TURLOCK, CA 95380-5454**

**SURFACE WATER DISTRIBUTION SYSTEM IMPROVEMENTS PROJECT
CITY PROJECT NO. 18-69**

ADVERTISEMENT FOR BIDS

Sealed Bids for the construction of the Surface Water Distribution System Improvements Project will be received by City of Turlock, at the office of the City Engineer, Engineering Division, 156 South Broadway, Suite 150, Turlock, CA 95380-5454, until 2:00 pm sharp local time on July 15, 2021, at which time the Bids received will publicly opened and read. The Project consists of constructing an approximately 2.3 million gallon concrete tank, 12 million gallon per day pump station and building, detention basin and storm water pump station, 12,000 linear feet of 16-inch to 54-inch diameter potable water pipeline and appurtenances, 2,500 linear feet of 15-inch storm drain pipeline and manholes, three pressure reducing valve vaults, pavement improvements, associated grading, structural mechanical, electrical, and instrumentation equipment, and all work necessary to provide a complete and operational facility.

The City of Turlock is pre-purchasing the pumps, motors, and variable frequency drives for the Surface Water Distribution System Improvements Project. Refer to Section 01640 and Appendix I for requirements.

BIDDING DOCUMENTS

The Issuing Office for the Bidding Documents is: City of Turlock, Development Services Department/Engineering Division, 156 South Broadway, Suite 150, Turlock, CA 95380-5454. The Bidding Documents in PDF format may be downloaded at no cost from the City of Turlock's website (www.cityofturlock.org/capitalprojects). Charges for hard copy documents obtained will be made on the following basis: Checks to be made payable to the City of Turlock. Charges are not refundable.

| Document Description | Non-Refundable Charges |
|--|--|
| Complete set of Contract Documents consisting of Volumes 1 through 4 which includes full-size drawings (22-inch by 34-inch) and specifications. | \$ 420 |
| Complete set of Contract Documents consisting of Volumes 1 through 4 which includes reduced-size drawings (11-inch by 17-inch) and specifications. | \$ 116 |
| Geotechnical Reports (PDF only) | No cost. See Section 00800-SC-5.03 for |

Bidding Documents may also be examined at the following locations:

A full set of Bidding Documents is available for examination at the office of the City Engineer of the City of Turlock, Development Services Department/Engineering Division 156 South Broadway, Suite 150, Turlock, CA 95380-5454, and can be viewed at Carollo Engineers, 2795 Mitchell Drive, Walnut Creek, CA 94598.

List of plan holders can be viewed on the Internet at <https://www.cityofturlock.org/capitalprojects/projectsouttobid/>. Click on "View Planholders List."

For procedural questions contact:

Stephen Fremming
City of Turlock, Development Services, Engineering Division
(209) 668-5599 ext. 5417
sfremming@turlock.ca.us

Submit all technical questions during the bid period in writing (via email only) to both the primary and secondary contacts listed below:

Darren G. Baune, P.E. (primary contact)
Carollo Engineers, Inc. – Walnut Creek, California Office
925-932-1710
DBaune@carollo.com

Jonathon P. Marshall, P.E. (secondary contact)
Carollo Engineers, Inc. – Walnut Creek, California Office
(925) 932-1710
JPMarshall@carollo.com

MANDATORY PRE-BID CONFERENCE

A pre-bid conference will be held at 10:00 a.m., local time on Wednesday June 16, 2021 through a video conference and a second pre-bid conference will be held at 10:00 a.m., local time on Monday June 28, 2021 through a video conference^{AD1}. The pre-bid conference is mandatory and a bidder who fails to attend a pre-bid conference may be disqualified from bidding. Bidders only need to attend one pre-bid conference.^{AD1} To obtain video conference login information email all of the following contacts at least 24 hours prior to the pre-bid meeting date and time: Jonathon Marshall jpmarshall@carollo.com, Darren Baune dbaune@carollo.com, and Andrew Coulter acoulter@carollo.com to request the login information. Requests will be responded to confirming they have been received. If you do not receive a response, call Andrew Coulter at 925-932-1710. Requests received less than 24 hours prior to the pre-bid meeting date and time may not receive a response.

BID SECURITY

Bid security shall be furnished in accordance with Document 00200 - Instructions to Bidders.

CONTRACTOR REGISTRATION

Contractor must provide proof of registration with the California Department of Industrial Relations (DIR) in the form of a PDF extract from DIR Public Works Registration website.

Pursuant to California SB854, Contractor and subcontractor must submit certified payroll records (CPRs) to the Labor Commissioner.

Project is subject to compliance monitoring and enforcement by the DIR.

PREVAILING WAGE RATES

Pursuant to Section 1770 et. seq., California Labor Code, the successful Bidder shall pay not less than the prevailing rate of per diem wages as determined by the Director of California Department of Industrial Relations. A copy of such prevailing rate is on file at the Owner's offices and will be made available for examination during business hours to any party on request. The project is subject to compliance monitoring and enforcement by the California Department of Industrial Relations.

SITE VISITS TO AREAS NOT PUBLICALLY ACCESSIBLE

Bidders shall contact Stephen Fremming at sfremming@turlock.ca.us to obtain access to the Pressure Reducing Station Site on Sebastian Drive. Bidders may walk the Terminal Tank and Pump Station Site without notification.^{AD1}

DOCUMENT 00451

CONSTRUCTION CONTRACTOR'S REQUIRED QUALIFICATIONS AND STATEMENT

~~The Bidder is required to provide 3 or more reference projects demonstrating the Bidder and/or proposed subcontractor has met following minimum qualifications:~~

The Bidder is required to provide 3 or more reference projects. Bidder shall demonstrate the Bidder and/or proposed subcontractor has met following minimum qualifications:^{AD1}

1. Constructed at least one concrete tank greater than or equal to 1,500,000 gallons in the last ~~5 years~~ 10 years^{AD1}.
2. ~~Constructed at least one potable water pump station with a design flow rate of 7 million gallons per day in the last 5 years. Constructed at least one pump station with a design flow rate of 4 million gallons per day in the last 10 years.~~^{AD1}
3. ~~Constructed at least 1 mile of potable water pressure pipeline 24-inches or larger in diameter in the last 5 years. Constructed at least 1 mile of pipeline 24-inches or larger in diameter in the last 10 years.~~^{AD1}
4. Constructed at least one similar project with a total construction cost of ~~\$25,000,000~~ \$10,000,000^{AD1} or more in the last 10 years or performed as a sub-contractor with a sub-contract cost of at least ~~\$25,000,000~~ \$10,000,000^{AD1}.

Reference projects must be at least substantially complete at the time of bid opening. Reference projects listed shall be of similar scope and type as this Bid.

If bidder is a joint venture, a project from one of the joint venture firms may be used as a reference.

Multiple projects may not be combined to meet the minimum requirements.^{AD1}

The Bidder is required to provide the following information. Additional sheets may be attached if necessary.

Contractor's mailing address: _____

Contractor's telephone number: _____

Number of years of experience as a Contractor in construction work or installation work similar to that required in these specifications: _____

Name of person who inspected the site of the proposed work for your firm: _____

Date of Inspection: _____

Reference Projects:

Reference Project 1: Constructed at least one concrete tank greater than or equal to 1,500,000 gallons in the last ~~5 years~~ 10 years^{AD1}.

Project No. and Title: _____
Class and Type of Work: _____
Owner Name and Contact: _____
Owner Address: _____
Owner Phone Number: _____
Volume of Concrete Tank (gal): _____
Name of Prime Contractor if you were Sub: _____
Date Completed (or Substantially Complete): _____
Liquidated Damages Assessed: _____

Reference Project 2: ~~Constructed at least one potable water pump station with a design flow rate of 7 million gallons per day in the last 5 years.~~ Constructed at least one pump station with a design flow rate of 4 million gallons per day in the last 10 years.^{AD1}

Project No. and Title: _____
Class and Type of Work: _____
Owner Name and Contact: _____
Owner Address: _____
Owner Phone Number: _____
Flow rate of potable water pump station (mgd): _____
Name of Prime Contractor if you were Sub: _____
Date Completed (or Substantially Complete): _____
Liquidated Damages Assessed: _____

Reference Project 3: ~~Constructed at least 1 mile of potable water pressure pipeline 24 inches or larger in diameter in the last 5 years.~~ Constructed at least 1 mile of pipeline 24-inches or larger in diameter in the last 10 years.^{AD1}

Project No. and Title: _____
Class and Type of Work: _____
Owner Name and Contact: _____
Owner Address: _____
Owner Phone Number: _____
Length and Size of 24-inch or Larger Potable Pressure Pipe: _____
Name of Prime Contractor if you were Sub: _____
Date Completed (or Substantially Complete): _____
Liquidated Damages Assessed: _____

Reference Project 4: Constructed at least one similar project with a total construction cost of ~~\$25,000,000~~ \$10,000,000^{AD1} or more in the last 10 years or performed as a sub-contractor with a sub-contract cost of at least ~~\$25,000,000~~ \$10,000,000^{AD1}.

Project No. and Title: _____
Class and Type of Work: _____
Owner Name and Contact: _____
Owner Address: _____
Owner Phone Number: _____
Project Construction Cost: _____
Contract Cost You Performed (if a Subcontractor): _____
Name of Prime Contractor if you were Sub: _____
Date Completed (or Substantially Complete): _____
Liquidated Damages Assessed: _____
