**SUPERVISOR COMMENTS /
MISC. INFO:**

It was a fairly busy shift for graveyard officers. An officer made a traffic stop and found the driver to be on probation. During a search of the vehicle a significant amount of meth was found along with ammunition. The male was a convicted felon and had priors for drug possession. He was arrested and booked into jail for numerous charges. Officers also responded to a motel room to investigate an alleged rape. The victim had been on a drinking binge for a few days and investigation revealed numerous holes in the victim's story, and no evidence to support anything happened. The suspect was also contacted and was cooperative. His story along with the reporting party provided more reason to believe the allegations were false. Additionally, the victim was not cooperative with officers and did not want the suspect arrested, she just wanted a ride home. Officers tried to provide her with a ride home, however, due to her level of intoxication she had to be placed under arrest for public intoxication after she became belligerent and refused to get out of the patrol car once they arrived at her home. Follow-up with the female will be done at a later time when she is not intoxicated. Officers also responded to a car jacking that just occurred. The suspect assaulted the victim and took the vehicle from her. The suspect was located later in the investigation and the vehicle was recovered in Modesto. The suspect was arrested and booked into jail.
