SUPERVISOR COMMENTS

Dayshift started out a bit slow and picked up rather quickly. At the time of this log there are nine holding calls without officers to send. We handled three theft related calls where no viable suspect information was provided and handled a couple of damaged property calls. We made an arrest on a DWI driver after he was called in by a Samaritan who followed him off of Highway 99 into Turlock. Call of the day: We located a stolen vehicle parked on Fosberg Rd. and contacted Stancatt (Stanislaus County Auto Theft Task Force) to see if they wanted to take over surveillance. They respond and took it over. They called off with the vehicle moving and the occupants had parked it at SaveMart on Geer Rd. Officers set up in the area and the occupants drove it across the street to McDonald's. We converge on the business and Stancatt apprehends the male suspect. The female passenger is also apprehended. Stancatt handled the investigation and we transported both subjects to jail for auto theft.
