formal bidding process and requesting authorization by the City Council of a sole source agreement. Staff opted to request that the Council consider authorizing a sole source contract for this work due to the potential time savings and professional expertise that Dyett & Bhatia Urban and Regional Planners could offer to the City, having prepared the current adopted and certified City of Turlock Housing Element. To go out to bid and select the consultant would take 2 to 3 months to complete the process. This would reduce the time available for public input and would potentially lose all the value of the prior work conducted by Dyett & Bhatia.

BIDDING PROCEDURE FINDINGS

Staff requests that the City Council enter into a sole source contract with the planning consulting firm of Dyett & Bhatia Urban and Regional Planners to prepare the update to the City's Housing Element. The Turlock Municipal Code allows the City Council to award a contract without going through the formal bidding procedure if one of six circumstances exists. These circumstances are identified in TMC 2-7-08 (below):

Excerpt from Turlock Municipal Code 2-7-08:

(b) Bidding procedures are not required under the following circumstances regardless of the amount involved:

- (1) When an emergency requires that an order be placed with the nearest available source of supply;**
- (2) When the commodity can be obtained from only one vendor;**
- (3) For contracts involving the obtaining of professional or specialized skill, such as, but not limited to, services rendered by attorneys, engineers, accountants, and specialized consultants;**
- (4) Where calling for bids on a competitive basis in the opinion of the Purchasing Officer is undesirable, impossible, unavailing, or incongruous;**
- (5) When engaged in joint purchasing plans with the State and/or other units of government that have been approved by the Council; or**
- (6) When the Council shall have adopted a resolution by at least four (4) affirmative votes determining that the best interests of the City require that the purchase be made without compliance with the formal bid procedure.**

Staff believes that this request meets three of the circumstances listed in TMC 2-7-08:

TMC 2-7-08(b)(2): Commodity can be obtained from only one vendor. Dyett & Bhatia prepared the current Housing Element covering the period 2007 to 2014. Housing growth during this period was extremely low due to the recession that began in 2007. In recognition of the low level of housing production during this period, HCD created a streamlined process for reviewing housing elements submitted in this cycle (2014-2023). The streamlined review process allows cities and counties to update the current housing element, rather than preparing an entirely new housing element. HCD has agreed to accept the assumptions from the current element through this streamlined process, rather than requiring new documentation and justification for these assumptions, as would be required for an entirely new housing element. Turlock qualifies for this streamlined review because the current housing element has been certified by HCD. This streamlined process results in a significant time and cost savings for cities and counties that qualify.

While other planning firms are certainly qualified to prepare a housing element for the City, Dyett & Bhatia is in a unique position to utilize the streamlined review process having prepared the latest update to the City's Housing Element and due to their familiarity with the conditions in Turlock. Presumably, the cost to prepare the element would be lower, although this cannot be confirmed without going through a formal bid process. However, it is certain that utilizing Dyett & Bhatia would reduce the amount of time that staff would have to spend on this project. If a different consultant were

selected, staff would have to work with the consultant to bring them up to speed on the City's current housing element, its fiscal analysis and program policies, as well as the assumptions about the available housing inventory. This is a particularly crucial factor to consider because the Planning Division will be experiencing a staffing shortage during the first part of this year, due to the retirement of the senior planner and the short-term absence of the associate planner (for a period of four months due to maternity leave).

TMC 2-7-08(b)(3): Contracts involving the obtaining of professional services or specialized skill. Dyett & Bhatia has extensive experience across California in this area of planning for housing elements. Dyett & Bhatia has prepared five housing elements for this 5th Cycle of the housing element update. Three of those utilized the streamlined review process. The partner in charge of preparing the City's current Housing Element, Sophie Martin, is still employed by the firm and will serve as the project manager for this project. Ms. Martin wrote the City's current Housing Element and helped staff negotiate certification of the Housing Element by HCD. Therefore, this firm (and specifically Sophie Martin) has specialized skills to carry out the proposed scope of work.

TMC 2-7-08(b)(4): Where calling for bids on a competitive basis is undesirable, impossible, unavailing or incongruous. Having prepared the current Housing Element for the City of Turlock, as well as the update to the City's General Plan, Dyett & Bhatia is very familiar with the policies, programs, and financial condition of the City of Turlock. Hiring a new firm to prepare the 5th Cycle update would be undesirable and incongruous in that a new firm would have to come up to speed on what was done in the prior Housing Element update as well as City policies, programs and finances. This will place a higher burden on staff at a time when staffing is planned to be low due to planned retirements and absences.

In addition, TMC 2-7-08(b)(6) allows the City Council to approve a sole source contract when there are at least four (4) affirmative votes determining that the best interests of the City require that the purchase be made without compliance with the formal bid procedure.

SCOPE OF SERVICES

Dyett & Bhatia has prepared a scope of services should the City Council choose to approve a sole source agreement, as proposed in the staff recommended motion. The scope of services is attached to the professional services agreement as Exhibit A. The consultant would prepare the Housing Element using the streamlined review process developed by HCD for an amount not to exceed \$48,840. The City of Turlock qualifies for the streamlined review process

because the previous Housing Element, covering the period 2007-2014, was submitted on time and was certified by HCD. The consultant would re-evaluate the current Housing Element for conformance with new laws that have passed since the adoption of the current Housing Element and in light of the elimination of the Redevelopment Agency which was a major source of funding for low income housing and other housing programs. The consultant would participate with staff in the negotiations with HCD. The consultant would reach out to the community and professional organizations by holding one public forum prior to preparation of the draft Housing Element. Two additional study sessions would be held with the Planning Commission. Public hearings are required prior to adoption of the Housing Element. The proposed budget includes two public hearings - one with the Planning Commission and the second with the City Council. The budget also includes preparation of the environmental document required for approval of the Housing Element.

SCHEDULE

The schedule prepared by Dyett & Bhatia would produce the draft Housing Element for review by HCD by July 2015. The schedule provides a sixty day review period for HCD review and comment. The changes would then be incorporated into a public review draft that would be used to prepare the environmental document. Staff would circulate the draft Housing Element and the environmental document for public comment. Once that process is completed, the final draft of the Housing Element would be presented to the Planning Commission and City Council for action in the October to November time frame. This would allow the adopted document to be submitted to HCD by the State-mandated deadline of December 31, 2015.

3. BASIS FOR RECOMMENDATION:

- A. The Housing Element is one of the seven State-mandated elements of the General Plan (Government Code Section 65580 et seq.). Failure to adopt a housing element in a timely manner could subject the City to potential lawsuit on the adequacy of its General Plan as well as compliance with State housing law. Specific penalties have also been specified in State law for failure to meet the submittal deadline for the housing element. Failure to adopt a housing element within 120 days of the submittal deadline for this cycle of the housing element update (December 31, 2015) would result in the City having to update its housing element in four years, rather than eight years, resulting in increased costs to the City.

Strategic Plan Initiative F INTELLIGENT, PLANNED, MANAGED GROWTH

- Goal(s):** d. Provide for housing diversity
i) Include affordable housing

ACTIONS: *Staff*

- e. Prepare an update to the City's Housing Element as required by State Law.

4. FISCAL IMPACT / BUDGET AMENDMENT:

Fiscal Impact: Although development of the housing element is a State mandate, the State does not provide funding to cities and counties for the preparation of this element. The only source of funding available to pay for this work is the General Fund Reserve. Staff time will also be required to support the development of this document. The projected cost of the Housing Element update was not included in the 2014-15 General Fund budget adopted by Council in June 2014 nor was it included in the budget amendments approved in November 2014.

Budget Amendment: Staff is requesting an appropriation in the amount of \$48,840 to account number 110-40-400.43753 to fund a professional services agreement to prepare the updated housing element with either Dyett & Bhatia Urban and Regional Planners or a consultant to be determined through the formal bidding process. This appropriation will be funded from unappropriated General Fund reserves

5. CITY MANAGER'S COMMENTS:

Recommend approval.

6. ENVIRONMENTAL DETERMINATION:

This decision does not constitute a "project" under the California Environmental Quality Act. Pursuant to Section 15060(c)(1), this decision will not result in a direct or reasonably foreseeable indirect physical change in the environment.

7. ALTERNATIVE MOTIONS:

- A) The City Council may choose not to approve a sole source contract with Dyett & Bhatia Urban and Regional Planners to perform this work.** This option would require staff to prepare a Request for Proposals, solicit proposals, and bring back a recommended proposal for review and

approval by the City Council. This process could take up to three months to complete, reducing the amount of time available to prepare and adopt the Housing Element. Staff does not recommend this option because it would reduce the amount of time available to the Planning Commission and the City Council to consider new State requirements, public input and the policy changes that will be proposed in the new Housing Element. Given the potential penalty for failing to adopt a housing element within 120 days of the statutory deadline (December 31, 2015), staff believes that time is of the essence to begin this work. The proposed timeline provides adequate time for HCD to review the draft Housing Element, provide comments, and fold their comments into a revised Housing Element for adoption by the City Council prior to the December 31, 2015 deadline.

If the City Council chooses this option, staff requests that the City Council consider the request to amend the budget to provide the funding necessary to go out to bid to provide greater assurance to potential bidders that the funds are available to award a contract.

- B) The City Council may choose to have this work performed in house.** This option would require City staff to prepare the updated Housing Element. While staff is capable of preparing this document, staff does not recommend this option due to the staffing impact preparing this document would have on customer service, project delivery and other major projects underway by the Planning Division. The staff that would be involved in preparing this document is currently working on the Morgan Ranch Master Plan, the comprehensive zoning ordinance amendment, the sign ordinance amendment and the noise ordinance amendment. There is also a desire in the community and by the previous City Council to update the Northwest Triangle Specific Plan to redesignate agricultural parcels located within the plan area to commercial uses. In addition, several zoning ordinance amendments are included in the General Plan that have not yet started including an update to the Downtown Zoning Regulations and preparing overlay zones for graduated density and traditional neighborhoods in the older parts of the City. These projects are currently on hold pending staff availability.

If the City Council chooses this option, a budget amendment may also be required to fund the additional costs for materials required to support the development of the updated housing element.

CONSULTANT is permitted to provide services to others during the same period service is provided to CITY under this Agreement. If necessary, CONSULTANT has the responsibility for employing other persons or firms to assist CONSULTANT in fulfilling the terms and obligations under this Agreement.

If in the performance of this Agreement any third persons are employed by CONSULTANT, such persons shall be entirely and exclusively under the direction, supervision, and control of CONSULTANT. All terms of employment including hours, wages, working conditions, discipline, hiring, and discharging or any other term of employment or requirement of law shall be determined by the CONSULTANT.

It is understood and agreed that as an independent contractor and not an employee of CITY neither the CONSULTANT or CONSULTANT'S assigned personnel shall have any entitlement as a CITY employee, right to act on behalf of the CITY in any capacity whatsoever as an agent, or to bind the CITY to any obligation whatsoever.

It is further understood and agreed that CONSULTANT must issue W-2 forms or other forms as required by law for income and employment tax purposes for all of CONSULTANT'S personnel.

As an independent contractor, CONSULTANT hereby indemnifies and holds CITY harmless from any and all claims that may be made against CITY based upon any contention by any third party that an employer-employee relationship exists by reason of this Agreement.

The termination date shall be the effective date of the notice.

(e) Termination by CITY for Change of CONSULTANT'S Tax Status. If CITY determines that CONSULTANT does not meet the requirements of federal and state tax laws for independent contractor status, CITY may terminate this Agreement by giving written notice to CONSULTANT. The termination date shall be the effective date of the notice.

(f) In the Event of Termination. If this Agreement is terminated pursuant to this Paragraph, CONSULTANT shall cease all its work on the project as of the termination date and shall see to it that its employees, subcontractors and agents are notified of such termination and cease their work. If CITY so requests, and at CITY's cost, CONSULTANT shall provide sufficient oral or written status reports to make CITY reasonably aware of the status of CONSULTANT'S work on the project. Further, if CITY so requests, and at CITY's cost, CONSULTANT shall deliver to CITY any work products whether in draft or final form which have been produced to date.

If the Agreement is terminated pursuant to any of the subsections contained in this paragraph, CITY will pay CONSULTANT an amount based on the percentage of work completed on the termination date, this percentage shall be determined by CITY in its sole discretion. If the Agreement is terminated pursuant to the subparagraph entitled Termination by CITY for Default of CONSULTANT, CONSULTANT understands and agrees that CITY may, in CITY's sole discretion, refuse to pay CONSULTANT for that portion of CONSULTANT'S services which were performed by CONSULTANT on the project prior to the termination date and which remain unacceptable and/or not useful to CITY as of the termination date.

I Project Understanding

Turlock's current Housing Element was certified by the California Department of Housing and Community Development (HCD) in November 2011 and adopted in January 2012. Thus, the element is relatively recent, and while a number of technical issues will be involved, the update should be straightforward. The principal efforts will revolve around addressing changes to State Housing Element law, incorporating information from the 2010 Census (which was not available in time for the previous update), reflecting the City's compliance with SB 2 and its other zoning changes that implement the new General Plan, and updating information on housing sites.

Turlock continues to emerge from impacts of the Great Recession. As housing activity in the city in past few years has been slow, most of the sites in the current Housing Element remain available for development. While the City's Regional Housing Needs Allocation (RHNA) is somewhat higher than the previous cycle, increased allowable densities on some existing sites, as well as identification of new areas for housing in the new General Plan should increase capacity accordingly.

I.1 KEY ISSUES

HOUSING ELEMENT LAW UPDATES

The City's current Housing Element addresses changes to State Housing Element law that occurred in the years prior to 2010:

- SB 2 (2007), amending Government Code Section 65583 to require cities to identify zones where emergency shelters are allowed as a permitted use;
- AB 162 (2007), amending Government Code Section 65302 to require upon the next revision of the Housing Element on or after January 1, 2009:
 - The conservation element of the General Plan to identify rivers, creeks, streams, flood corridors, riparian habitat, and land that may accommodate floodwater for purposes of groundwater recharge and stormwater/flood hazard management;
 - The safety element to identify flood hazard zones and establish policies to avoid or minimize the unreasonable risks of flooding; and
 - The housing element to exclude from the determination of land suitable for urban development those areas where the flood management infrastructure is inadequate and housing development would be impractical;
- AB 2634 (2006), amending Government Code Section 65583 to require the quantification of housing need for a community's extremely low income households;
- SB 575 (2005), amending Government Code Section 65589.5 to spell out fines and procedures for housing elements that do not meet State requirements;

- AB 1233 (2005), amending Government Code Section 65583 (and adding Section 65584.09) to require that sites identified in the previous housing element that required rezoning but were not rezoned be rezoned within the first year of the new planning period;
- AB 2348 (2004), amending Government Code Sections 65583, 65583.1, 65589.5, and 65915 and adding Section 65583.2 to revise the criteria for identifying land suitable for residential development;
- SB 1818 (2004), amending Government Code Section 65915 to allow new density bonuses of up to 35 percent for affordable housing developments; and
- AB 1866 (2002), amending Government Code Sections 65852.2 and 65583.1 to allow cities to identify the likely locations of secondary units added to existing single-family houses.

Changes to Housing Element law since then include:

- SB 812 (2010), Persons with Developmental Disabilities. This required the analysis of the disabled include an evaluation of the special housing needs of persons with developmental disabilities. The analysis should include a quantification of the number of persons with developmental disabilities, an analysis of the housing need, and a discussion of resources.
- Alternative Adequate Sites Requirements Amendments. These separate, but related, requirements in Government Code Sec. 65583.1 allow a city or county to substitute the provision of units for up to 25% of the city's or county's obligation to identify adequate sites for any income category in its housing element, if the municipality commits to providing assistance during the planning period to make the units affordable to very low and low-income households:
 - AB 720 (2009): Extended the timeline for a local government to provide committed assistance for the rehabilitation, conversion or preservation of affordable housing units.
 - AB 1867 (2010): Allowed multifamily "ownership" housing converted by acquisition or the purchase of affordability covenants to qualify towards meeting the alternative adequate sites requirement. Also reduces the required number of units in a complex to qualify for this section from four to three units.
 - AB 1103 (2011): Allowed foreclosed properties converted by acquisition or the purchase of affordability covenants to qualify under the alternative adequate sites requirement.
 - AB 2038 (2012), Authorized a municipality to reduce its share of the RHNA by the number of units built between the start of the projection period and the deadline for housing element adoption if it identifies a methodology for assigning these units to an income category based on actual or projected sales prices, rent levels, or other mechanisms to ensure affordability.

- SB 375 (2008), Global Warming. SB 375 recognized the link between good housing planning and mobility, and the role of these regional and local planning efforts in meeting sustainable community objectives. It requires the RHNA to be consistent with the development pattern reflected in the region’s Sustainable Community Strategy. In the Bay Area, the sustainable growth framework is built around Priority Development Areas (PDAs) that local jurisdictions identified as appropriate places to focus future growth, and Priority Conservation Areas (PCAs) that comprise regionally significant open spaces.
- SB 1241 (2012), Safety Element Amendments. This legislation revised the safety element requirements for state responsibility areas and very high fire hazard severity zones and required the safety element, upon the next revision of the housing element on or after January 1, 2014, to be reviewed and updated as necessary to address the risk of fire in state responsibility areas and very high fire hazard severity zones, taking into account specified considerations, including, among others, the most recent version of the Office of Planning and Research’s “Fire Hazard Planning” document.

ADEQUATE SITES

Government Code Sec. 68553 stipulates that each jurisdiction must identify adequate sites, for a range of housing types and income levels. Government Code Sec. 65583.2 requires detailed information on each site, including parcel number or address, zoning and land use classification, environmental constraints, and infrastructure access. Our experience in Turlock with the General Plan and with the last Housing Element gives us a familiarity with potential housing sites in the City.

The City’s Regional Housing Needs Allocation (RHNA) for the December 31, 2015 through December 31, 2023 projection period is for 3,618 housing units, of which 40 percent will need to be affordable to very low- and low-income households. These are higher numbers than the City’s allocation in the previous Housing Element cycle (see table below), although the percent distribution across different income groups is similar.

	<i>Very Low Income</i>	<i>Low Income</i>	<i>Moderate Income</i>	<i>Above Moderate Income</i>	<i>Total</i>
2014-2023 Cycle	877	562	627	1,552	3,618
% Distribution	24%	16%	17%	43%	
2007-2014 Cycle	805	562	666	1,428	3,461
% Distribution	23%	16%	19%	41%	

The City’s current Housing Element was completed prior to the comprehensive update of the entire General Plan (adopted in September 2012) and preparation of the accompanying Environmental Impact Report (EIR) and Zoning Ordinance amendments. Therefore, the current Element relied upon the land use designations and allowable densities stipulated in previous versions of those planning documents. The new General Plan identified additional

sites for housing, both in master plan areas such as Morgan Ranch in the southeast, as well as on medium- and high-density residential and mixed use sites (both vacant and underutilized) located downtown and along key corridors. We anticipate that these sites/densities will be able to accommodate the increased need; if not, opportunities for upzoning may need to be investigated.

1.2 APPROACH

HOUSING ELEMENT

Quality housing is the essence of a good neighborhood. A good housing element will provide a mix of housing types at various affordability levels to attract a diverse population in age and household type. This is especially critical in a community like Turlock that has a very diverse population with regards to income, education, and age. Unlike other general plan elements, the Housing Element has to meet very specific State laws and guidelines; it also has a shorter-term horizon and is oriented toward programs that will result in specific accomplishments rather than longer-range planning goals.

Focus

The existing Housing Element is in excellent shape—it was adopted only two years ago. We see the update as a strategic effort focused on:

- Updating housing needs information—including demographic, household and family types, income, etc.—based on now-available 2010 Census. This analysis may also result in findings that may require policy and program updates.
- Systematic analysis of the housing market, at-risk units and housing sites and other housing resources in the community.
- Updating information on housing sites, including the Morgan Ranch area and other new sites identified or changed through the General Plan update.
- Including new information—such as needs of disabled population—reflecting statutory changes.
- Review of all other sections to ensure currency and relevancy.
- Creative thinking about new housing policies and programs that may help the City meet its quantified objectives, especially now that the Redevelopment Agency (RDA) has been dissolved. This will include brainstorming with staff on what has worked in the current Housing Element and what needs to be re-thought through, as well as what other funding sources for continuing successful RDA programs might be available.

Review and Adoption Due Dates

For Stanislaus County, the planning period for the new Housing Element extends from December 31, 2015 to December 31, 2023. The deadline is December 31, 2015. In accordance with Government Code 65588(e)(4), local governments on an 8-year Housing Element Planning Period that do not adopt the Housing Element within 120 calendar days of the due date (start of planning period), which would be April 30, 2016 for Turlock, must revise the

Element every four years until timely adopting at least two consecutive revisions by the applicable due date.

Streamlined Review

New this cycle, HCD has introduced a “streamlined review” process that helps facilitate HCD’s review of revisions to housing elements that were in compliance with State law in the last round. Cities whose elements meet certain criteria are eligible for streamlined review. These include:

- Identifying adequate sites to meet the RHNA;
- Having zoning in place that permits emergency shelters without discretionary action;
- Having zoning in place that permits transitional and supportive housing as a residential use and only subject to those restrictions that apply to other residential dwellings of the same type in the same zone;
- Allowing reasonable accommodation for persons with disabilities in the application of zoning and land use policies, ordinances or procedures; and
- Having a density bonus ordinance adopted pursuant to Government Code Section 65915 (since January 1, 2005).

Because Turlock is able to meet these requirements, our objective will be to submit a streamlined review element this round, which may enable quicker response time from HCD and a shorter review and revision process.

In summary, we will prepare a Housing Element that responds to HCD’s criteria, is attractively designed, and is viable, realistic and easy to understand and implement. We propose an overall approach that is effective and efficient, building on our knowledge of the city and concurrent housing element work for other jurisdictions throughout the state.

ENVIRONMENTAL REVIEW

As long as housing sites identified in the sites inventory do not require rezoning and allow housing according to the General Plan, only a Negative Declaration will be required. The budget described in Section 3 assumes a Negative Declaration. The Negative Declaration will tier off the EIR prepared for the 2012 General Plan.

1.3 PUBLIC PARTICIPATION

Working with City staff, D&B will lead a public process to allow all segments of the community to identify key issues for the Housing Element Update and to participate in its development. We will be particularly sensitive to those with special housing needs.

We believe that the key to a successful Housing Element Update is establishing an interactive relationship among City officials and staff, the community as a whole, and the consultant team. Our experience leading consensus-building planning processes will provide a community involvement program that reflects Turlock’s unique character.

An effective public participation program should create confidence in the planning process, ensure that policies have broad-based understanding and support, and reflect the interests and needs of the community. However, it should be recognized that much of the Housing Element content is very technical in nature, and (aside from sites, density, or design issues, which are more directly addressed in other City documents) it may not interest a large segment of the population. Outreach should also reflect the fact this update is a strategic effort rather than a from-the-ground-up redo.

COMPONENTS OF THE PARTICIPATION PROGRAM

The following are the proposed components of the participation process for updating the Housing Element. We will facilitate the meetings, prepare agendas and handouts, PowerPoint presentations, or other materials as needed, and will present key findings and recommendations with staff.

Housing Forum

This will be a two-hour meeting targeted at housing and housing-related service providers and organizations (though it will be open for all members of the public to attend). The forum will focus on key housing issues for Turlock—housing product type needs, impediments (market, governmental) to housing production or service provision, City programs that have worked in the past, and ideas for new policies or programs to explore.

Stakeholder Discussions (if needed)

If necessary, D&B will supplement the forum with phone interviews/meetings with one or two organizations, either as follow-up to the forum or with representatives of organizations that could not attend the forum.

City Council/Planning Commission Study Sessions

We propose two study sessions with decision-makers (likely with the Planning Commission, but we are also happy to meet with the City Council if so desired). The first study session will be held after the initial reconnaissance, and evaluation of accomplishments and needs. We will prepare briefing materials on the purpose of the update, the RHNA numbers for the City, and examples of housing initiatives and types of housing. We will then solicit Planning Commission direction on priorities for the update process, and policy and program initiatives that will help the City meet its regional fair share housing targets.

The second session will be held to review the Draft Housing Element before it is sent to HCD for review. Decision-maker comments will be used to revise the draft sent to HCD for review.

Public Hearings

The proposed scope includes two hearings—one with the Planning Commission, and one with the City Council. We will attend additional hearings on a time and materials basis.

OTHER OPPORTUNITIES FOR PUBLIC INVOLVEMENT

In addition to the process outlined above, we are open to using other mechanisms, such as an additional open community workshop, media outreach, surveys, and newsletters, to reach the maximum number of people possible. If desired, we can provide scope and budget for additional outreach services.

WORKING WITH CITY STAFF

We envision working in close partnership with the City's planning and housing staff. The complementary skills and knowledge of City staff and planning consultants can result in a process that is efficient and a Housing Element that is effective. Staff's familiarity with the City's issues, current housing programs, and available resources, coupled with consultants' technical expertise and broad experience, and familiarity with the existing element will ensure that housing policies are realistic and have broad community support.

City staff will provide baseline information on development projects, public facilities, and other resources. City staff will be involved in review of accomplishments from the previous Housing Element; identify programs, ordinances, and projects that have been developed to implement Housing Element goals, and work with D&B to analyze the effectiveness of these measures and recommend any changes to them. City staff can also help in coordinating with the City Council and Planning Commission, and maintaining a liaison with property owners and interest groups. City staff will need to carefully review all work products, and provide unified direction to the consultant.

2 Scope of Work

2.1 SCOPE OF WORK

This section outlines our proposed work program for the Turlock Housing Element Update. The program is organized into five tasks, from project initiation to publishing the final Housing Element and environmental review documents, incorporating the work outlined in the RFP. The sequence of work products, community meetings and City Council/Planning Commission workshops are summarized in Section 2.2: Summary of Meetings and Products and Section 2.3: Schedule.

The task-by-task descriptions that follow present our approach to data collection, policy formulation and preparation of the documents. Each task description includes a purpose statement at the beginning.

Task I: Assessment

Task 1 includes assessment of housing needs, conditions, constraints, and accomplishments of the previous Housing Element. A kickoff meeting with staff will help to finalize the public participation program and identify key issues and opportunities.

- A. Kickoff Meeting with Staff.** At this meeting, the work program and project milestones will be reviewed. The public participation program will also be reviewed, and target dates for meetings and the housing forum established.
- B. Document Review.** Relevant City documents will be reviewed to ensure understanding of current conditions and policy context. These include the Turlock General Plan and Final EIR, the Turlock Municipal Code, master and specific plans, and any major residential development projects/entitlements.
- C. Accomplishments Review.** Review and Evaluation of Current Housing Element. The 2007-2014 Housing Element will be reviewed to assess:
 - Status, effectiveness, and appropriate of current housing policies and programs. D&B will prepare a matrix of all policies and programs for City staff to complete; this will form the basis of the Program Accomplishments chapter of the new element and inform the new element's policies. A discussion with City staff will be held to confirm whether existing programs have already been completed, which ones are working well and should be carried forward, and which ones need to be refined, redefined, or dropped.
 - Identified goals from the adopted Housing Element versus actual accomplishments (part of the matrix described above).
 - The adequacy of the current Housing Element relative to any new State housing legislation. New State laws enacted since the last update will be critically evaluated, and a comprehensive review of the City's policies and regulations undertaken to ensure that

there are no regulatory constraints on housing that conflict with applicable State law. The new legislation covers issues such as increased attention toward housing for persons with developmental disabilities, and linkages to regional Sustainable Communities Strategy.

<i>Meetings</i>	<i>Products</i>
Kickoff meeting with City Staff	Detailed project schedule Matrix of existing policies and programs Accomplishments and legislative adequacy review

Task 2: Prepare Housing Element Components and Conduct Community Outreach

During this task, we will prepare draft chapters of the updated Housing Element, identify constraints, opportunity sites for market-rate and affordable housing and assess overall residential buildout. Draft policies and programs will also be prepared. New housing programs needed to meet the housing needs for the City will be identified. New housing programs will be formulated to reflect feedback received during the community outreach process. For each housing program proposed for the updated Housing Element, De&B will define and quantify its objectives (number of units to be produced in a specified timeframe by income group).

Interviews and meetings with housing providers and other stakeholders meetings, and a public forum/study session with the Planning Commission will help to further assess existing programs and policies and define additional and changing needs.

- A. Needs Assessment.** The Needs Assessment chapter will be comprehensively updated with the most current data available, including the 2010 Census and the most recent American Community Surveys. Up-to-date housing market data will be added for rental and ownership units, reflecting both the trends of the last few years as well as more recent changes.
- B. Constraints Analysis.** The analysis in the current Housing Element on regulations (possible governmental constraints) and their impacts on housing production will be updated. Non-governmental constraints will also be examined. Opportunities for energy conservation will also be described and assessed, as well as adequacy of public facilities and infrastructure.
- C. Community Outreach.** Development of a Housing Element that responds to community needs and receives community acceptance requires significant public input. The Public Participation program in Section 1.3 further describes the purpose and scope of each of these components. The outreach program during this task consists of the following two events, which for efficiency, would ideally be scheduled on the same day (forum in the afternoon, study session in the evening):
 - **Housing Forum.** A two-hour forum (open to the public) will be held with housing providers/ stakeholders and/or their representative organizations. The forum will focus on key housing issues for Turlock—key housing product type needs, impediments (market, governmental) to housing production, and City programs that have worked

in the past. City staff will help identify and invite organizations, and D&B will conduct the forum. If needed, D&B will supplement the forum with phone interviews/meetings with one or two organizations, either as follow-up to the forum or with representatives of organizations that could not attend the forum.

- **Planning Commission Study Session:** The Planning Commission will be provided with background information, including an introduction to housing element law and requirements; review of housing needs; review of housing constraints; and relationship between RHNA and sites inventory; and issues related to General Plan designations and zoning. The Planning Commission will be afforded the opportunity to discuss issues, methods to overcome constraints, and any topics that may be controversial. City staff will be responsible for notification, scheduling, facilities, and setup, and D&B will conduct the Study Session portion of the Planning Commission meeting with assistance from staff.
- D. Identification and Inventory of Housing Sites.** The current Housing Element identifies individual parcels, along with zoning and potential units at each parcel. This information will be confirmed, and sites where units have since been built removed from the inventory. Staff will provide D&B with status information regarding the current list of housing sites, and work with D&B to identify any new sites needed. D&B will compile a list of appropriate housing sites, including APN, address, zoning, General Plan designation, and any other applicable development regulations. D&B will create a map of the housing opportunity sites.
- E. Assessment of Housing at City Buildout/Match with Needs.** The housing allocation for Turlock calls for 3,618 new housing units, or a slight decrease from the previous cycle. Of the new units, 40 percent must be for very low- and low-income households, 17 percent for moderate-income households and the remaining 43 percent for above moderate-income households. Housing quantities will be tabulated by density and compared against need by income group; any resulting deficits will be identified.
- F. Goals, Policies, and Implementing Programs.** The Housing Programs chapter will be based on the programs included in the current Housing Element, modified based on the Program Accomplishments sub-task described in Task 1. New goals, policies, and programs will be proposed based on feedback from community members and other stakeholders. For each housing program proposed for the updated Housing Element, we will work with City staff to define and quantify its objectives (number of units to be produced, in a specified timeframe, by income group). These will be submitted to City staff for review and comment. Pursuant to State law, the Goals, Policies, and Implementing Programs will be designed to:
- Make available sites at adequate densities and development standards to facilitate and encourage a variety of housing types for all socioeconomic segments of the community, including those with special needs;
 - Facilitate and encourage the provision of affordable housing for extremely low, very low-, low- and moderate-income households;
 - Improve and preserve the City's affordable housing stock;

- Mitigate constraints to the development, improvement, and preservation of housing; and
- Promote equal housing opportunity.

All policies and programs will be written and reviewed for consistency with the rest of the city's General Plan and include details on timing, responsibility, and potential funding source.

Task 3: Draft Housing Element and HCD Review

The updated Housing Element will address the 2015-2023 planning period and will use a format that is consistent with that of the current Housing Element. An Administrative Draft will be prepared and then revised based on a consolidated set of City staff comments. The Draft Element will then be presented to the Planning Commission for review and comments prior to HCD review.

- A. Administrative Draft Housing Element.** The components of the draft updated Housing Element developed in Task 2 will be combined into an Administrative Draft for staff review. Supplementing the components developed in Task 2, as required by State law and described in the Department of Housing and Community Development's "Building Blocks for Effective Housing Elements," the Housing Element will include:
 - Description of how the City of Turlock made a diligent effort to achieve public participation from all economic segments of the community in the development of the updated Housing Element.
 - Demonstration of site development capacity equivalent to, or exceeding, the projected housing need in the RHNA.
 - Conservation and improvement of existing affordable housing stock.
 - Quantification of objectives by income level for the construction, rehabilitation, and conservation of housing.
 - An eight-year (from adoption in 2015 until the end of the planning period in 2023) schedule of actions to achieve the goals and objectives of the Housing Element.
- B. City Review of HCD Draft.** The Administrative Draft will be submitted to City staff and then revised based on a consolidated set of City staff comments. Staff comments on the Administrative Draft will be used to prepare a HCD Review Draft.
- C. Planning Commission Study Session#2.** The HCD Draft will be reviewed with the Planning Commission. Key objectives, policies, and/or action programs (such as zoning

changes and new or revised housing programs, etc.) will be reviewed, and any necessary changes incorporated into the draft that is reviewed by the City Council and then sent to HCD.

D. HCD Streamlined Review Submittal/Public Review Draft Updated Housing Element.

The Draft Updated Housing Element shall be submitted to HCD for review, with the goal of gaining certification on the first iteration, but understanding that this is uncommon. D&B shall prepare the Housing Element in the format required for Streamlined Review, including:

- The Streamlined Review template that shows where changes were made to the previously adopted Housing Element, and
- A transmittal letter to HCD detailing how the updated Housing Element meets State requirements.

Following an initial formally scheduled conference call with HCD, our intention will be to resolve any remaining outstanding issues via email and brief phone calls if necessary. If required, a second HCD Review Draft, with revisions in underline/strikeout format will be prepared. Meetings and/or conference calls with HCD and City staff to discuss comments will be scheduled as necessary and changes necessary for HCD approval will be made.

Following HCD review and approval, the Hearing Draft of the updated Housing Element will be finalized.

Task 4: Environmental Review and Adoption

- A. Environmental Review.** D&B assumes that based on housing development capacity under the existing Housing Element, along with changes in sites and capacity in the new General Plan, only a Negative Declaration will be required, which D&B will prepare. D&B will also prepare the Notice of Intent and Notice of Completion. The City shall be responsible for submission of the Negative Declaration and associated notification to the State Clearinghouse. Environmental review of the Housing Element is anticipated to occur while the Element is being reviewed by HCD.
- B. Hearings.** D&B will participate in one hearing on the Housing Element with the Planning Commission and one with the City Council.

C. Adopted Housing Element. Following City Council action, the adopted Housing Element will be prepared.

3 Budget

The total cost for the scope of work is **\$48,840**. Tables showing hours and fees by personnel and task are found on the following page. This budget includes all consultant labor and direct costs, including travel and printing of documents. As Dyett & Bhatia prepared the current Housing Element, General Plan, and EIR, and because the City is eligible for streamlined review having met the requirements of HCD, this update will represent a significant cost savings. An estimate of both hours and costs are identified in the table that follows.

Our budget is based on the following assumptions:

- A. Meeting Attendance.** The guaranteed maximum fee provides for: one (1) kickoff meeting, one (1) Housing Forum, up to two (2) stakeholder interviews/discussions (phone); two (2) Planning Commission workshops; and two (2) public hearings. The costs of additional meeting attendance would be on a time and materials basis if requested; such costs are not included within the guaranteed maximum fee. Mileage is billed at the IRS-permitted maximum. Other direct costs and travel-related expenses are billed at no mark-up.
- B. Consolidated Comments and Direction.** City staff will provide a single set of consolidated comments on the review drafts of all documents.
- C. Printing.** We will provide digital files of documents in Word and Adobe PDF formats of all draft and interim products. All graphs, illustrations, and tables shall be prepared so that black and white copies will be readable; the housing sites map may be prepared in color. In addition, 10 hard copies (printed and bound) will be provided of the final adopted Housing Element.
- D. Negative Declaration.** This budget assumes that only a Negative Declaration will be required. If a greater level of environmental review is needed due to changes in land use/zoning, the budget may increase.

Council Synopsis

February 24, 2015

From: Allison Van Guilder, Parks, Recreation & Public Facilities, Director
Prepared by: Allison Van Guilder, Parks, Recreation & Public Facilities, Director
Agendized by: Roy Wasden, City Manager

1. ACTION RECOMMENDED:

Motion: Accepting the Carnegie Arts Foundation Annual Report 2014

Motion: Approving a new fee schedule ("Exhibit A") for the Carnegie Arts Center and amendment number 3 ("Exhibit B") to the lease agreement between the City of Turlock and The Carnegie Arts Center Foundation, a California non-profit corporation, for the City owned area and building located at 250 North Broadway, Turlock, California (Carnegie Arts Center)

2. DISCUSSION OF ISSUE:

The City of Turlock and the Carnegie Arts Center Foundation, Turlock, (CACF) have a lease agreement signed on October 30, 2009, for the use and operation of the Carnegie Arts Center facility. According to item 5(n) in the Agreement, ***"Lessee shall obtain City approval of any and all use fees, rental charges, or any and all other fees that Lessee intends to charge."***

The CACF has operated the Carnegie for three years under the terms of the Lease Agreement and original fees established therein for facility rentals. In order to continue smooth operations and cover rising costs for staffing and overhead, the CACF requests the authority to set new fees and raise existing fees on an as-needed basis. All fees would be reported to the Council in the required annual reports.

In addition to rental fees, CACF staff members have been setting fees for classes, memberships and event tickets on a case-by-case basis over the first three years. As part of any normal business operation, in order to respond to customers and the needs of our community, adjustment of fees should occur as a routine matter. Each new event or situation may require new fees, one-time charges, etc. These adjustments should not require individual Council approval each time. A more streamlined process would allow the CACF to set and adjust

fees as necessary and report them as part of the Annual Report to the City, allowing the Council to question or request clarification during the report.

As the CACF has operated the Carnegie for three years, the actual cost for providing services (especially to rental customers) has become apparent. Staff time, wear and tear, and utility costs all continue to increase, and rates set three years ago do not reflect current expenses to provide services.

The CACF is committed to providing affordable classes and events for the community; a scholarship fund and a transportation fund have been established to provide financial assistance to low income residents and the area's schools to participate in Carnegie programs. The CACF is also committed to continuing to offer a substantial discount on facility rentals to area not-for-profit organizations and partnering arts groups (such as the Turlock Unified School District, CSU Stanislaus, Sunshine Strummers Seniors Ukulele Group, One Performing Arts Dance Company, Turlock Youth Performing Arts, Modesto-Stanislaus Poetry Center, etc.).

3. BASIS FOR RECOMMENDATION:

Strategic Plan Initiative H: Community Programs, Facilities, and Infrastructure Goals:

b-iv Develop ongoing community partnerships, collaborations and sponsorships which will result in enhanced programming and services to the community as well as leveraging City resources.

c-i Partner with community stakeholders to promote Turlock as a tourist destination for the arts, sports, facilities, and special events.

4. FISCAL IMPACT / BUDGET AMENDMENT:

Fiscal Impact: The proposal has no impact on the City budget; the proposal will allow the CACF to evaluate revenue sources and maximize revenue for ongoing operations at the Carnegie Arts Center.

5. CITY MANAGER'S COMMENTS:

Recommend approval.

6. ENVIRONMENTAL DETERMINATION:

N. A.

7. ALTERNATIVES:

- A. Council could choose to accept only the updated fee schedule and not approve the CACF to adjust fees on an as-needed basis. This alternative would continue to hamper the CACF's ability to respond to changing economic conditions, resulting in lost revenue to the CACF.
- B. Council could choose to reject any fee changes. This alternative would result in lost revenue to CACF.

EXECUTIVE SUMMARY

The Carnegie Arts Center continues to expand its reach and fulfill its mission to provide a venue where the arts can thrive. Exhibitions and programs attract wide-ranging audiences, including regional artists, college students, art lovers from Santa Cruz to Sacramento, and school children from Merced, Stanislaus and San Joaquin Counties. The Calendar of Events that was published three times in 2014 will expand to four issues in 2015 to cover the growing number of activities at the Carnegie. New partnerships were developed this year with Turlock High School Drama and CSU Stanislaus Jazz Studies to present a number of exciting new events.

Challenges presented by the unexpected retirement of our founding Executive Director, Rebecca Phillips Abbott, in February were met with determination by the board and staff. We continue to work as a team, adding new staff and board members to maintain momentum. While finances show an anticipated shortfall in unrestricted revenue, income generated by the growing Endowment Fund bridged that gap in 2014. Donations to restricted funds for scholarships and school buses topped \$20,000. Our visitors and community members continue to remark to all of us that the Carnegie represents the very best of Turlock and serves as a model for other communities.

EXHIBITIONS

Major undertakings for the year included *Carnegie Rocks!*, the first exhibit to bring design (guitars, costumes, graphic arts) and music into the gallery. The *Roman Loranc* exhibition has been selected for potential traveling opportunities by Landau Traveling Exhibitions; their company will make the show — organized by Rebecca Phillips Abbott for the Carnegie — available to museums and galleries throughout North America. The *Central California Art Showcase* was a first-time collaboration with the Mistlin Gallery in Modesto. By partnering on a single show, both galleries increased artist participation by more than 100%. *Joan Miró: Fantastic Universe*, organized by Blair-Murrah Traveling Exhibitions, featured one of the most important abstract artists of the 20th century and continued our ability to promote the Carnegie as a great resource for school tours.

Programs continued to highlight the important exhibitions and featured all art forms with a variety of events. Popular monthly series like Family Fridays and Sunday Arts Lectures continued. A new Music Series was started in the Fall through collaboration with the Jazz Studies program at CSU Stanislaus. CLASSES

Increasing class enrollment continues to be a challenge. Marketing and advertising have been attempted through various channels, but overall enrollment has not increased. Major donations this Fall to the Justin Ferrari Memorial Scholarship Fund, called "*Express Yourself*," will allow us to offer 85% tuition reductions to qualifying students. Publicity and outreach on the availability of these funds will be made through the schools and social service agencies. We expect to see an increase in low-income students by Summer of 2015.

REVENUE & EXPENSE

Temporarily restricted revenue includes donations made to the School Bus Transportation Fund; these funds are expended as needed to cover reimbursements to schools for field trip transportation. Also temporarily restricted are the two Memorial Scholarship Funds; these are transferred into the class revenues when a student is awarded funding for a class. While general operating expenses exceeded revenue, the income generated from the Endowment covered the shortfall, allowing the Carnegie to finish the 2013-14 fiscal year in the black.

Total Unrestricted and Temporarily Restricted Revenue FY 2013-14: \$422,133

Total Expense FY 2013-14: \$446,736

1. ACTION RECOMMENDED:

Motion: Approving a multifamily rehabilitation loan and any necessary tenant relocation of the property located at 1480 Lambert Way, Turlock, California, in the amount of \$270,000 as outlined in Attachment A

Motion: Approving the sale of the property located at 1480 Lambert Way, Turlock, California (APN 061-040-004-000), to be sold to We Care, a non-profit organization, in the amount of \$350,000, subject to the terms and conditions as outlined in Attachment B

2. DISCUSSION OF ISSUE:

On July 8, 2014 City council approved to authorize the City of Turlock, acting as the lead agency of the Turlock/ Stanislaus County Home Consortium, to use reallocated HOME funds to further affordable housing opportunities through the purchase, resale or granting of residential real property to eligible organizations and households.

After reviewing the immediate needs of the HOME Consortium members it was determined that the greatest need and use of funds would be for the acquisition of property(ies) in Turlock. These funds were used to acquire 2 single family homes and 1 four-plex in Turlock. The two single family homes were sold to eligible families shortly after the acquisition,

The four-plex that was acquired is located at 1480 Lambert Way in Turlock. It was selected due to its location, price, and proximity to services. It currently is occupied by four families. It is the desire of the Housing Program to completely rehabilitate these units using its Community Development Block Grant (CDBG) funds. The rehabilitation portion of this project is an activity that is regularly done

within the structure of the program. However, due to the magnitude of the rehabilitation, staff felt that Council authorization was required.

The CDBG program is a flexible program that provides communities with resources to address a wide range of unique community development needs. The CDBG entitlement program allocates annual grants to larger cities and urban counties to develop viable communities by providing decent housing, a suitable living environment, and opportunities to expand economic opportunities, principally for low- and moderate-income persons.

The CDBG program works to ensure decent affordable housing and to provide services to the most vulnerable in our communities. CDBG is an important funding tool that is used to assist Turlock to address some of its most serious challenges facing its community.

Each activity must meet one of the following national objectives for the program: benefit low- and moderate-income persons, prevention or elimination of slums or blight, or address community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community for which other funding is not available. The purchase of the Lambert property meets each of these objectives.

Even though the City of Turlock currently owns the property, the intention is to rehabilitate the property bringing it up to 'Basic Housing Quality Standards' and selling the property to a non -profit agency, as prescribed in the City's current Consolidated Plan.

The CDBG program can also be used as a tool to build capacity for non -profit agencies to become more financially stable and self-sufficient. If approved, the Lambert property will be sold to We Care, a non- profit California Corporation for the use of transitional and rental housing to provide decent, safe and affordable housing to four low income families. The monthly rents received by the organization will allow the agency to develop alternative sources of unrestricted revenue that can be used to leverage other grants, such as Emergency Shelter Solutions Funds. This opportunity will also provide affordable housing to transitional or low income families. In addition, these units will serve as an asset to the nonprofit agency and enable them to apply for state and federal funds that are not within their grasp now, due to a lack of unrestricted matching funds.

Under the CDBG guidelines, a property cannot be sold for more than the appraised value. The appraised after rehabilitation value of the property has been determined to be \$350,000.00. The total project costs associated with this property are as follows:

Acquisition	\$267,500
Estimated rehabilitation	225,000
Estimated tenant relocation	45,000
Total expenditure	\$537,500

The loans that will be provided to We Care will be provided in the following manner; HOME Deed and Promissory Note and CDBG Deed and Promissory Note.

The HOME Deed and Note will be in the amount of \$110,000. This will be a fifteen year forgivable loan. The 15 year term of the Deed was determined by the affordability period requirement of the HOME program as determined by the United States Department of Housing and Urban Development (HUD). Should We Care not comply with the terms of Deed and Note, the property will revert back to the City of Turlock.

As previously mentioned, per HUD guidelines, a property cannot be sold for more than the after rehabilitation value, therefore the remaining \$240,000 will be provided to WeCare as a CDBG loan. This loan will be a shared equity loan with no term limit. When or if the property is ever sold, transferred, or no longer meeting the CDBG requirements for rental housing, the City will recover a shared portion of the property value after recovering its initial loan amount of \$240,000. It is expected that the property values will continue to increase and the City, would be able to recover its full investment amount at the time the loan is repaid.

Turlock is responsible for seeing that CDBG and HOME funds are spent in accordance with each program requirements and in a way that is consistent with the Consolidated Plan and Annual Action Plan. Participating jurisdictions may use HOME and CDBG funds for a variety of housing activities, according to local housing needs. Eligible uses of funds include tenant-based rental assistance; housing rehabilitation; assistance to homebuyers; and new construction of housing. HOME funding may also be used for site acquisition, site improvements, demolition, relocation, and other necessary and reasonable activities related to the development of non-luxury housing. Funds may not be used for public housing development, public housing operating costs, or for Section 8 tenant-based assistance, nor may they be used to provide non-federal matching contributions for other federal programs, for operating subsidies for rental housing, or for activities under the Low-Income Housing Preservation Act.

As part of this effort, Turlock has taken steps to enhance affordable housing throughout all the communities and build capacity of some of our nonprofit service providers to enhance that affordable housing continuum. While Council has previously authorized and delegated authority for such program as the

Neighborhood Stabilization Program to purchase and sell residential property, there has never been authorization for staff to engage in these activities in the context of the CDBG or HOME program.

Staff believes that with previous experience of such programs, there is both experience and capacity to execute these activities successfully and in a timely manner.

The Housing Program Services Division is continuously seeking outside funding sources and improving its programs. This opportunity allows the City to expand and enhance services to the community through its partnership with one of our local homeless services providers.

3. BASIS FOR RECOMMENDATION:

This type of project has been planned for as part of the City's 2010-2015 Consolidated Plan. Specifically on page 3-11, it states that:

Acquisition and Single-Multifamily Rehabilitation

The City of Turlock/HOME Consortium will develop a strategy to acquire and rehabilitate rental units exhibiting deferred maintenance or poor property management, especially duplexes, triplexes and four-plexes. The City of Turlock/HOME Consortium will prioritize funding in areas where multiple parcels can be acquired.

Where feasible, the City of Turlock/HOME Consortium will convert the units to owner occupancy. If the units are to be retained as rental units, the City will turn the units over to a non-profit or other community-based organization to own and manage as affordable rental units.

Funding for this project is in accordance with the Consolidated Plan and will allow the City of Turlock Housing Program Services the opportunity to provide homes to low income families and organizations that serve that demographic.

Strategic Plan Initiative: SOCIAL INFRASTRUCTURE - HOUSING RESOURCES:

1) GOALS:

- b. Address housing concerns:
 - i) Older neighborhoods rehabilitation
 - ii) Homeless issues
 - iii) Develop transitional housing
 - iv) Develop senior housing
 - v) Transit oriented housing
 - vi) Seek out new grant and funding opportunities

4. FISCAL IMPACT / BUDGET AMENDMENT:

There will be no impact to the General Fund.

5. CITY MANAGER'S COMMENTS:

Recommend approval.

6. ENVIRONMENTAL DETERMINATION:

The action to approve the application for funding is exempt from the provisions of the California Environmental Quality Act (CEQA). Although it is anticipated that all actions to be funded using this program will be ministerial in nature, and as such are exempt from CEQA pursuant to either Section 15268 (Ministerial Projects), Section 15267 (Financial Assistance to Low or Moderate Income Housing), and/or Section 15301 (Existing Facilities) of the CEQA Guidelines, individual projects or actions will be reviewed upon identification of the specific properties to determine the appropriate level of CEQA review. All projects will also be reviewed for compliance with the National Environmental Policy Act (NEPA).

7. ALTERNATIVES:

- A. The Council could deny the authorization for such an effort. This alternative is not recommended as this effort allows the City of Turlock in its leadership role to assist the City of Turlock with viable opportunities to enhance affordable housing stock.

1480 Lambert – HOME and CDBG funds

This HOME and CDBG Loan Agreement (the “Agreement”) is dated _____, 2015, and is between the CITY OF TURLOCK, a political subdivision of the State of California (the “City”), and WE CARE PROGRAM-TURLOCK, a California limited liability company (“Borrower”).

RECITALS

A. Defined terms used but not defined in these recitals are as defined in Article 1 of this Agreement.

B. The City has received Home Investment Partnership Program funds (“HOME” Funds”) from the United States Department of Housing and Urban Development (“HUD”) created under the National Affordable Housing Act of 1990 (NAHA), as amended. Such funds must be used by the City in accordance with 24 CFR Part 92 et seq.

C. The City has received Community Development Block Grant (“CDBG Funds”) from the United States Department of Housing and Urban Development (“HUD”). The statutory and regulatory provisions govern the Community Development Block Grant (“CDBG”) program under Title I of the Housing and Community Development Act of 1974 (42 U.S.C. 5301 et seq.), as amended.

D. Borrower intends to acquire the real property commonly known as 1480 Lambert Way, located in the City of Turlock, County of Stanislaus, State of California, and more particularly described in Exhibit “A” (the “Property”) pursuant to a Purchase and Sale Agreement and Joint Escrow instructions between city and borrower dated substantially concurrently herewith (“Purchase Agreement”) for Three Hundred Fifty Thousand (\$350,000.00), which is being leased by City to Borrower as purchase money financing pursuant to the terms hereof.

E. The Property is the site of a fourplex that contain a total of four (4) apartments. F. Borrower desires to borrow the purchase price from the City and the City desires to lend the purchase price to Borrower in the form of two loans (reflecting that both CDBG and HOME funds were used by City to acquire and renovate the Development. The loans shall consist of One Hundred Ten Thousand Dollars (\$110,000.00) in HOME Funds (the “HOME Loan”) and Two Hundred Forty Thousand Dollars (\$240,000.00) in CDBG Funds (the “CDBG Loan”) (collectively, the “Loans”). The Development will maintain the supply of affordable rental housing in the City of Turlock.

G. The Loans will be (i) evidenced by two promissory notes, (ii) conditioned on the parties entering into a Regulatory Agreement, and (iii) each loan will be secured by a separate deed of trust.

H. Due to the assistance provided to Borrower through the Loans, the City is classifying four (4) units in the Development as assisted units (each such unit, a “City-Assisted Unit”).

I. The City has concluded that actions contemplated by this Agreement are exempt from the California Environmental Quality Act (Public Resources Code Sections 21000 et seq.) (“CEQA”).

J. In accordance with the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4321-4347) (“NEPA”), the City has completed and approved all applicable environmental review for the activities proposed to be undertaken under this Agreement.

(c) The City has the right to join and participate in, as a party if it so elects, any legal proceedings or actions initiated in connection with any Hazardous Materials Claims and to have its reasonable attorneys’ fees in connection therewith paid by Borrower. Borrower shall indemnify and hold harmless the City and its board members, supervisors, directors, officers, employees, agents, successors and assigns from and against any loss, damage, cost, expense or liability directly or indirectly arising out of or attributable to the use, generation, storage, release, threatened release, discharge, disposal, or presence of Hazardous Materials on, under, or about the Property including without limitation: (i) all foreseeable consequential damages, (ii) the costs of any required or necessary repair, cleanup or detoxification of the Property and the preparation and implementation of any closure, remedial or other required plans, and (iii) all reasonable costs and expenses incurred by the City in connection with clauses (i) and (ii), including but not limited to reasonable attorneys’ fees and consultant’s fees. This indemnification applies whether or not any government agency has issued a cleanup order. Losses, claims, costs, suits, liability, and expenses covered by this indemnification provision

include, but are not limited to: (1) losses attributable to diminution in the value of the Property, (2) loss or restriction of use of rentable space on the Property, (3) adverse effect on the marketing of any rental space on the Property, and (4) penalties and fines levied by, and remedial or enforcement actions of any kind issued by any regulatory agency (including but not limited to the costs of any required testing, remediation, repair, removal, cleanup or detoxification of the Property and surrounding properties). This obligation to indemnify will survive termination of this Agreement.

(d) Without the City's prior written consent, which will not be unreasonably withheld, Borrower may not take any remedial action in response to the presence of any Hazardous Materials on, under or about the Property, nor enter into any settlement agreement, consent decree, or other compromise in respect to any Hazardous Material Claims, which remedial action, settlement, consent decree or compromise might, in the City's judgment, impair the value of the City's security hereunder; provided, however, that the City's prior consent is not necessary in the event that the presence of Hazardous Materials on, under, or about the Property either poses an immediate threat to the health, safety or welfare of any individual or is of such a nature that an immediate remedial response is necessary and it is not reasonably possible to obtain the City's consent before taking such action, provided that in such event Borrower shall notify the City as soon as practicable of any action so taken. The City agrees not to withhold its consent, where such consent is required hereunder, if (i) a particular remedial action is ordered by a court of competent jurisdiction, (ii) Borrower will or may be subjected to civil or criminal sanctions or penalties if it fails to take a required action, (iii) Borrower establishes to the satisfaction of the City that there is no reasonable alternative to such remedial action which would result in less impairment of the City's security hereunder, or (iv) the action has been agreed to by the City.

(e) Borrower hereby acknowledges and agrees that (i) this Section is intended as the City's written request for information (and Borrower's response) concerning the environmental condition of the Property as required by California Code of Civil Procedure Section 726.5, and (ii) each representation and warranty in this Agreement (together with any indemnity obligation applicable to a breach of any such representation and warranty) with respect to the environmental condition of the Property is intended by the Parties to be an "environmental provision" for purposes of California Code of Civil Procedure Section 736.

(f) In the event that any portion of the Property is determined to be "environmentally impaired" (as that term is defined in California Code of Civil Procedure Section 726.5(e)(3)) or to be an "affected parcel" (as that term is defined in California Code of Civil Procedure Section 726.5(e)(1)), then, without otherwise limiting or in any way affecting the City's or the trustee's rights and remedies under the Deed of Trust, the City may elect to exercise its rights under California Code of Civil Procedure Section 726.5(a) to (i) waive its lien on such environmentally impaired or affected portion of the Property and (ii) exercise (1) the rights and remedies of an unsecured creditor, including reduction of its claim against Borrower to judgment, and (2) any other rights and remedies permitted by law. (b) If economically feasible in the City's judgment after consultation with Borrower, if any improvement now or in the future on the Property is damaged or destroyed, then Borrower shall, at its cost and expense, diligently undertake to repair or restore such improvement consistent with the plans and specifications approved by the City with such changes as have been approved by the City. Such review may include an on-site inspection of the Project (including unit interiors). If such an on-site inspection of the Project is to be undertaken, City shall coordinate such inspection with Developer. The affirmative marketing plan includes the following components listed in 24 C.F.R. §921.351(b) which are as follows:

(f) Compliance with Laws; Consents and Approvals. The acquisition of the Development will comply with all applicable laws, ordinances, rules and regulations of federal, state and local governments and agencies and with all applicable directions, rules and regulations of the fire marshal, health officer, building inspector and other officers of any such government or agency.

ARTICLE 5 DEFAULT AND REMEDIES

Section 5.1 Events of Default.

(c) Default Under Other Loans. A default is declared under any other financing for the Development by the lender of such financing and such default remains uncured following any applicable notice and cure period.

(d) Insolvency. A court having jurisdiction makes or enters any decree or order (i) adjudging Borrower to be bankrupt or insolvent, (ii) approving as properly filed a petition seeking reorganization of Borrower, or seeking any arrangement for Borrower under the bankruptcy law or any other applicable debtor's relief law or statute of the United States or any state or other jurisdiction, (iii) appointing a receiver, trustee, liquidator, or assignee of Borrower in bankruptcy or insolvency or for any of their properties, (iv) directing the winding up or liquidation of Borrower if any such decree or order described in clauses (i) to (iv), inclusive, is unstayed or undischarged for a period of ninety (90) calendar days; or (v) Borrower admits in writing its inability to pay its debts as they fall due or will have voluntarily submitted to or filed a petition seeking any decree or order of the nature described in clauses (i) to (iv), inclusive. The occurrence of any of the Events of Default in this paragraph will act to accelerate automatically, without the need for any action by the City, the indebtedness evidenced by the Note.

(e) Assignment; Attachment. Borrower assigns its assets for the benefit of its creditors or suffers a sequestration or attachment of or execution on any substantial part of its property, unless the property so assigned, sequestered, attached or executed upon is returned or released within ninety (90) calendar days after such event or, if sooner, prior to sale pursuant to such sequestration, attachment, or execution. The occurrence of any of the events of default in this paragraph shall act to accelerate automatically, without the need for any action by the City, the indebtedness evidenced by the Note.

(f) Suspension; Termination. Borrower voluntarily suspends its business or, the partnership is dissolved or terminated, other than a technical termination of the partnership for tax purposes.

(g) Liens on Property and the Development. Section 5.2 Remedies.

Upon the occurrence of an Event of Default and until such Event of Default is cured or waived, the City is relieved of any obligation to disburse any portion of the Loan. In addition, upon the occurrence of an Event of Default and following the expiration of all applicable notice and cure periods the City may proceed with any and all remedies available to it under law, this Agreement, and the other Loan Documents. Such remedies include but are not limited to the following:

(a) Acceleration of Note. The City may demand repayment of all indebtedness of Borrower to the City under this Agreement and the Notes. Borrower waives all right to presentment, demand, protest or notice of protest or dishonor. The City may proceed to enforce payment of the indebtedness and to exercise any or all rights afforded to the City as a creditor and secured party under the law, including the Uniform Commercial Code, including foreclosure under one or both the Deeds of Trust. Borrower is liable to pay the City on demand all reasonable expenses, costs and fees (including, without limitation, reasonable attorney's fees and expenses) paid or incurred by the City in connection with the collection of the Loan and any such foreclosure the preservation, maintenance, protection, sale, or other disposition of the security given for the Loan.

(c) Right to Cure at Borrower's Expense. The City has the right (but not the obligation) to cure any monetary default by Borrower under a loan other than the Loan. Upon demand therefore, Borrower shall reimburse the City for any funds advanced by the City to cure such monetary default, together with interest from the date of expenditure until the date of reimbursement at the Default Rate.

Section 5.3 Right of Contest.

Borrower may contest in good faith any claim, demand, levy, or assessment the assertion of which would constitute an Event of Default hereunder. Any such contest is to be prosecuted diligently and in a manner unprejudicial to the City or the rights of the City hereunder.

Section 5.4 Remedies Cumulative.

No right, power, or remedy given to the City by the terms of this Agreement or the other Loan Documents is intended to be exclusive of any other right, power, or remedy; and each and every such right, power, or remedy is cumulative and in addition to every other right, power, or remedy given to the City by the terms of any such instrument, or by any statute or otherwise against Borrower and any other person. Neither the failure nor any delay on the part of the City to exercise any such rights and remedies will operate as a waiver thereof, nor does any single or partial exercise by the City of any such right or remedy preclude any other or further exercise of such right or remedy, or any other right or remedy.

ARTICLE 6 GENERAL PROVISIONS

Section 6.1 Relationship of Parties.

Nothing contained in this Agreement is to be interpreted or understood by any of the Parties, or by any third persons, as creating the relationship of employer and employee, principal and agent, limited or general partnership, or joint venture between the City and Borrower or its agents, employees or contractors, and Borrower will at all times be deemed an independent contractor and to be wholly responsible for the manner in which it or its agents, or both, perform the services required of it by the terms of this Agreement. Section 6.3 Amendments.

No alteration or variation of the terms of this Agreement is valid unless made in writing by the Parties. The City Housing Manager is authorized to execute on behalf of the City amendments to the Loan Documents or amended and restated Loan Documents as long as any discretionary change in the amount or terms of this Agreement is approved by the City Council.

Agreement

ARTICLE 1. PURCHASE AND SALE.

In consideration of the Buyer’s expenditure of funds to pay costs of investigating title to and the physical condition of the Property and the Seller’s incurring costs in preparing this Agreement and acquiring the Property, Seller agrees to sell the Property to Buyer and Buyer agrees to purchase the Property from Seller on the terms and subject to the conditions hereinafter set forth for a price of Three Hundred and Fifty Thousand Dollars (\$350,000.00) (the “Purchase Price”).

ARTICLE 2. ESCROW.

2.1 Opening. The purchase and sale of the Property shall be consummated by means of an escrow, which is to be opened by the parties promptly after the execution of this Agreement at Stewart Title of California, Inc., 2030 West Monte Vista Avenue, City of Turlock, CA 95382 (“Escrow Holder”), Attn: Diane Medina, Escrow Officer (Phone: 209-632-2341); email: DOliveira@stewart.com. The parties shall promptly deliver a copy of this executed Agreement to Escrow Holder.

2.2 Escrow Instructions. Escrow Holder shall open an escrow (“**Escrow**”) for the consummation of the sale of the Property to Buyer pursuant to the terms of this Agreement, and this Agreement shall constitute the joint escrow instructions of Buyer and Seller to Escrow Holder, but each deliver separate escrow instructions consistent with this Agreement. Upon opening Escrow, Escrow Holder is authorized to act in accordance with the terms of this Agreement. Buyer and Seller shall execute Escrow Holder’s general escrow instructions upon

request; provided, however, that if there is any conflict or inconsistency between such general escrow instructions and this Agreement, this Agreement shall control.

2.3 Close of Escrow. Escrow shall close no later than June 15, 2015 (the "Outside Closing Date").

2.4 Costs.

(b) Seller shall pay fifty percent (50%) of the escrow charges and other fees and costs charged by Escrow Holder, the premium for the ALTA Standard Owner's Policy of title insurance, any transfer taxes, and any recording charges.

2.5 Prorations. Rents under existing leases, property taxes and assessments are to be prorated as of the close of escrow.

2.6 Security Deposits. Seller shall deliver to Buyer through escrow at the closing the security deposits under existing leases (totaling \$1,550.00) (the "Deposits").

ARTICLE 3. CONDITIONS TO CLOSE OF ESCROW.

3.1 General. The provisions of this Article are conditions precedent to the close of escrow. If not satisfied or waived in writing by Buyer by the Outside Closing Date, Buyer may terminate this Agreement by written notice to Seller and Escrow Holder shall return the Deposit to Buyer.

3.2 Title. Seller shall cause title to the Property to be conveyed to Buyer, subject only to title exceptions approved by Buyer pursuant to Section 3.3 below (the "Permitted Exceptions"). At closing, Seller shall cause Escrow Holder to issue a Standard Owner's Policy of title insurance insuring title to the Property in Buyer with liability in the amount of the Purchase Price at its cost and Buyer may obtain an ALTA extended coverage policy and shall be required to pay the additional cost of the ATLA Extended Policy of title insurance ("Title Policy"). The Title Policy shall include as title exceptions only prorated property assessments (if any), the Permitted Exceptions, and the printed exceptions common to such title policies. At Closing, Buyer shall cause Escrow Holder to issue, at Buyer's cost, two lender's title policies to Seller in the amounts of \$240,000 and \$110,000 respectively for each of the Seller's two deeds of trust securing the two promissory notes evidencing Seller's purchase money loans to Buyer (aggregating the Purchase Price).

3.3 Approval of Title Exceptions. Buyer shall, upon the signing of this Agreement, order from Escrow Holder for delivery to Buyer a preliminary title report ("Preliminary Title Report") and legible copies of all documents referred to therein covering or relating to the Property. Buyer shall have ten (10) business days from the date of this Agreement to perform an

ALTA survey (if desired by Buyer) and disapprove the exceptions revealed by the survey or listed in the title report by written notice to Seller. Failure to give written notice of disapproval to Seller of some or all of the exceptions shall be deemed to be approval of all exceptions, except for monetary liens, including, but not limited to, property taxes. If Buyer disapproves any exceptions, Seller shall have ten (10) days within which to agree to remove the exception. Seller's failure to give timely written notice of such agreement to remove all disapproved exceptions to Buyer shall be deemed to be refusal, except that Seller shall automatically be deemed to agree to remove monetary liens, including, but not limited to, current taxes. If Seller does not timely and unconditionally agree in writing to remove any other exceptions timely disapproved by Buyer, this Agreement shall terminate without further liability to either party unless Buyer waives its objections in writing. If Seller shall agree to remove any exception objected to by Buyer, Seller shall remove such exception by the Close of Escrow.

Trustor agrees to pay fully and discharge (or cause to be paid fully and discharged) all claims for labor done and for material and services furnished in connection with the Security, diligently to file or procure the filing of a valid notice of cessation upon the event of a cessation of labor on the work or construction on the Security for a continuous period of thirty (30) days or more, and to take all other reasonable steps to forestall the assertion of claims of lien against the Security or any part thereof. Trustor irrevocably appoints, designates and authorizes Beneficiary as its agent (said agency being coupled with an interest) with the authority, but without any obligation, to file for record any notices of completion or cessation of labor or any other notice that Beneficiary deems necessary or desirable to protect its interest in and to the Security or the Loan Documents; provided, however, that Beneficiary exercises its rights as agent of Trustor only in the event that Trustor fails to take, or fails to diligently continue to take, those actions as hereinbefore provided.

Upon demand by Beneficiary, Trustor shall make or cause to be made such demands or claims as Beneficiary specifies upon laborers, materialmen, subcontractors or other persons who have furnished or claim to have furnished labor, services or materials in connection with the Security. Nothing herein contained requires Trustor to pay any claims for labor, materials or services which Trustor in good faith disputes and is diligently contesting provided that Trustor shall, within thirty (30) days after the filing of any claim of lien, record in the Office of the Recorder of Stanislaus County, a surety bond in an amount 1 and 1/2 times the amount of such claim item to protect against a claim of lien.

Section 2.2 Granting of Easements.

Trustor may not grant easements, licenses, rights-of-way or other rights or privileges in the nature of easements with respect to any property or rights included in the Security except those required or desirable for installation and maintenance of public utilities including, without limitation, water, gas, electricity, sewer, telephone and telegraph, or those required by law, and as approved, in writing, by Beneficiary.

Section 2.3 Assignment of Rents.

As part of the consideration for the indebtedness evidenced by the Note, Trustor hereby absolutely and unconditionally assigns and transfers to Beneficiary all the rents and revenues of the Property including those now due, past due, or to become due by virtue of any lease or other

agreement for the occupancy or use of all or any part of the Property, regardless of to whom the rents and revenues of the Property are payable, subject to the rights of senior lenders. Trustor hereby authorizes Beneficiary or Beneficiary's agents to collect the aforesaid rents and revenues and hereby directs each tenant of the Property to pay such rents to Beneficiary or Beneficiary's agents; provided, however, that prior to written notice given by Beneficiary to Trustor of the breach by Trustor of any covenant or agreement of Trustor in the Loan Documents, Trustor shall collect and receive all rents and revenues of the Property as trustee for the benefit of Beneficiary and Trustor to apply the rents and revenues so collected to the Secured Obligations with the balance, so long as no such breach has occurred, to the account of Trustor, it being intended by Trustor and Beneficiary that this assignment of rents constitutes an absolute assignment and not an assignment for additional security only. Upon delivery of written notice by Beneficiary to Trustor of the breach by Trustor of any covenant or agreement of Trustor in the Loan Documents, and without the necessity of Beneficiary entering upon and taking and maintaining full control of the Property in person, by agent or by a court-appointed receiver, Beneficiary shall immediately be entitled to possession of all rents and revenues of the Property as specified in this Section 2.3 as the same becomes due and payable, including but not limited to, rents then due and unpaid, and all such rents will immediately upon delivery of such notice be held by Trustor as trustee for the benefit of Beneficiary only; provided, however, that the written notice by Beneficiary to Trustor of the breach by Trustor contains a statement that Beneficiary exercises its rights to such rents. Trustor agrees that commencing upon delivery of such written notice of Trustor's breach by Beneficiary to Trustor, each tenant of the Property shall make such rents payable to and pay such rents to Beneficiary or Beneficiary's agents on Beneficiary's written demand to each tenant therefor, delivered to each tenant personally, by mail or by delivering such demand to each rental unit, without any liability on the part of said tenant to inquire further as to the existence of a default by Trustor.

Trustor hereby covenants that Trustor has not executed any prior assignment of said rents except in connection with the Bond Loan, that Trustor has not performed, and will not perform, any acts or has not executed and will not execute, any instrument which would prevent Beneficiary from exercising its rights under this Section 2.3, and that at the time of execution of this Deed of Trust, here has been no anticipation or prepayment of any of the rents of the Property for more than two (2) months prior to the due dates of such rents. Trustor covenants that Trustor will not hereafter collect or accept payment of any rents of the Property more than two (2) months prior to the due dates of such rents. Trustor further covenant that Trustor will execute and deliver to Beneficiary such further assignments of rents and revenues of the Property as Beneficiary may from time to time request.

Upon Trustor's breach of any covenant or agreement of Trustor in the Loan Documents, Beneficiary may in person, by agent or by a court-appointed receiver, regardless of the adequacy of Beneficiary's security, enter upon and take and maintain full control of the Property in order to perform all acts necessary and appropriate for the operation and maintenance thereof including, but not limited to, the execution, cancellation or modification of leases, the collection of all rents and revenues of the Property, the making of repairs to the Property and the execution or termination of contracts providing for the management or maintenance of the Property, all on such terms as are deemed best to protect the security of this Deed of Trust. In the event Beneficiary elects to seek the appointment of a receiver for the Property upon Trustor's breach of any covenant or agreement of Trustor in this Deed of Trust, Trustor hereby expressly consents to

the appointment of such receiver. Beneficiary or the receiver will be entitled to receive a reasonable fee for so managing the Property.

All rents and revenues collected subsequent to delivery of written notice by Beneficiary to Trustor of the breach by Trustor of any covenant or agreement of Trustor in the Loan Documents are to be applied first to the costs, if any, of taking control of and managing the Property and collecting the rents, including, but not limited to, attorney's fees, receiver's fees, premiums on receiver's bonds, costs of repairs to the Property, premiums on insurance policies, taxes, assessments and other charges on the Property, and the costs of discharging any obligation or liability of Trustor as lessor or landlord of the Property and then to the sums secured by this deed of Trust. Beneficiary or the receiver is to have access to the books and records used in the operation and maintenance of the Property and will be liable to account only for those rents actually received. Beneficiary is not liable to Trustor, anyone claiming under or through Trustor or anyone having an interest in the Property by reason of anything done or left undone by Beneficiary under this Section 2.3.

If the rents of the Property are not sufficient to meet the costs, if any, of taking control of and managing the Property and collecting the rents, any funds expended by Beneficiary for such purposes will become part of the Secured Obligations pursuant to Section 3.3 hereof. Unless Beneficiary and Trustor agree in writing to other terms of payment, such amounts are payable by Trustor to Beneficiary upon notice from Beneficiary to Trustor requesting payment thereof and will bear interest from the date of disbursement at the rate stated in Section 3.3.

If the Beneficiary or the receiver enters upon and takes and maintains control of the Property, neither that act nor any application of rents as provided herein will cure or waive any default under this Deed of Trust or invalidate any other right or remedy available to Beneficiary under applicable law or under this Deed of Trust. This assignment of rents of the Property will terminate at such time as this Deed of Trust ceases to secure the Secured Obligations.

ARTICLE 3 TAXES AND INSURANCE; ADVANCES

Section 3.1 Taxes, Other Governmental Charges and Utility Charges.

Trustor shall pay, or cause to be paid, prior to the date of delinquency, all taxes, assessments, charges and levies imposed by any public authority or utility company that are or may become a lien affecting the Security or any part thereof; provided, however, that Trustor is not required to pay and discharge any such tax, assessment, charge or levy so long as (a) the legality thereof is promptly and actively contested in good faith and by appropriate proceedings, and (b) Trustor maintains reserves adequate to pay any liabilities contested pursuant to this Section 3.1. With respect to taxes, special assessments or other similar governmental charges, Trustor shall pay such amount in full prior to the attachment of any lien therefor on any part of the Security; provided, however, if such taxes, assessments or charges can be paid in installments, Trustor may pay in such installments. Except as provided in clause (b) of the first sentence of this paragraph, the provisions of this Section 3.1 may not be construed to require that Trustor maintain a reserve account, escrow account, impound account or other similar account for the payment of future taxes, assessments, charges and levies.

In the event that Trustor fails to pay any of the items required by this Section to be paid by Trustor, Beneficiary may (but is under no obligation to) pay the same, after the Beneficiary has notified the Trustor of such failure to pay and the Trustor fails to fully pay such items within seven (7) business days after receipt of such notice. Any amount so advanced therefor by Beneficiary, together with interest thereon from the date of such advance at the maximum rate permitted by law, will become part of the Secured Obligations secured hereby, and Trustor agrees to pay all such amounts.

Section 3.2 Provisions Respecting Insurance.

Trustor agrees to provide insurance conforming in all respects to that required under the Loan Documents at all times until all amounts secured by this Deed of Trust have been paid, all Secured Obligations secured hereunder have been fulfilled, and this Deed of Trust has been reconveyed.

All such insurance policies and coverages are to be maintained at Trustor's sole cost and expense. Certificates of insurance for all of the above insurance policies, showing the same to be in full force and effect, are to be delivered to the Beneficiary upon demand therefor at any time prior to Trustor's satisfaction of the Secured Obligations.

Section 3.3 Advances.

In the event the Trustor fails to maintain the full insurance coverage required by this Deed of Trust or fails to keep the Security in accordance with the Loan Documents, the Beneficiary, after at least seven (7) days prior notice to Trustor, may (but is under no obligation to) (i) take out the required policies of insurance and pay the premiums on the same, and (ii) make any repairs or replacements that are necessary and provide for payment thereof. All amounts so advanced by the Beneficiary will become part of the Secured Obligations (together with interest as set forth below) and will be secured hereby, which amounts the Trustor agrees to pay on the demand of the Beneficiary, and if not so paid, will bear interest from the date of the advance at the lesser of ten percent (10%) per annum or the maximum rate permitted by law.

ARTICLE 4 DAMAGE, DESTRUCTION OR CONDEMNATION

Section 4.1 Awards and Damages.

Subject to the rights of senior lenders, all judgments, awards of damages, settlements and compensation made in connection with or in lieu of (1) the taking of all or any part of or any interest in the Property by or under assertion of the power of eminent domain, (2) any damage to or destruction of the Property or any part thereof by insured casualty, and (3) any other injury or damage to all or any part of the Property (collectively, the "Funds") are hereby assigned to and are to be paid to the Beneficiary by a check made payable to the Beneficiary. The Beneficiary is authorized and empowered (but not required) to collect and receive any Funds and is authorized to apply them in whole or in part to any indebtedness or obligation secured hereby, in such order and manner as the Beneficiary determines at its sole option. The Beneficiary is entitled to settle and adjust all claims under insurance policies provided under this Deed of Trust and may deduct and retain from the proceeds of such insurance the amount of all expenses incurred by it in

connection with any such settlement or adjustment. All or any part of the amounts so collected and recovered by the Beneficiary may be released to Trustor upon such conditions as the Beneficiary may impose for its disposition. Application of all or any part of the Funds collected and received by the Beneficiary or the release thereof will not cure or waive any default under this Deed of Trust. The rights of the Beneficiary under this Section 4.1 are subject to the rights of any senior mortgage lender. The Beneficiary shall release the Funds to Trustor to be used to reconstruct the improvements on the Property provided that Beneficiary reasonably determines that Trustor (taking into account the Funds) has sufficient funds to rebuild the improvements in substantially the form that existed prior to the casualty or condemnation.

ARTICLE 5
AGREEMENTS AFFECTING THE PROPERTY;
FURTHER ASSURANCES; PAYMENT OF PRINCIPAL AND INTEREST

Section 5.1 Other Agreements Affecting Property.

The Trustor shall duly and punctually perform all terms, covenants, conditions and agreements binding upon it under the Loan Documents and any other agreement of any nature whatsoever now or hereafter involving or affecting the Security or any part thereof.

Section 5.2 Agreement to Pay Attorneys' Fees and Expenses.

In the event of any Event of Default (as defined in Section 7.1) hereunder, and if the Beneficiary employs attorneys or incurs other expenses for the collection of amounts due hereunder or the enforcement of performance or observance of an obligation or agreement on the part of the Trustor in this Deed of Trust, the Trustor agrees that it will, on demand therefor, pay to the Beneficiary the reasonable fees of such attorneys and such other reasonable expenses so incurred by the Beneficiary. Any such amounts paid by the Beneficiary will be added to the Secured Obligations, and will bear interest from the date such expenses are incurred at the lesser of ten percent (10%) per annum or the maximum rate permitted by law.

Section 5.3 Payment of the Principal.

The Trustor shall pay to the Beneficiary the Principal and any other payments as set forth in the Note in the amounts and by the times set out therein.

Section 5.4 Personal Property.

To the maximum extent permitted by law, the personal property subject to this Deed of Trust is deemed to be fixtures and part of the real property and this Deed of Trust constitutes a fixtures filing under the California Commercial Code. As to any personal property not deemed or permitted to be fixtures, this Deed of Trust constitutes a security agreement under the California Commercial Code.

Section 5.5 Financing Statement.

The Trustor shall execute and deliver to the Beneficiary such financing statements pursuant to the appropriate statutes, and any other documents or instruments as are required to

convey to the Beneficiary a valid perfected security interest in the Security. The Trustor shall perform all acts that the Beneficiary reasonably requests so as to enable the Beneficiary to maintain a valid perfected security interest in the Security in order to secure the payment of the Note in accordance with its terms. The Beneficiary is authorized to file a copy of any such financing statement in any jurisdiction(s) as it deems appropriate from time to time in order to protect the security interest established pursuant to this instrument.

Section 5.6 Operation of the Security.

The Trustor shall operate the Security (and, in case of a transfer of a portion of the Security subject to this Deed of Trust, the transferee shall operate such portion of the Security) in full compliance with the Loan Documents.

Section 5.7 Inspection of the Security.

At any and all reasonable times upon seventy-two (72) hours' notice, the Beneficiary and its duly authorized agents, attorneys, experts, engineers, accountants and representatives, may inspect the Security, without payment of charges or fees.

Section 5.8 Nondiscrimination.

The Trustor herein covenants by and for itself, its heirs, executors, administrators, and assigns, and all persons claiming under or through them, that there will be no discrimination against or segregation of, any person or group of persons on account of race, color, creed, religion, age, sex, sexual orientation, marital status, national origin or ancestry in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the Security, nor will the Trustor itself or any person claiming under or through it establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees in the Security. The foregoing covenants run with the land.

ARTICLE 6 HAZARDOUS WASTE

Trustor shall keep and maintain the Property in compliance with, and shall not cause or permit the Property to be in violation of any federal, state or local laws, ordinances or regulations relating to industrial hygiene or to the environmental conditions on, under or about the Property including, but not limited to, soil and ground water conditions. Trustor shall not use, generate, manufacture, store or dispose of on, under, or about the Property or transport to or from the Property any flammable explosives, radioactive materials, hazardous wastes, toxic substances or related materials, including without limitation, any substances defined as or included in the definition of "hazardous substances," "hazardous wastes," "hazardous materials," or "toxic substances" under any applicable federal or state laws or regulations (collectively referred to hereinafter as "Hazardous Materials") except such of the foregoing as may be customarily used in construction or operation of a multi-family residential development.

Trustor shall immediately advise Beneficiary in writing if at any time it receives written notice of: (i) any and all enforcement, cleanup, removal or other governmental or regulatory

actions instituted, completed or threatened against Trustor or the Property pursuant to any applicable federal, state or local laws, ordinances, or regulations relating to any Hazardous Materials, (“Hazardous Materials Law”); (ii) all claims made or threatened by any third party against Trustor or the Property relating to damage, contribution, cost recovery compensation, loss or injury resulting from any Hazardous Materials (the matters set forth in clauses (i) and (ii) above are hereinafter referred to as “Hazardous Materials Claims”); and (iii) Trustor’s discovery of any occurrence or condition on any real property adjoining or in the vicinity of the Property that could cause the Property or any part thereof to be classified as “border-zone property” (as defined in California Health and Safety Code Section 25117.4) under the provision of California Health and Safety Code Section 25220 et seq., or any regulation adopted in accordance therewith, or to be otherwise subject to any restrictions on the ownership, occupancy, transferability or use of the Property under any Hazardous Materials Law.

Beneficiary has the right to join and participate in, as a party if it so elects, any legal proceedings or actions initiated in connection with any Hazardous Materials Claims and to have its reasonable attorneys’ fees in connection therewith paid by Trustor. Trustor shall indemnify and hold harmless Beneficiary and its board members, supervisors, directors, officers, employees, agents, successors and assigns from and against any loss, damage, cost, expense or liability directly or indirectly arising out of or attributable to the use, generation, storage, release, threatened release, discharge, disposal, or presence of Hazardous Materials on, under, or about the Property including without limitation: (a) all foreseeable consequential damages; (b) the costs of any required or necessary repair, clean-up or detoxification of the Property and the preparation and implementation of any closure, remedial or other required plans; and (c) all reasonable costs and expenses incurred by Beneficiary in connection with clauses (a) and (b), including but not limited to reasonable attorneys’ fees and consultant’s fees. This indemnification applies whether or not any government agency has issued a clean-up order. Losses, claims, costs, suits, liability, and expenses covered by this indemnification provision include, but are not limited to: (1) losses attributable to diminution in the value of the Property; (2) loss or restriction of use of rentable space on the Property; (3) adverse effect on the marketing of any rental space on the Property; and (4) penalties and fines levied by, and remedial or enforcement actions of any kind issued by any regulatory agency (including but not limited to the costs of any required testing, remediation, repair, removal, clean-up or detoxification of the Property and surrounding properties).

Without Beneficiary’s prior written consent, which may not be unreasonably withheld, Trustor may not take any remedial action in response to the presence of any Hazardous Materials on, under or about the Property, nor enter into any settlement agreement, consent decree, or other compromise in respect to any Hazardous Material Claims, which remedial action, settlement, consent decree or compromise might, in Beneficiary’s reasonable judgment, impairs the value of the Beneficiary’s security hereunder; provided, however, that Beneficiary’s prior consent is not necessary in the event that the presence of Hazardous Materials on, under, or about the Property either poses an immediate threat to the health, safety or welfare of any individual or is of such a nature that an immediate remedial response is necessary and it is not reasonably possible to obtain Beneficiary’s consent before taking such action, provided that in such event Trustor notifies Beneficiary as soon as practicable of any action so taken. Beneficiary agrees not to withhold its consent, where such consent is required hereunder, if (i) a particular remedial action is ordered by a court of competent jurisdiction; (ii) Trustor will or may be subjected to civil or

criminal sanctions or penalties if it fails to take a required action; (iii) Trustor establishes to the reasonable satisfaction of Beneficiary that there is no reasonable alternative to such remedial action which would result in less impairment of Beneficiary's security hereunder; or (iv) the action has been agreed to by Beneficiary.

The Trustor hereby acknowledges and agrees that (i) this Article is intended as the Beneficiary's written request for information (and the Trustor's response) concerning the environmental condition of the Property as required by California Code of Civil Procedure Section 726.5, and (ii) each representation and warranty in this Deed of Trust or any of the other Loan Documents (together with any indemnity applicable to a breach of any such representation and warranty) with respect to the environmental condition of the property is intended by the Beneficiary and the Trustor to be an "environmental provision" for purposes of California Code of Civil Procedure Section 736.

In the event that any portion of the Property is determined to be "environmentally impaired" (as that term is defined in California Code of Civil Procedure Section 726.5(e)(3)) or to be an "affected parcel" (as that term is defined in California Code of Civil Procedure Section 726.5(e)(1)), then, without otherwise limiting or in any way affecting the Beneficiary's or the Trustee's rights and remedies under this Deed of Trust, the Beneficiary may elect to exercise its rights under California Code of Civil Procedure Section 726.5(a) to (1) waive its lien on such environmentally impaired or affected portion of the Property and (2) exercise (a) the rights and remedies of an unsecured creditor, including reduction of its claim against the Trustor to judgment, and (b) any other rights and remedies permitted by law. For purposes of determining the Beneficiary's right to proceed as an unsecured creditor under California Code of Civil Procedure Section 726.5(a), the Trustor will be deemed to have willfully permitted or acquiesced in a release or threatened release of hazardous materials, within the meaning of California Code of Civil Procedure Section 726.5(d)(1), if the release or threatened release of hazardous materials was knowingly or negligently caused or contributed to by any lessee, occupant, or user of any portion of the Property and the Trustor knew or should have known of the activity by such lessee, occupant, or user which caused or contributed to the release or threatened release. All costs and expenses, including (but not limited to) attorneys' fees, incurred by the Beneficiary in connection with any action commenced under this paragraph, including any action required by California Code of Civil Procedure Section 726.5(b) to determine the degree to which the Property is environmentally impaired, plus interest thereon at the default rate specified in the Loan Agreement until paid, will be added to the indebtedness secured by this Deed of Trust and will be due and payable to the Beneficiary upon its demand made at any time following the conclusion of such action.

ARTICLE 7 EVENTS OF DEFAULT AND REMEDIES

Section 7.1 Events of Default.

The following are events of default following the expiration of any applicable notice and cure periods (each an "Event of Default"): (i) failure to make any payment to be paid by Trustor under the Loan Documents; (ii) failure to observe or perform any of Trustor's other covenants, agreements or obligations under the Loan Documents, including, without limitation, the

provisions concerning discrimination; (iii) failure to make any payment or observe or perform any of Trustor's other covenants, agreements, or obligations under any Secured Obligations, which default is not cured within the times and in the manner provided therein; and (iv) failure to make any payments or observe or perform any of Trustor's other covenants, agreements or obligations under any other debt instrument or regulatory agreement secured by the Property, which default is not cured within the time and in the manner provided therein.

Section 7.2 Acceleration of Maturity.

If an Event of Default has occurred and is continuing, then at the option of the Beneficiary, the amount of any payment related to the Event of Default and all unpaid Secured Obligations are immediately due and payable, and no omission on the part of the Beneficiary to exercise such option when entitled to do so may be construed as a waiver of such right.

Section 7.3 The Beneficiary's Right to Enter and Take Possession.

If an Event of Default has occurred and is continuing, the Beneficiary may:

(a) Either in person or by agent, with or without bringing any action or proceeding, or by a receiver appointed by a court, and without regard to the adequacy of its security, enter upon the Property and take possession thereof (or any part thereof) and of any of the Security, in its own name or in the name of Trustee, and do any acts that it deems necessary or desirable to preserve the value or marketability of the Property, or part thereof or interest therein, increase the income therefrom or protect the security thereof. The entering upon and taking possession of the Security will not cure or waive any Event of Default or Notice of Sale (as defined in Section 7.3(c), below) hereunder or invalidate any act done in response to such Event of Default or pursuant to such Notice of Sale, and, notwithstanding the continuance in possession of the Security, Beneficiary will be entitled to exercise every right provided for in this Deed of Trust, or by law upon occurrence of any Event of Default, including the right to exercise the power of sale;

(b) Commence an action to foreclose this Deed of Trust as a mortgage, appoint a receiver, or specifically enforce any of the covenants hereof;

(c) Deliver to Trustee a written declaration of an Event of Default and demand for sale, and a written notice of default and election to cause Trustor's interest in the Security to be sold ("Notice of Sale"), which notice Trustee or Beneficiary shall cause to be duly filed for record in the Official Records of Stanislaus County; or

(d) Exercise all other rights and remedies provided herein, in the instruments by which the Trustor acquires title to any Security, or in any other document or agreement now or hereafter evidencing, creating or securing the Secured Obligations.

Section 7.4 Foreclosure By Power of Sale.

Should the Beneficiary elect to foreclose by exercise of the power of sale herein contained, the Beneficiary shall deliver to the Trustee the Notice of Sale and shall deposit with Trustee this Deed of Trust which is secured hereby (and the deposit of which will be deemed to

constitute evidence that the Secured Obligations are immediately due and payable), and such receipts and evidence of any expenditures made that are additionally secured hereby as Trustee may require.

(a) Upon receipt of the Notice of Sale from the Beneficiary, Trustee shall cause to be recorded, published and delivered to Trustor such Notice of Sale as is then required by law and by this Deed of Trust. Trustee shall, without demand on Trustor, after the lapse of that amount of time as is then required by law and after recordation of such Notice of Sale as required by law, sell the Security, at the time and place of sale set forth in the Notice of Sale, whether as a whole or in separate lots or parcels or items, as Trustee deems expedient and in such order as it determines, unless specified otherwise by the Trustor according to California Civil Code Section 2924g(b), at public auction to the highest bidder, for cash in lawful money of the United States payable at the time of sale. Trustee shall deliver to such purchaser or purchasers thereof its good and sufficient deed or deeds conveying the property so sold, but without any covenant or warranty, express or implied. The recitals in such deed or any matters of facts will be conclusive proof of the truthfulness thereof. Any person, including, without limitation, Trustor, Trustee or Beneficiary, may purchase at such sale.

(b) After deducting all reasonable costs, fees and expenses of Trustee, including costs of evidence of title in connection with such sale, Trustee shall apply the proceeds of sale to payment of: (i) the unpaid Principal amount of the Note; (ii) all other Secured Obligations owed to Beneficiary under the Loan Documents; (iii) all other sums then secured hereby; and (iv) the remainder, if any, to Trustor.

(c) Trustee may postpone sale of all or any portion of the Property by public announcement at such time and place of sale, and from time to time thereafter, and without further notice make such sale at the time fixed by the last postponement, or may, in its discretion, give a new Notice of Sale.

Section 7.5 Receiver.

If an Event of Default occurs and is continuing, Beneficiary, as a matter of right and without further notice to Trustor or anyone claiming under the Security, and without regard to the then value of the Security or the interest of Trustor therein, may apply to any court having jurisdiction to appoint a receiver or receivers of the Security (or a part thereof), and Trustor hereby irrevocably consents to such appointment and waives further notice of any application therefor. Any such receiver or receivers will have all the usual powers and duties of receivers in like or similar cases, and all the powers and duties of Beneficiary in case of entry as provided herein, and will continue as such and exercise all such powers until the date of confirmation of sale of the Security, unless such receivership is sooner terminated.

Section 7.6 Remedies Cumulative.

No right, power or remedy conferred upon or reserved to the Beneficiary by this Deed of Trust is intended to be exclusive of any other right, power or remedy, but each and every such right, power and remedy will be cumulative and concurrent and will be in addition to any other right, power and remedy given hereunder or now or hereafter existing at law or in equity.

Section 7.7 No Waiver.

(a) No delay or omission of the Beneficiary to exercise any right, power or remedy accruing upon any Event of Default will exhaust or impair any such right, power or remedy, and may not be construed to be a waiver of any such Event of Default or acquiescence therein; and every right, power and remedy given by this Deed of Trust to the Beneficiary may be exercised from time to time and as often as may be deemed expeditious by the Beneficiary. Beneficiary's express or implied consent to breach, or waiver of, any obligation of the Trustor hereunder will not be deemed or construed to be a consent to any subsequent breach, or further waiver, of such obligation or of any other obligations of the Trustor hereunder. Failure on the part of the Beneficiary to complain of any act or failure to act or to declare an Event of Default, irrespective of how long such failure continues, will not constitute a waiver by the Beneficiary of its right hereunder or impair any rights, power or remedies consequent on any Event of Default by the Trustor.

(b) If the Beneficiary (i) grants forbearance or an extension of time for the payment or performance of any Secured Obligation, (ii) takes other or additional security or the payment of any sums secured hereby, (iii) waives or does not exercise any right granted in the Loan Documents, (iv) releases any part of the Security from the lien of this Deed of Trust, or otherwise changes any of the terms, covenants, conditions or agreements in the Loan Documents, (v) consents to the granting of any easement or other right affecting the Security, or (vi) makes or consents to any agreement subordinating the lien hereof, any such act or omission will not release, discharge, modify, change or affect the original liability under this Deed of Trust, or any other obligation of the Trustor or any subsequent purchaser of the Security or any part thereof, or any maker, co-signer, endorser, surety or guarantor (unless expressly released); nor will any such act or omission preclude the Beneficiary from exercising any right, power or privilege herein granted or intended to be granted in any Event of Default then made or of any subsequent Event of Default, nor, except as otherwise expressly provided in an instrument or instruments executed by the Beneficiary, will the lien of this Deed of Trust be altered thereby.

Section 7.8 Suits to Protect the Security.

The Beneficiary has the power to (a) institute and maintain such suits and proceedings as it may deem expedient to prevent any impairment of the Security and the rights of the Beneficiary as may be unlawful or any violation of this Deed of Trust, (b) preserve or protect its interest (as described in this Deed of Trust) in the Security, and (c) restrain the enforcement of or compliance with any legislation or other governmental enactment, rule or order that may be unconstitutional or otherwise invalid, if the enforcement for compliance with such enactment, rule or order would impair the Security thereunder or be prejudicial to the interest of the Beneficiary.

Section 7.9 Trustee May File Proofs of Claim.

In the case of any receivership, insolvency, bankruptcy, reorganization, arrangement, adjustment, composition or other proceedings affecting the Trustor, its creditors or its property, the Beneficiary, to the extent permitted by law, will be entitled to file such proofs of claim and other documents as may be necessary or advisable in order to have the claims of the Beneficiary

allowed in such proceedings and for any additional amount that becomes due and payable by the Trustor hereunder after such date.

Section 7.10 Waiver.

The Trustor waives presentment, demand for payment, notice of dishonor, notice of protest and nonpayment, protest, notice of interest on interest and late charges, and diligence in taking any action to collect any Secured Obligations or in proceedings against the Security, in connection with the delivery, acceptance, performance, default, endorsement or guaranty of this Deed of Trust.

**ARTICLE 8
MISCELLANEOUS**

Section 8.1 Amendments.

This Deed of Trust cannot be waived, changed, discharged or terminated orally, but only by an instrument in writing signed by Beneficiary and Trustor.

Section 8.2 Reconveyance by Trustee.

Upon written request of Beneficiary stating that all Secured Obligations have been paid or forgiven, and all obligations under the Loan Documents have been performed in full, and upon surrender of this Deed of Trust to Trustee for cancellation and retention, and upon payment by Trustor of Trustee's reasonable fees, Trustee shall reconvey the Security to Trustor, or to the person or persons legally entitled thereto.

Section 8.3 Notices.

If at any time after the execution of this Deed of Trust it becomes necessary or convenient for one of the parties hereto to serve any notice, demand or communication upon the other party, such notice, demand or communication must be in writing and is to be served personally or by depositing the same in the registered United States mail, return receipt requested, postage prepaid and (1) if intended for Beneficiary is to be addressed to:

Each such appointment and substitution is to be made by written instrument executed by Beneficiary, containing reference to this Deed of Trust and its place of record, which, when duly recorded in the proper office of the county or counties in which the Property is situated, will be conclusive proof of proper appointment of the successor trustee.

AND TO PROTECT THE SECURITY OF THIS DEED OF TRUST, TRUSTOR
COVENANTS AND AGREES:

ARTICLE 1 DEFINITIONS

In addition to the terms defined elsewhere in this Deed of Trust, the following terms have the following meanings in this Deed of Trust:

Section 1.1 The term "Loan" means the loan made by the Beneficiary to the Trustor in the amount of Two Hundred Forty Thousand Dollars (\$240,000.00).

Section 1.2 The term "Loan Agreement" means that certain CDBG Loan Agreement between Trustor and Beneficiary, of even date herewith, as such may be amended from time to time, providing for the Beneficiary to loan to Trustor Two Hundred Forty Thousand Dollars (\$240,000.00).

Section 1.3 The term "Loan Documents" means this Deed of Trust, the Note, the Loan Agreement, and the Regulatory Agreement, and any other debt, loan or security instruments between Trustor and the Beneficiary relating to the Loan.

Section 1.4 The term "Note" means the Promissory Note in the principal amount of Two Hundred Forty Thousand Dollars (\$240,000.00) of even date herewith, executed by Trustor in favor of the Beneficiary, as it may be amended or restated, the payment of which is secured by this Deed of Trust. (A copy of the Note is on file with the Beneficiary and terms and provisions of the Note are incorporated herein by reference.)

Section 1.5 The term "Principal" means the amount required to be paid under the Note.

Section 1.6 The term "Regulatory Agreement" means the Regulatory Agreement and Declaration of Restrictive Covenants of even date herewith by and between the Beneficiary and the Trustor.

ARTICLE 2
MAINTENANCE AND MODIFICATION OF THE PROPERTY
AND SECURITY

Section 2.1 Maintenance and Modification of the Property by Trustor.

The Trustor agrees that at all times prior to full payment and performance of the Secured Obligations, the Trustor will, at the Trustor's own expense, maintain, preserve and keep the Security or cause the Security to be maintained and preserved in good condition. The Trustor will from time to time make or cause to be made all repairs, replacements and renewals deemed proper and necessary by it. The Beneficiary has no responsibility in any of these matters or for the making of improvements or additions to the Security.

Trustor agrees to pay fully and discharge (or cause to be paid fully and discharged) all claims for labor done and for material and services furnished in connection with the Security, diligently to file or procure the filing of a valid notice of cessation upon the event of a cessation of labor on the work or construction on the Security for a continuous period of thirty (30) days or more, and to take all other reasonable steps to forestall the assertion of claims of lien against the Security or any part thereof. Trustor irrevocably appoints, designates and authorizes Beneficiary as its agent (said agency being coupled with an interest) with the authority, but without any obligation, to file for record any notices of completion or cessation of labor or any other notice that Beneficiary deems necessary or desirable to protect its interest in and to the Security or the Loan Documents; provided, however, that Beneficiary exercises its rights as agent of Trustor only in the event that Trustor fails to take, or fails to diligently continue to take, those actions as hereinbefore provided.

Upon demand by Beneficiary, Trustor shall make or cause to be made such demands or claims as Beneficiary specifies upon laborers, material men, subcontractors or other persons who have furnished or claim to have furnished labor, services or materials in connection with the Security. Nothing herein contained requires Trustor to pay any claims for labor, materials or services which Trustor in good faith disputes and is diligently contesting provided that Trustor shall, within thirty (30) days after the filing of any claim of lien, record in the Office of the Recorder of Stanislaus County, a surety bond in an amount 1 and 1/2 times the amount of such claim item to protect against a claim of lien.

Section 2.2 Granting of Easements.

Trustor may not grant easements, licenses, rights-of-way or other rights or privileges in the nature of easements with respect to any property or rights included in the Security except those required or desirable for installation and maintenance of public utilities including, without limitation, water, gas, electricity, sewer, telephone and telegraph, or those required by law, and as approved, in writing, by Beneficiary.

Section 2.3 Assignment of Rents.

As part of the consideration for the indebtedness evidenced by the Note, Trustor hereby absolutely and unconditionally assigns and transfers to Beneficiary all the rents and revenues of the Property including those now due, past due, or to become due by virtue of any lease or other

agreement for the occupancy or use of all or any part of the Property, regardless of to whom the rents and revenues of the Property are payable, subject to the rights of senior lenders. Trustor hereby authorizes Beneficiary or Beneficiary's agents to collect the aforesaid rents and revenues and hereby directs each tenant of the Property to pay such rents to Beneficiary or Beneficiary's agents; provided, however, that prior to written notice given by Beneficiary to Trustor of the breach by Trustor of any covenant or agreement of Trustor in the Loan Documents, Trustor shall collect and receive all rents and revenues of the Property as trustee for the benefit of Beneficiary and Trustor to apply the rents and revenues so collected to the Secured Obligations with the balance, so long as no such breach has occurred, to the account of Trustor, it being intended by Trustor and Beneficiary that this assignment of rents constitutes an absolute assignment and not an assignment for additional security only. Upon delivery of written notice by Beneficiary to Trustor of the breach by Trustor of any covenant or agreement of Trustor in the Loan Documents, and without the necessity of Beneficiary entering upon and taking and maintaining full control of the Property in person, by agent or by a court-appointed receiver, Beneficiary shall immediately be entitled to possession of all rents and revenues of the Property as specified in this Section 2.3 as the same becomes due and payable, including but not limited to, rents then due and unpaid, and all such rents will immediately upon delivery of such notice be held by Trustor as trustee for the benefit of Beneficiary only; provided, however, that the written notice by Beneficiary to Trustor of the breach by Trustor contains a statement that Beneficiary exercises its rights to such rents. Trustor agrees that commencing upon delivery of such written notice of Trustor's breach by Beneficiary to Trustor, each tenant of the Property shall make such rents payable to and pay such rents to Beneficiary or Beneficiary's agents on Beneficiary's written demand to each tenant therefor, delivered to each tenant personally, by mail or by delivering such demand to each rental unit, without any liability on the part of said tenant to inquire further as to the existence of a default by Trustor.

Trustor hereby covenants that Trustor has not executed any prior assignment of said rents except in connection with the Bond Loan, that Trustor has not performed, and will not perform, any acts or has not executed and will not execute, any instrument which would prevent Beneficiary from exercising its rights under this Section 2.3, and that at the time of execution of this Deed of Trust, there has been no anticipation or prepayment of any of the rents of the Property for more than two (2) months prior to the due dates of such rents. Trustor covenants that Trustor will not hereafter collect or accept payment of any rents of the Property more than two (2) months prior to the due dates of such rents. Trustor further covenants that Trustor will execute and deliver to Beneficiary such further assignments of rents and revenues of the Property as Beneficiary may from time to time request.

Upon Trustor's breach of any covenant or agreement of Trustor in the Loan Documents, Beneficiary may in person, by agent or by a court-appointed receiver, regardless of the adequacy of Beneficiary's security, enter upon and take and maintain full control of the Property in order to perform all acts necessary and appropriate for the operation and maintenance thereof including, but not limited to, the execution, cancellation or modification of leases, the collection of all rents and revenues of the Property, the making of repairs to the Property and the execution or termination of contracts providing for the management or maintenance of the Property, all on such terms as are deemed best to protect the security of this Deed of Trust. In the event Beneficiary elects to seek the appointment of a receiver for the Property upon Trustor's breach of any covenant or agreement of Trustor in this Deed of Trust, Trustor hereby expressly consents to

the appointment of such receiver. Beneficiary or the receiver will be entitled to receive a reasonable fee for so managing the Property.

All rents and revenues collected subsequent to delivery of written notice by Beneficiary to Trustor of the breach by Trustor of any covenant or agreement of Trustor in the Loan Documents are to be applied first to the costs, if any, of taking control of and managing the Property and collecting the rents, including, but not limited to, attorney's fees, receiver's fees, premiums on receiver's bonds, costs of repairs to the Property, premiums on insurance policies, taxes, assessments and other charges on the Property, and the costs of discharging any obligation or liability of Trustor as lessor or landlord of the Property and then to the sums secured by this deed of Trust. Beneficiary or the receiver is to have access to the books and records used in the operation and maintenance of the Property and will be liable to account only for those rents actually received. Beneficiary is not liable to Trustor, anyone claiming under or through Trustor or anyone having an interest in the Property by reason of anything done or left undone by Beneficiary under this Section 2.3.

If the rents of the Property are not sufficient to meet the costs, if any, of taking control of and managing the Property and collecting the rents, any funds expended by Beneficiary for such purposes will become part of the Secured Obligations pursuant to Section 3.3 hereof. Unless Beneficiary and Trustor agree in writing to other terms of payment, such amounts are payable by Trustor to Beneficiary upon notice from Beneficiary to Trustor requesting payment thereof and will bear interest from the date of disbursement at the rate stated in Section 3.3.

If the Beneficiary or the receiver enters upon and takes and maintains control of the Property, neither that act nor any application of rents as provided herein will cure or waive any default under this Deed of Trust or invalidate any other right or remedy available to Beneficiary under applicable law or under this Deed of Trust. This assignment of rents of the Property will terminate at such time as this Deed of Trust ceases to secure the Secured Obligations.

ARTICLE 3 TAXES AND INSURANCE; ADVANCES

Section 3.1 Taxes, Other Governmental Charges and Utility Charges.

Trustor shall pay, or cause to be paid, prior to the date of delinquency, all taxes, assessments, charges and levies imposed by any public authority or utility company that are or may become a lien affecting the Security or any part thereof; provided, however, that Trustor is not required to pay and discharge any such tax, assessment, charge or levy so long as (a) the legality thereof is promptly and actively contested in good faith and by appropriate proceedings, and (b) Trustor maintains reserves adequate to pay any liabilities contested pursuant to this Section 3.1. With respect to taxes, special assessments or other similar governmental charges, Trustor shall pay such amount in full prior to the attachment of any lien therefor on any part of the Security; provided, however, if such taxes, assessments or charges can be paid in installments, Trustor may pay in such installments. Except as provided in clause (b) of the first sentence of this paragraph, the provisions of this Section 3.1 may not be construed to require that Trustor maintain a reserve account, escrow account, impound account or other similar account for the payment of future taxes, assessments, charges and levies.

In the event that Trustor fails to pay any of the items required by this Section to be paid by Trustor, Beneficiary may (but is under no obligation to) pay the same, after the Beneficiary has notified the Trustor of such failure to pay and the Trustor fails to fully pay such items within seven (7) business days after receipt of such notice. Any amount so advanced therefor by Beneficiary, together with interest thereon from the date of such advance at the maximum rate permitted by law, will become part of the Secured Obligations secured hereby, and Trustor agrees to pay all such amounts.

Section 3.2 Provisions Respecting Insurance.

Trustor agrees to provide insurance conforming in all respects to that required under the Loan Documents at all times until all amounts secured by this Deed of Trust have been paid, all Secured Obligations secured hereunder have been fulfilled, and this Deed of Trust has been reconveyed.

All such insurance policies and coverages are to be maintained at Trustor's sole cost and expense. Certificates of insurance for all of the above insurance policies, showing the same to be in full force and effect, are to be delivered to the Beneficiary upon demand therefor at any time prior to Trustor's satisfaction of the Secured Obligations.

Section 3.3 Advances.

In the event the Trustor fails to maintain the full insurance coverage required by this Deed of Trust or fails to keep the Security in accordance with the Loan Documents, the Beneficiary, after at least seven (7) days prior notice to Trustor, may (but is under no obligation to) (i) take out the required policies of insurance and pay the premiums on the same, and (ii) make any repairs or replacements that are necessary and provide for payment thereof. All amounts so advanced by the Beneficiary will become part of the Secured Obligations (together with interest as set forth below) and will be secured hereby, which amounts the Trustor agrees to pay on the demand of the Beneficiary, and if not so paid, will bear interest from the date of the advance at the lesser of ten percent (10%) per annum or the maximum rate permitted by law.

ARTICLE 4
DAMAGE, DESTRUCTION OR CONDEMNATION

Section 4.1 Awards and Damages.

Subject to the rights of senior lenders, all judgments, awards of damages, settlements and compensation made in connection with or in lieu of (1) the taking of all or any part of or any interest in the Property by or under assertion of the power of eminent domain, (2) any damage to or destruction of the Property or any part thereof by insured casualty, and (3) any other injury or damage to all or any part of the Property (collectively, the "Funds") are hereby assigned to and are to be paid to the Beneficiary by a check made payable to the Beneficiary. The Beneficiary is authorized and empowered (but not required) to collect and receive any Funds and is authorized to apply them in whole or in part to any indebtedness or obligation secured hereby, in such order and manner as the Beneficiary determines at its sole option. The Beneficiary is entitled to settle and adjust all claims under insurance policies provided under this Deed of Trust and may deduct and retain from the proceeds of such insurance the amount of all expenses incurred by it in

connection with any such settlement or adjustment. All or any part of the amounts so collected and recovered by the Beneficiary may be released to Trustor upon such conditions as the Beneficiary may impose for its disposition. Application of all or any part of the Funds collected and received by the Beneficiary or the release thereof will not cure or waive any default under this Deed of Trust. The rights of the Beneficiary under this Section 4.1 are subject to the rights of any senior mortgage lender. The Beneficiary shall release the Funds to Trustor to be used to reconstruct the improvements on the Property provided that Beneficiary reasonably determines that Trustor (taking into account the Funds) has sufficient funds to rebuild the improvements in substantially the form that existed prior to the casualty or condemnation.

ARTICLE 5
AGREEMENTS AFFECTING THE PROPERTY;
FURTHER ASSURANCES; PAYMENT OF PRINCIPAL AND INTEREST

Section 5.1 Other Agreements Affecting Property.

The Trustor shall duly and punctually perform all terms, covenants, conditions and agreements binding upon it under the Loan Documents and any other agreement of any nature whatsoever now or hereafter involving or affecting the Security or any part thereof.

Section 5.2 Agreement to Pay Attorneys' Fees and Expenses.

In the event of any Event of Default (as defined in Section 7.1) hereunder, and if the Beneficiary employs attorneys or incurs other expenses for the collection of amounts due hereunder or the enforcement of performance or observance of an obligation or agreement on the part of the Trustor in this Deed of Trust, the Trustor agrees that it will, on demand therefor, pay to the Beneficiary the reasonable fees of such attorneys and such other reasonable expenses so incurred by the Beneficiary. Any such amounts paid by the Beneficiary will be added to the Secured Obligations, and will bear interest from the date such expenses are incurred at the lesser of ten percent (10%) per annum or the maximum rate permitted by law.

Section 5.3 Payment of the Principal.

The Trustor shall pay to the Beneficiary the Principal and any other payments as set forth in the Note in the amounts and by the times set out therein.

Section 5.4 Personal Property.

To the maximum extent permitted by law, the personal property subject to this Deed of Trust is deemed to be fixtures and part of the real property and this Deed of Trust constitutes a fixtures filing under the California Commercial Code. As to any personal property not deemed or permitted to be fixtures, this Deed of Trust constitutes a security agreement under the California Commercial Code.

Section 5.5 Financing Statement.

The Trustor shall execute and deliver to the Beneficiary such financing statements pursuant to the appropriate statutes, and any other documents or instruments as are required to

convey to the Beneficiary a valid perfected security interest in the Security. The Trustor shall perform all acts that the Beneficiary reasonably requests so as to enable the Beneficiary to maintain a valid perfected security interest in the Security in order to secure the payment of the Note in accordance with its terms. The Beneficiary is authorized to file a copy of any such financing statement in any jurisdiction(s) as it deems appropriate from time to time in order to protect the security interest established pursuant to this instrument.

Section 5.6 Operation of the Security.

The Trustor shall operate the Security (and, in case of a transfer of a portion of the Security subject to this Deed of Trust, the transferee shall operate such portion of the Security) in full compliance with the Loan Documents.

Section 5.7 Inspection of the Security.

At any and all reasonable times upon seventy-two (72) hours' notice, the Beneficiary and its duly authorized agents, attorneys, experts, engineers, accountants and representatives, may inspect the Security, without payment of charges or fees.

Section 5.8 Nondiscrimination.

The Trustor herein covenants by and for itself, its heirs, executors, administrators, and assigns, and all persons claiming under or through them, that there will be no discrimination against or segregation of, any person or group of persons on account of race, color, creed, religion, age, sex, sexual orientation, marital status, national origin or ancestry in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the Security, nor will the Trustor itself or any person claiming under or through it establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees in the Security. The foregoing covenants run with the land.

ARTICLE 6 HAZARDOUS WASTE

Trustor shall keep and maintain the Property in compliance with, and shall not cause or permit the Property to be in violation of any federal, state or local laws, ordinances or regulations relating to industrial hygiene or to the environmental conditions on, under or about the Property including, but not limited to, soil and ground water conditions. Trustor shall not use, generate, manufacture, store or dispose of on, under, or about the Property or transport to or from the Property any flammable explosives, radioactive materials, hazardous wastes, toxic substances or related materials, including without limitation, any substances defined as or included in the definition of "hazardous substances," hazardous wastes," "hazardous materials," or "toxic substances" under any applicable federal or state laws or regulations (collectively referred to hereinafter as "Hazardous Materials") except such of the foregoing as may be customarily used in construction or operation of a multi-family residential development.

Trustor shall immediately advise Beneficiary in writing if at any time it receives written notice of: (i) any and all enforcement, cleanup, removal or other governmental or regulatory

actions instituted, completed or threatened against Trustor or the Property pursuant to any applicable federal, state or local laws, ordinances, or regulations relating to any Hazardous Materials, ("Hazardous Materials Law"); (ii) all claims made or threatened by any third party against Trustor or the Property relating to damage, contribution, cost recovery compensation, loss or injury resulting from any Hazardous Materials (the matters set forth in clauses (i) and (ii) above are hereinafter referred to as "Hazardous Materials Claims"); and (iii) Trustor's discovery of any occurrence or condition on any real property adjoining or in the vicinity of the Property that could cause the Property or any part thereof to be classified as "border-zone property" (as defined in California Health and Safety Code Section 25117.4) under the provision of California Health and Safety Code Section 25220 et seq., or any regulation adopted in accordance therewith, or to be otherwise subject to any restrictions on the ownership, occupancy, transferability or use of the Property under any Hazardous Materials Law.

Beneficiary has the right to join and participate in, as a party if it so elects, any legal proceedings or actions initiated in connection with any Hazardous Materials Claims and to have its reasonable attorneys' fees in connection therewith paid by Trustor. Trustor shall indemnify and hold harmless Beneficiary and its board members, supervisors, directors, officers, employees, agents, successors and assigns from and against any loss, damage, cost, expense or liability directly or indirectly arising out of or attributable to the use, generation, storage, release, threatened release, discharge, disposal, or presence of Hazardous Materials on, under, or about the Property including without limitation: (a) all foreseeable consequential damages; (b) the costs of any required or necessary repair, clean-up or detoxification of the Property and the preparation and implementation of any closure, remedial or other required plans; and (c) all reasonable costs and expenses incurred by Beneficiary in connection with clauses (a) and (b), including but not limited to reasonable attorneys' fees and consultant's fees. This indemnification applies whether or not any government agency has issued a clean-up order. Losses, claims, costs, suits, liability, and expenses covered by this indemnification provision include, but are not limited to: (1) losses attributable to diminution in the value of the Property; (2) loss or restriction of use of rentable space on the Property; (3) adverse effect on the marketing of any rental space on the Property; and (4) penalties and fines levied by, and remedial or enforcement actions of any kind issued by any regulatory agency (including but not limited to the costs of any required testing, remediation, repair, removal, clean-up or detoxification of the Property and surrounding properties).

Without Beneficiary's prior written consent, which may not be unreasonably withheld, Trustor may not take any remedial action in response to the presence of any Hazardous Materials on, under or about the Property, nor enter into any settlement agreement, consent decree, or other compromise in respect to any Hazardous Material Claims, which remedial action, settlement, consent decree or compromise might, in Beneficiary's reasonable judgment, impairs the value of the Beneficiary's security hereunder; provided, however, that Beneficiary's prior consent is not necessary in the event that the presence of Hazardous Materials on, under, or about the Property either poses an immediate threat to the health, safety or welfare of any individual or is of such a nature that an immediate remedial response is necessary and it is not reasonably possible to obtain Beneficiary's consent before taking such action, provided that in such event Trustor notifies Beneficiary as soon as practicable of any action so taken. Beneficiary agrees not to withhold its consent, where such consent is required hereunder, if (i) a particular remedial action is ordered by a court of competent jurisdiction; (ii) Trustor will or may be subjected to civil or

criminal sanctions or penalties if it fails to take a required action; (iii) Trustor establishes to the reasonable satisfaction of Beneficiary that there is no reasonable alternative to such remedial action which would result in less impairment of Beneficiary's security hereunder; or (iv) the action has been agreed to by Beneficiary.

The Trustor hereby acknowledges and agrees that (i) this Article is intended as the Beneficiary's written request for information (and the Trustor's response) concerning the environmental condition of the Property as required by California Code of Civil Procedure Section 726.5, and (ii) each representation and warranty in this Deed of Trust or any of the other Loan Documents (together with any indemnity applicable to a breach of any such representation and warranty) with respect to the environmental condition of the property is intended by the Beneficiary and the Trustor to be an "environmental provision" for purposes of California Code of Civil Procedure Section 736.

In the event that any portion of the Property is determined to be "environmentally impaired" (as that term is defined in California Code of Civil Procedure Section 726.5(e)(3)) or to be an "affected parcel" (as that term is defined in California Code of Civil Procedure Section 726.5(e)(1)), then, without otherwise limiting or in any way affecting the Beneficiary's or the Trustee's rights and remedies under this Deed of Trust, the Beneficiary may elect to exercise its rights under California Code of Civil Procedure Section 726.5(a) to (1) waive its lien on such environmentally impaired or affected portion of the Property and (2) exercise (a) the rights and remedies of an unsecured creditor, including reduction of its claim against the Trustor to judgment, and (b) any other rights and remedies permitted by law. For purposes of determining the Beneficiary's right to proceed as an unsecured creditor under California Code of Civil Procedure Section 726.5(a), the Trustor will be deemed to have willfully permitted or acquiesced in a release or threatened release of hazardous materials, within the meaning of California Code of Civil Procedure Section 726.5(d)(1), if the release or threatened release of hazardous materials was knowingly or negligently caused or contributed to by any lessee, occupant, or user of any portion of the Property and the Trustor knew or should have known of the activity by such lessee, occupant, or user which caused or contributed to the release or threatened release. All costs and expenses, including (but not limited to) attorneys' fees, incurred by the Beneficiary in connection with any action commenced under this paragraph, including any action required by California Code of Civil Procedure Section 726.5(b) to determine the degree to which the Property is environmentally impaired, plus interest thereon at the default rate specified in the Loan Agreement until paid, will be added to the indebtedness secured by this Deed of Trust and will be due and payable to the Beneficiary upon its demand made at any time following the conclusion of such action.

ARTICLE 7 EVENTS OF DEFAULT AND REMEDIES

Section 7.1 Events of Default.

The following are events of default following the expiration of any applicable notice and cure periods (each an "Event of Default"): (i) failure to make any payment to be paid by Trustor under the Loan Documents; (ii) failure to observe or perform any of Trustor's other covenants, agreements or obligations under the Loan Documents, including, without limitation, the

provisions concerning discrimination; (iii) failure to make any payment or observe or perform any of Trustor's other covenants, agreements, or obligations under any Secured Obligations, which default is not cured within the times and in the manner provided therein; and (iv) failure to make any payments or observe or perform any of Trustor's other covenants, agreements or obligations under any other debt instrument or regulatory agreement secured by the Property, which default is not cured within the time and in the manner provided therein.

Section 7.2 Acceleration of Maturity.

If an Event of Default has occurred and is continuing, then at the option of the Beneficiary, the amount of any payment related to the Event of Default and all unpaid Secured Obligations are immediately due and payable, and no omission on the part of the Beneficiary to exercise such option when entitled to do so may be construed as a waiver of such right.

Section 7.3 The Beneficiary's Right to Enter and Take Possession.

If an Event of Default has occurred and is continuing, the Beneficiary may:

- (a) Either in person or by agent, with or without bringing any action or proceeding, or by a receiver appointed by a court, and without regard to the adequacy of its security, enter upon the Property and take possession thereof (or any part thereof) and of any of the Security, in its own name or in the name of Trustee, and do any acts that it deems necessary or desirable to preserve the value or marketability of the Property, or part thereof or interest therein, increase the income therefrom or protect the security thereof. The entering upon and taking possession of the Security will not cure or waive any Event of Default or Notice of Sale (as defined in Section 7.3(c), below) hereunder or invalidate any act done in response to such Event of Default or pursuant to such Notice of Sale, and, notwithstanding the continuance in possession of the Security, Beneficiary will be entitled to exercise every right provided for in this Deed of Trust, or by law upon occurrence of any Event of Default, including the right to exercise the power of sale;
- (b) Commence an action to foreclose this Deed of Trust as a mortgage, appoint a receiver, or specifically enforce any of the covenants hereof;
- (c) Deliver to Trustee a written declaration of an Event of Default and demand for sale, and a written notice of default and election to cause Trustor's interest in the Security to be sold ("Notice of Sale"), which notice Trustee or Beneficiary shall cause to be duly filed for record in the Official Records of Stanislaus County; or
- (d) Exercise all other rights and remedies provided herein, in the instruments by which the Trustor acquires title to any Security, or in any other document or agreement now or hereafter evidencing, creating or securing the Secured Obligations.

Section 7.4 Foreclosure By Power of Sale.

Should the Beneficiary elect to foreclose by exercise of the power of sale herein contained, the Beneficiary shall deliver to the Trustee the Notice of Sale and shall deposit with Trustee this Deed of Trust which is secured hereby (and the deposit of which will be deemed to

constitute evidence that the Secured Obligations are immediately due and payable), and such receipts and evidence of any expenditures made that are additionally secured hereby as Trustee may require.

(a) Upon receipt of the Notice of Sale from the Beneficiary, Trustee shall cause to be recorded, published and delivered to Trustor such Notice of Sale as is then required by law and by this Deed of Trust. Trustee shall, without demand on Trustor, after the lapse of that amount of time as is then required by law and after recordation of such Notice of Sale as required by law, sell the Security, at the time and place of sale set forth in the Notice of Sale, whether as a whole or in separate lots or parcels or items, as Trustee deems expedient and in such order as it determines, unless specified otherwise by the Trustor according to California Civil Code Section 2924g(b), at public auction to the highest bidder, for cash in lawful money of the United States payable at the time of sale. Trustee shall deliver to such purchaser or purchasers thereof its good and sufficient deed or deeds conveying the property so sold, but without any covenant or warranty, express or implied. The recitals in such deed or any matters of facts will be conclusive proof of the truthfulness thereof. Any person, including, without limitation, Trustor, Trustee or Beneficiary, may purchase at such sale.

(b) After deducting all reasonable costs, fees and expenses of Trustee, including costs of evidence of title in connection with such sale, Trustee shall apply the proceeds of sale to payment of: (i) the unpaid Principal amount of the Note; (ii) all other Secured Obligations owed to Beneficiary under the Loan Documents; (iii) all other sums then secured hereby; and (iv) the remainder, if any, to Trustor.

(c) Trustee may postpone sale of all or any portion of the Property by public announcement at such time and place of sale, and from time to time thereafter, and without further notice make such sale at the time fixed by the last postponement, or may, in its discretion, give a new Notice of Sale.

Section 7.5 Receiver.

If an Event of Default occurs and is continuing, Beneficiary, as a matter of right and without further notice to Trustor or anyone claiming under the Security, and without regard to the then value of the Security or the interest of Trustor therein, may apply to any court having jurisdiction to appoint a receiver or receivers of the Security (or a part thereof), and Trustor hereby irrevocably consents to such appointment and waives further notice of any application therefor. Any such receiver or receivers will have all the usual powers and duties of receivers in like or similar cases, and all the powers and duties of Beneficiary in case of entry as provided herein, and will continue as such and exercise all such powers until the date of confirmation of sale of the Security, unless such receivership is sooner terminated.

Section 7.6 Remedies Cumulative.

No right, power or remedy conferred upon or reserved to the Beneficiary by this Deed of Trust is intended to be exclusive of any other right, power or remedy, but each and every such right, power and remedy will be cumulative and concurrent and will be in addition to any other right, power and remedy given hereunder or now or hereafter existing at law or in equity.

Section 7.7 No Waiver.

(a) No delay or omission of the Beneficiary to exercise any right, power or remedy accruing upon any Event of Default will exhaust or impair any such right, power or remedy, and may not be construed to be a waiver of any such Event of Default or acquiescence therein; and every right, power and remedy given by this Deed of Trust to the Beneficiary may be exercised from time to time and as often as may be deemed expeditious by the Beneficiary. Beneficiary's express or implied consent to breach, or waiver of, any obligation of the Trustor hereunder will not be deemed or construed to be a consent to any subsequent breach, or further waiver, of such obligation or of any other obligations of the Trustor hereunder. Failure on the part of the Beneficiary to complain of any act or failure to act or to declare an Event of Default, irrespective of how long such failure continues, will not constitute a waiver by the Beneficiary of its right hereunder or impair any rights, power or remedies consequent on any Event of Default by the Trustor.

(b) If the Beneficiary (i) grants forbearance or an extension of time for the payment or performance of any Secured Obligation, (ii) takes other or additional security or the payment of any sums secured hereby, (iii) waives or does not exercise any right granted in the Loan Documents, (iv) releases any part of the Security from the lien of this Deed of Trust, or otherwise changes any of the terms, covenants, conditions or agreements in the Loan Documents, (v) consents to the granting of any easement or other right affecting the Security, or (vi) makes or consents to any agreement subordinating the lien hereof, any such act or omission will not release, discharge, modify, change or affect the original liability under this Deed of Trust, or any other obligation of the Trustor or any subsequent purchaser of the Security or any part thereof, or any maker, co-signer, endorser, surety or guarantor (unless expressly released); nor will any such act or omission preclude the Beneficiary from exercising any right, power or privilege herein granted or intended to be granted in any Event of Default then made or of any subsequent Event of Default, nor, except as otherwise expressly provided in an instrument or instruments executed by the Beneficiary, will the lien of this Deed of Trust be altered thereby.

Section 7.8 Suits to Protect the Security.

The Beneficiary has the power to (a) institute and maintain such suits and proceedings as it may deem expedient to prevent any impairment of the Security and the rights of the Beneficiary as may be unlawful or any violation of this Deed of Trust, (b) preserve or protect its interest (as described in this Deed of Trust) in the Security, and (c) restrain the enforcement of or compliance with any legislation or other governmental enactment, rule or order that may be unconstitutional or otherwise invalid, if the enforcement for compliance with such enactment, rule or order would impair the Security thereunder or be prejudicial to the interest of the Beneficiary.

Section 7.9 Trustee May File Proofs of Claim.

In the case of any receivership, insolvency, bankruptcy, reorganization, arrangement, adjustment, composition or other proceedings affecting the Trustor, its creditors or its property, the Beneficiary, to the extent permitted by law, will be entitled to file such proofs of claim and other documents as may be necessary or advisable in order to have the claims of the Beneficiary

allowed in such proceedings and for any additional amount that becomes due and payable by the Trustor hereunder after such date.

Section 7.10 Waiver.

The Trustor waives presentment, demand for payment, notice of dishonor, notice of protest and nonpayment, protest, notice of interest on interest and late charges, and diligence in taking any action to collect any Secured Obligations or in proceedings against the Security, in connection with the delivery, acceptance, performance, default, endorsement or guaranty of this Deed of Trust.

The City may examine and make copies of all books, records or other documents of Borrower that pertain to the Development.

Section 3.6 HOME and CDBG Record Requirements. For the period of the HOME and CDBG Term all records maintained by Borrower pursuant to Sections 3.3 and 3.5 above are to be (i) maintained in compliance with all applicable HUD records and accounting requirements, and (ii) open to and available for inspection and copying by HUD and its authorized representatives at reasonable intervals during normal business hours; provided however, records pertaining to Tenant income verifications, Rents, and Development inspections are subject to HUD inspection for five (5) years after expiration of the Term. Borrower is subject to the audit requirements set forth in 24 CFR 92.505 during the HOME Term and 24 CFR 570.502 during the Term.

Section 3.7 On-Site Inspection. The City may perform an on-site inspection of the Development at least one (1) time per year. Borrower shall cooperate in such inspection.

ARTICLE 4 OPERATION OF THE DEVELOPMENT

Section 4.1 Residential Use. Borrower shall operate the Development for residential use only. No part of the Development may be operated as transient housing.

Section 4.2 Compliance with Loan Documents and Program Requirements. Borrower's actions with respect to the Property shall at all times be in full conformity with: (i)

all requirements of the Loan Documents; (ii) all requirements imposed on projects assisted with HOME and CDBG Funds, and (iii) any other regulatory requirements imposed on the Development.

Section 4.3 Taxes and Assessments. Borrower shall pay all real and personal property taxes, assessments and charges and all franchise, income, employment, old age benefit, withholding, sales, and other taxes assessed against it, or payable by it, at such times and in such manner as to prevent any penalty from accruing, or any lien or charge from attaching to the Property; provided, however, that Borrower may contest in good faith, any such taxes, assessments, or charges. In the event Borrower exercises its right to contest any tax, assessment, or charge against it, Borrower, on final determination of the proceeding or contest, will immediately pay or discharge any decision or judgment rendered against it, together with all costs, charges and interest.

Section 4.4 Property Tax Exemption. Borrower shall not apply for a property tax exemption for the Property under any provision of law except California Revenue and Taxation Section 214(g) without the prior written consent of the City.

ARTICLE 5 PROPERTY MANAGEMENT AND MAINTENANCE

Section 5.1 Management Responsibilities. Borrower is responsible for all management functions with respect to the Development, including without limitation the selection of Tenants, certification and recertification of household size and income, evictions, collection of rents and deposits, maintenance, landscaping, routine and extraordinary repairs, replacement of capital items, and security. The City has no responsibility for management of the Development. Borrower may retain a professional property management company approved by the City in its reasonable discretion to perform Borrower's management duties hereunder.

Section 5.2 Periodic Performance Review. The City reserves the right to conduct an annual (or more frequently, if deemed necessary by the City) review of the management practices and financial status of the Development. The purpose of each periodic review will be to enable the City to determine if the Development is being operated and managed in accordance with the requirements and standards of this Agreement. Borrower shall cooperate with the City in such reviews.

Section 5.3 Replacement of Management Agent. If, as a result of a periodic review, the City determines in its reasonable judgment that the Development is not being operated and managed in accordance with any of the material requirements and standards of this Agreement, the City shall deliver notice to Borrower of its intention to cause replacement of the Management Agent, including the reasons therefor. Within fifteen (15) days after receipt by Borrower of such written notice, the City staff and Borrower shall meet in good faith to consider methods for improving the financial and operating status of the Development, including, without limitation, replacement of the Management Agent.

If, after such meeting, City staff recommends in writing the replacement of the Management Agent, Borrower shall promptly dismiss the then-current Management Agent, and

shall appoint as the Management Agent a person or entity meeting the standards for a management agent.

Any contract for the operation or management of the Development entered into by Borrower shall provide that the Management Agent may be dismissed and the contract terminated as set forth above. Failure to remove the Management Agent in accordance with the provisions of this Section constitutes a default under this Agreement, and the City may enforce this provision through legal proceedings as specified in Section 6.7 below.

Section 5.4 Approval of Management Policies. Borrower shall submit its written management policies with respect to the Development to the City for its review, and shall amend such policies in any way necessary to ensure that such policies comply with the provisions of this Agreement.

Section 5.5 Property Maintenance. Borrower shall maintain, for the entire Term of this Agreement, all interior and exterior Improvements, including landscaping, on the Property in good condition and repair (and, as to landscaping, in a healthy condition) and in accordance with all applicable laws, rules, ordinances, orders and regulations of all federal, state, City, municipal, and other governmental agencies and bodies having or claiming jurisdiction and all their respective departments, bureaus, and officials, and in accordance with the following maintenance conditions:

The City places prime importance on quality maintenance to protect its investment and to ensure that all City and City-assisted affordable housing projects within the City are not allowed to deteriorate due to below-average maintenance. Normal wear and tear of the Development will be acceptable to the City assuming Borrower agrees to provide all necessary improvements to assure the Development is maintained in good condition. Borrower shall make all repairs and replacements necessary to keep the improvements in good condition and repair.

In the event that Borrower breaches any of the covenants contained in this section and such default continues for a period of seven (7) days after written notice from the City with respect to graffiti, debris, waste material, and general maintenance or thirty (30) days after written notice from the City with respect to landscaping and building improvements, then the City, in addition to whatever other remedy it may have at law or in equity, has the right to enter upon the Property and perform or cause to be performed all such acts and work necessary to cure the default. Pursuant to such right of entry, the City is permitted (but is not required) to enter upon the Property and to perform all acts and work necessary to protect, maintain, and preserve the improvements and landscaped areas on the Property, and to attach a lien on the Property, or to assess the Property, in the amount of the expenditures arising from such acts and work of protection, maintenance, and preservation by the City and/or costs of such cure, which amount shall be promptly paid by Borrower to the City upon demand.

ARTICLE 6 MISCELLANEOUS

Section 6.1 Lease Provisions. In leasing the Units within the Development, Borrower shall use a form of lease approved by the City. The lease must not contain any provision which

is prohibited by 24 C.F.R. Section 92.253(b) and any amendments thereto. The form of lease must comply with all requirements of this Agreement, the other Loan Documents and must, among other matters:

(a) provide for termination of the lease for failure to: (i) provide any information required under this Agreement or reasonably requested by Borrower to establish or recertify the Tenant's qualification, or the qualification of the Tenant's household, for occupancy in the Development in accordance with the standards set forth in this Agreement, or (ii) qualify as a Low-60 Income Household as a result of any material misrepresentation made by such Tenant with respect to the income computation.

(b) be for an initial term of not less than one (1) year, unless by mutual agreement between the Tenant and Borrower, and provide for no increase in Rent during such year. After the initial year of tenancy, the lease may be month-to-month by mutual agreement of Borrower and the Tenant. Notwithstanding the above, any rent increases are subject to the requirements of Section 2.3(a) above.

(c) include a provision which requires a Tenant who is residing in a Unit required to be accessible pursuant to Section 3.11 of the Loan Agreement and who is not in need of an accessible Unit to move to a non-accessible Unit when a non-accessible Unit becomes available and another Tenant or prospective Tenant is in need of an accessible Unit.

Section 6.2 Lease Termination. Any termination of a lease or refusal to renew a lease for a City-Assisted Unit within the Development must be in conformance with 24 C.F.R. 92.253(c), and must be preceded by not less than sixty (60) days written notice to the Tenant by Borrower specifying the grounds for the action.

Section 6.3 Nondiscrimination.

(a) All of the Units must be available for occupancy on a continuous basis to members of the general public who are income eligible. Borrower may not give preference to any particular class or group of persons in renting or selling the Units, except to the extent that the Units are required to be leased to income eligible households pursuant to this Agreement. Borrower herein covenants by and for Borrower, assigns, and all persons claiming under or through Borrower, that there exist no discrimination against or segregation of, any person or group of persons on account of race, color, creed, religion, sex, sexual orientation, marital status, national origin, source of income (e.g., SSI), ancestry, or disability, in the leasing, subleasing, transferring, use, occupancy, tenure, or enjoyment of any unit nor will Borrower or any person claiming under or through Borrower, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use, or occupancy, of tenants, lessees, sublessees, subtenants, or vendees of any unit or in connection with the employment of persons for the construction, operation and management of any unit.

(b) Borrower shall accept as Tenants, on the same basis as all other prospective Tenants, persons who are recipients of federal certificates for rent subsidies pursuant to the existing housing program under Section 8 of the United States Housing Act, or its successor.

Borrower may not apply selection criteria to Section 8 certificate or voucher holders that is more burdensome than criteria applied to all other prospective Tenants, nor will Borrower apply or permit the application of management policies or lease provisions with respect to the Development which have the effect of precluding occupancy of units by such prospective Tenants.

Section 6.4 Term. The provisions of this Agreement apply to the Property for the Term even if the Loan is paid in full prior to the end of the terms. This Agreement binds any successor, heir or assign of Borrower, whether a change in interest occurs voluntarily or involuntarily, by operation of law or otherwise, except as expressly released by City. City is making the Loans on the condition, and in consideration of, this provision, and would not do so otherwise.

Section 6.5 Notice of Expiration of Term.

(a) At least six (6) months prior to the expiration of the Term, Borrower shall provide by first-class mail, postage prepaid, a notice to all Tenants containing (i) the anticipated date of the expiration of the Term, (ii) any anticipated increase in Rent upon the expiration of the Term, (iii) a statement that a copy of such notice will be sent to the City, and (iv) a statement that a public hearing may be held by the City on the issue and that the Tenant will receive notice of the hearing at least fifteen (15) days in advance of any such hearing. Borrower shall also file a copy of the above-described notice with the City's Housing Manager.

(b) In addition to the notice required above, Borrower shall comply with the requirements set forth in California Government Code Sections 65863.10 and 65863.11. Such notice requirements include: (i) a twelve (12) month notice to existing tenants, prospective tenants and Affected Public Agencies (as defined in California Government Code Section 65863.10(a), prior to the expiration of the Term, (ii) a six (6) month notice requirement to existing tenants, prospective tenants and Affected Public Agencies prior to the expiration of the Term; (iii) a notice of an offer to purchase the Development to "qualified entities" (as defined in California Government Code Section 65863.11(d)), if the Development is to be sold within the Term; (iv) a notice of right of first refusal within the one hundred eighty (180) day period that qualified entities may purchase the Development.

Section 6.6 Covenants to Run With the Land. The City and Borrower hereby declare their express intent that the covenants and restrictions set forth in this Agreement run with the land, and bind all successors in title to the Property, provided, however, that on the expiration of the Term of this Agreement said covenants and restrictions expire. Each and every contract, deed or other instrument hereafter executed covering or conveying the Property or any portion thereof, is to be held conclusively to have been executed, delivered and accepted subject to the covenants and restrictions, regardless of whether such covenants or restrictions are set forth in such contract, deed or other instrument, unless the City expressly releases such conveyed portion of the Property from the requirements of this Agreement.

Section 6.7 Enforcement by The City. If Borrower fails to perform any obligation under this Agreement, and fails to cure the default within thirty (30) days after the City has notified Borrower in writing of the default or, if the default cannot be cured within thirty (30)

days, fails to commence to cure within thirty (30) days and thereafter diligently pursue such cure and complete such cure within ninety (90) days, the City may enforce this Agreement by any or all of the following actions, or any other remedy provided by law:

(a) Calling the Loan. The City may declare a default under the Notes, accelerate the indebtedness evidenced by the Note, and proceed with foreclosure under one or both of the Deeds of Trust.

(b) Action to Compel Performance or for Damages. The City may bring an action at law or in equity to compel Borrower's performance of its obligations under this Agreement, and may seek damages.

(c) Remedies Provided Under Loan Documents. The City may exercise any other remedy provided under the Loan Documents.

Section 6.8 Attorneys' Fees and Costs. In any action brought to enforce this Agreement, the prevailing party must be entitled to all costs and expenses of suit, including reasonable attorneys' fees. This section must be interpreted in accordance with California Civil Code Section 1717 and judicial decisions interpreting that statute.

Section 6.9 Recording and Filing. The City and Borrower shall cause this Agreement, and all amendments and supplements to it, to be recorded in the Official Records of the Stanislaus County.

Section 6.10 Governing Law. This Agreement is governed by the laws of the State of California.

Section 6.11 Waiver of Requirements. Any of the requirements of this Agreement may be expressly waived by the City in writing, but no waiver by the City of any requirement of this Agreement extends to or affects any other provision of this Agreement, and may not be deemed to do so.

Section 6.12 Amendments. This Agreement may be amended only by a written instrument executed by all the parties hereto or their successors in title that is duly recorded in the official records of the City of Turlock.

Council Synopsis

From: Roy Wasden, City Manager
Prepared by: Marie Lorenzi, Senior Accountant
Agendized by: Roy W. Wasden, City Manager

1. ACTION RECOMMENDED:

- Resolution: Approving a Loan Agreement for Avena Bella Phase II project costs between the Successor Agency to the Turlock Redevelopment Agency and the City of Turlock
- Resolution: Approving a Loan Agreement for Public Safety Facility's contracts costs between the Successor Agency to the Turlock Redevelopment Agency and the City of Turlock
- Resolution: Approving a Loan Agreement for City advance for ROPS 14-15A Enforceable Obligations between the Successor Agency to the Turlock Redevelopment Agency and the City of Turlock

2. DISCUSSION OF ISSUE:

The Loan Agreements (Agreements) listed above are before the City Council and the Board of Directors for the Successor Agency to the former Turlock Redevelopment Agency for consideration. They are contemplated in accordance with Health and Safety Code Section 34173(h) which permits loans between a city and a successor agency. The following is the text of this code section:

"...The city, county, or city and county that authorized the creation of a redevelopment agency may loan or grant funds to a successor agency for administrative costs, enforceable obligations, or project-related expenses at the city's discretion, but the receipt and use of these funds shall be reflected on the Recognized Obligation Payment Schedule or the administrative budget and therefore are subject to the oversight and approval of the oversight board. An enforceable obligation shall be deemed to be created for the repayment of those loans...."

Background

The Agreements are before the Council and Board due to the revenue allocation process that is part of the redevelopment agency dissolution process. Every six months, the Successor Agency (Agency) prepares a Recognized Obligations Payment Schedule (ROPS) which delineates the outstanding obligations of the Agency. The California Department of Finance (DOF) reviews the ROPS and

provides the Agency with a Determination Letter outlining which obligations DOF approves for funding and which they don't.

The funding source for approved obligations is titled "Redevelopment Property Tax Trust Fund (RPTTF) and essentially represents the tax increment revenue that would have been distributed to redevelopment agencies had dissolution not occurred. The County Auditor-Controller uses the DOF approved ROPS as the basis for distributing the RPTTF to the Agency who then uses the RPTTF to retire the DOF approved obligations.

The majority of the Successor Agency's obligations are bonds that were issued in 1999, 2006 and 2011 to fund projects financed by the former Turlock Redevelopment Agency. Significant projects that have been or will be funded with RPTTF include the Public Safety Facility and both phases of the Avena Bella affordable housing project.

The Successor Agency is currently eligible for approximately \$4.5 million in RPTTF annually to fund enforceable obligations. Debt service on the outstanding bonds requires approximately \$3.2 million annually leaving \$1.3 million available to fund projects of the Successor Agency as well as perform the administrative functions of the Agency including complying with bond covenant requirements. Up until now, the majority of the RPTTF available after bond debt service has been used to fund the Public Safety Facility contracts.

The following provides more detail for each agreement.

Avena Bella/EAH Agreement

The former Turlock Redevelopment Agency entered into two Disposition and Development Agreements (DDA) with EAH, Inc. for the development of an affordable housing project known as Avena Bella in the Linwood Ave/Hwy 99 area. The first phase of the project is complete with 80 units built and occupied. The second phase is in the development stage and EAH, Inc. is currently working on the financing package. The DDA for Phase II provided for up to \$4 million in funding from the former Redevelopment Agency. The Successor Agency has received a "Final and Conclusive" determination letter from DOF regarding the DDA for phase II which means that this agreement has been deemed an enforceable obligation by DOF until its terms are completed. The Agency can continue to list this agreement on the ROPS without concern that DOF will deny it.

At this time, the Successor Agency is contemplating entering into a Loan Agreement with the City to provide financing for Avena Bella development related expenditures at times when there is not RPTTF available to fund expenditures on a current basis. If the agreement is approved by the City and Successor Agency, it will be sent to the Successor Agency's Oversight Board (OB) for consideration. If the OB approves the agreement, it will be forwarded to DOF for their approval. If approved by DOF, the City can then provide advances to finance Avena Bella

expenditures with the assurance that it will be reimbursed through the ROPS process when RPTTF is available.

Public Safety Facility Contracts

This loan agreement is being presented for Council and Agency approval due to inconsistent treatment of these contracts by DOF through the ROPS approval process. DOF had approved the various contracts related to the construction of the Public Safety Facility (PSF) through the ROPS prepared for the January – June 2014 period. DOF denied approval for these contracts on the July – December 2014 ROPS. After much discussion with DOF after the denial and with the assistance of our local legislators, these contracts were put on the January – June 2015 period ROPS where they were again approved. The City Manager had a discussion with an official from DOF this past fall and inquired about how to remedy this inconsistent treatment. This official suggested the agreement before Council as the avenue to obtain remedy.

Advance Related to 14-15A Enforceable Obligations

This loan agreement is the Agency's attempt to remedy the DOF's decisions related to funds used to finance the Public Safety Facility contract payments during the period from July – December 2013. Part of the semi-annual ROPS preparation process is the reconciliation of amounts previously approved with amounts actually expended. During the July – December 2013 reconciliation process, Staff mistakenly included Capital Facility Fee (CFF) funds as the source of payment for PSF contract expenses on the ROPS reconciliation page.

At the time this mistake was brought to Staff's attention by DOF, Staff explained to DOF the source of the CFF funds, the legal restrictions on their use, and the fact that they were not Successor Agency resources. Unfortunately, DOF did not agree that the CFF resources were not available to finance non-PSF Successor Agency obligations and reprogrammed \$517,407 of CFF funds to be used to finance Successor Agency obligations. Since the City cannot legally use CFF Funds for projects that were not part of the nexus study prepared to support the implementation of the CFF fees, Staff has not used CFF revenue as DOF reprogrammed it. The Reimbursement Agreement is designed to remedy the DOF errant reprogramming of CFF funds.

3. BASIS FOR RECOMMENDATION:

All three of these loan agreements must be approved by the parties to the agreement – in this case the City and the Successor Agency – before they can be submitted to the Oversight Board for the Successor Agency. If the Oversight Board approves the agreements, they will be forwarded to DOF for their consideration. If DOF approves the agreements, they can be implemented by the Successor Agency and included on a future ROPS for RPTTF funding.

4. FISCAL IMPACT / BUDGET AMENDMENT:

The current fiscal impacts lie with the Public Safety Facility Agreement and the Advance Related to 14-15A Enforceable Obligations Agreement. The City has expended \$432,049 in CFF monies for the PSF contract payments from July – December 2014 that would have been RPTTF funded if DOF had consistently approved these contracts. With regard to the “Advance” Agreement, the City has expended \$127,044 to make the annual payment for the Economic Land Bank Loan the Agency has with the County. Only \$9,638 of this amount was funded with RPTTF. The City felt it was prudent to mitigate its exposure from non-payment of a debt by making this payment in a timely manner.

Pursuant to HSC Section 34177(l), the Successor Agency is required to prepare a Recognized Obligation Payment Schedule (a “ROPS”), listing the enforceable obligations and the payments to be made by the Successor Agency for each six month fiscal period (a “ROPS Period”), and submit such ROPS to the Oversight Board and the California State Department of Finance (“DOF”) for approval.

F. The Successor Agency has listed the estimated payment obligations for the Avena Bella II DDA on each of the Successor Agency’s ROPS.

G. On September 25, 2014, the Oversight Board adopted Resolution No. OB-2014-003 approving the Successor Agency’s ROPS (“ROPS 14-15B”) for the ROPS Period commencing January 1, 2015.

H. As indicated in the DOF’s letter dated November 10, 2014, the DOF approved ROPS 14-15B with modifications.

I. For ROPS 14-15B, the DOF approved payments totaling \$7,447,690 for the Successor Agency's enforceable obligations and administrative costs allowance to be made from the January 2015 disbursement (the "14-15B RPTTF Disbursement") by the Stanislaus County Auditor-Controller (the "County Auditor-Controller") of moneys in the Successor Agency's Redevelopment Property Tax Trust Fund (the "RPTTF").

J. The \$7,447,690 of approved payments include \$3,500,000 for the Avena Bella II DDA listed on ROPS 14-15B as Item No. 40.

K. In light of the insufficiency of moneys collected and deposited in the RPTTF, the County Auditor-Controller disbursed only \$2,988,488.78 to the Successor Agency for the 14-15B RPTTF Disbursement.

L. HSC Section 34173(h) authorizes the City to loan funds to the Successor Agency for any enforceable obligation and provides that an enforceable obligation shall be deemed to be created for the repayment of such loan.

M. In order to facilitate the timely satisfaction of the Successor Agency's payment obligations under the Avena Bella II DDA, the City is willing to advance moneys from the City's available funds with the understanding that such advances shall collectively constitute a loan to the Successor Agency (the "Loan") under HSC 34173(h) and that the Successor Agency shall repay the Loan pursuant to the terms of this Agreement.

N. The Successor Agency desires to enter into the Agreement to confirm its acceptance of the Loan and provide for the repayment to the City for the Loan.

O. Pursuant to HSC Sections 34178(a) and 34180(h), the Successor Agency may enter into agreements with the City with the Oversight Board's approval.

P. The Oversight Board adopted its Resolution No. _____ on _____, 2015 (the "Oversight Board Resolution"), approving the Successor Agency's execution and delivery of this Agreement.

Q. The Oversight Board Resolution was [approved] [deemed approved] by the DOF pursuant to HSC Section 34179(h) on _____, 2015.

NOW, THEREFORE, THE PARTIES DO HEREBY AGREE AS FOLLOWS:

Section 1. The City shall advance moneys, from the City's available funds, for the DDA Payment Obligations. The total dollar amount of the advances to be made by the City for such purpose shall constitute the Loan under this Agreement; provided, that the Loan shall not exceed \$3,500,000 (*i.e.*, the amount approved by the DOF for the Avena Bella II DDA on ROPS 14-15B). The Successor Agency hereby confirms its acceptance of the Loan and agrees to repay the City in accordance with the terms of this Agreement. The Parties agree and acknowledge that the Loan constitutes a loan under HSC Section 34173(h) and the repayment of the Loan pursuant to this Agreement constitutes an enforceable obligation of the Successor Agency.

Section 2. The Successor Agency shall repay the Loan as quickly as possible, and to that end, the Successor Agency shall do the following:

(a) The Successor Agency shall repay the City for advances made during the ROPS 14-15B Period for the Avena Bella II DDA from moneys received from the ROPS 14-15B RPTTF Disbursement, to the extent such moneys are available after taking into consideration payments for the Successor Agency's other enforceable obligations during the ROPS 14-15B Period.

(b) So long as any balance of the Loan remains outstanding and unpaid, the Successor Agency shall include the repayment of such outstanding balance on the Successor Agency's successive ROPS. The Successor Agency shall repay the City from moneys available to the Successor Agency, including but not limited to RPTTF disbursements, based on such future ROPS.

Section 3. The City shall maintain records of all of the advances made by the City for the Avena Bella II DDA and all of the receipts of repayments made by the Successor Agency pursuant to this Agreement. Such records shall be available for inspection by the Successor Agency at all reasonable times.

Section 4. The Parties agree to take all appropriate steps and execute any documents which may reasonably be necessary or convenient to implement the intent of this Agreement.

Section 5. This Agreement may be amended at any time, and from time to time, by an agreement executed by both parties to this Agreement in writing.

Section 6. If any provision of this Agreement or application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this Agreement which can be given effect without the invalid provision or application, and to this end the provisions of this Agreement are severable.

Section 7. No official, agent, or employee of the Successor Agency or the City, or members of the City Council, or members of the Successor Agency Board of Directors or Oversight Board shall be individually or personally liable for any payment hereunder in the event of any default or breach by the Parties, or for any amount which may otherwise become due under the terms of this Agreement.

Section 8. This Agreement is made in the State of California under the Constitution and laws of the State of California, and is to be so construed.

IN WITNESS WHEREOF, the Parties have caused this Agreement to be executed by their duly authorized officers.

**LOAN AGREEMENT FOR
CITY ADVANCE FOR ROPS 14-15A ENFORCEABLE OBLIGATIONS**

This LOAN AGREEMENT FOR CITY ADVANCE FOR ROPS 14-15A ENFORCEABLE OBLIGATIONS (this "Agreement"), dated as of _____, 2015, is entered into by and between the City of Turlock (the "City"), and the Successor Agency to the Turlock Redevelopment Agency (the "Successor Agency," and together with the City, the "Parties").

RECITALS:

A. Pursuant to AB X1 26 (enacted in June 2011), and the California Supreme Court's decision in *California Redevelopment Association, et al. v. Ana Matosantos, et al.*, 53 Cal.4th 231(2011), the Turlock Redevelopment Agency (the "Former Agency") was dissolved as of February 1, 2012, the Successor Agency was constituted, and the Oversight Board to the Successor Agency (the "Oversight Board") was established.

B. Pursuant to Section 34177(l) of the California Health and Safety Code ("HSC"), the Successor Agency is required to prepare a Recognized Obligation Payment Schedule (a "ROPS"), listing the enforceable obligations and the payments to be made by the Successor Agency for each six month fiscal period (a "ROPS Period"), and submit such ROPS to the Oversight Board and the California State Department of Finance ("DOF") for approval.

C. The DOF has required that, in conjunction with the preparation of each ROPS, the Successor Agency must also prepare and submit a Report of Prior Period Adjustments (the "Prior Period Report"), which shows, among other things, the dollar amount authorized by the DOF to be paid for each item listed on the relevant prior ROPS, and the actual dollar amount expended for each such ROPS item.

D. In conjunction with the preparation of the ROPS for the period commencing July 1, 2014 (the "ROPS 14-15A Period"), the Successor Agency prepared a Prior Period Report (the "ROPS 13-14A Prior Period Report") for the ROPS ("ROPS 13-14A") for the period commencing July 1, 2013 (the "ROPS 13-14A Period").

E. ROPS 13-14A included items for payment of contracts relating to a project for the construction of a combined police department and fire administration facility (the "Public Safety Facility Project").

F. During the ROPS 13-14A Period, in addition to moneys available to the Successor Agency, the City also provided moneys derived from capital facilities fees that were collected by the City and allocated specifically for the Public Facility Project (the "Capital Facilities Fees").

G. Moneys derived from the Capital Facilities Fees must be used by the City for designated purposes and they are not funds of the Successor Agency.

H. On the ROPS 13-14A Prior Period Report, the Successor Agency inadvertently included in the reporting for the dollars spent for the ROPS 13-14A items relating to the Public

Safety Facility Project moneys paid by the City from the Capital Facilities Fees for the Public Safety Facility Project, *in addition to* Successor Agency moneys used for those items.

I. Because of the above-described inadvertence, the ROPS 13-14A Prior Period Report erroneously appeared as if more Successor Agency moneys were spent on the Public Safety Facility Project items than were previously approved by the DOF.

J. Furthermore, because of the above-described inadvertence, the DOF erroneously deducted \$517,407 (the "DOF Deduction") from the amount otherwise approved to be disbursed to Successor Agency from the Redevelopment Property Tax Trust Fund (the "RPTTF") for the ROPS 14-15A Period, and thereby created a shortfall with respect to the Successor Agency's ability to pay its ROPS 14-15A Period obligations in the absence of an advance by the City.

K. To enable the Successor Agency make timely payments towards enforceable obligations during the ROPS 14-15A Period, the City made an advance to the Successor Agency in the amount of the DOF Deduction, *i.e.*, \$517,407.

L. HSC Section 34173(h) authorizes the City to loan funds to the Successor Agency for any enforceable obligation and provides that an enforceable obligation shall be deemed to be created for the repayment of such loan.

M. The Oversight Board reviewed the information presented by the Successor Agency and, based on such review, adopted Resolution No. _____ on _____, 2015 (the "Oversight Board Resolution"), determining that: (i) the inclusion in the ROPS 13-14A Prior Period Report of the Capital Facilities Fees used for the Public Safety Facility Project was an error, (ii) the DOF Deduction, in the amount of \$517,407, was the result of such error, and (iii) the resulting advance by the City in the amount of the DOF Deduction constitutes a loan to the Successor Agency (the "Loan") under HSC 34173(h).

N. The Successor Agency desires to enter into the Agreement to provide for the repayment to the City for the Loan.

O. The Oversight Board, by the adoption of the Oversight Board Resolution, approved the Successor Agency's execution and delivery of this Agreement.

P. The Oversight Board Resolution was [approved] [deemed approved] by the DOF pursuant to HSC Section 34179(h) on _____, 2015.

NOW, THEREFORE, THE PARTIES DO HEREBY AGREE AS FOLLOWS:

Section 1. The Successor Agency acknowledges and confirms that it has received the Loan, in the amount of \$517,407 from the City and agrees to repay the City in accordance with the terms of this Agreement. The Parties agree and further acknowledge that the Loan constitutes a loan under HSC Section 34173(h) and the repayment of the Loan pursuant to this Agreement constitutes an enforceable obligation of the Successor Agency.

Section 2. The Successor Agency shall repay the Loan as quickly as possible, and to that end, the Successor Agency shall include the repayment of such outstanding balance on the

Successor Agency's successive ROPS, so long as any portion of the Loan remains unpaid and outstanding. The Successor Agency shall repay the City from moneys available to the Successor Agency, including but not limited to RPTTF disbursements, based on such future ROPS.

Section 3. The Parties agree to take all appropriate steps and execute any documents which may reasonably be necessary or convenient to implement the intent of this Agreement.

Section 4. This Agreement may be amended at any time, and from time to time, by an agreement executed by both parties to this Agreement in writing.

Section 5. If any provision of this Agreement or application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this Agreement which can be given effect without the invalid provision or application, and to this end the provisions of this Agreement are severable.

Section 6. No official, agent, or employee of the Successor Agency or the City, or members of the City Council, or members of the Successor Agency Board of Directors or Oversight Board shall be individually or personally liable for any payment hereunder in the event of any default or breach by the Parties, or for any amount which may otherwise become due under the terms of this Agreement.

Section 7. This Agreement is made in the State of California under the Constitution and laws of the State of California, and is to be so construed.
