SUPERVISOR COMMENTS

Tonight was another cold one. After briefing, officers assisted swingshift in responding and handling calls for service. During this shift, officers made a traffic stop on a vehicle that did not have a rear license plate. The driver was contacted and it was discovered that he did not have a valid license. After checking the VIN number, officers were notified that the truck had been stolen from Merced County. The driver told officers that he recently purchased the truck for \$2000 (the listed price on the truck being \$20,000). He said that he thought it might be stolen, since he was paying an extremely low price for the truck. He could only give a first name of the subject he purchased the truck from, and had no way of contacting him. The driver was arrested and taken to jail.
